SIMRAD

Go With Confidence

JUST GO.

Chart your course with the Simrad GO9 XSE, and go safer with Broadband Radar™, and SiriusXM® satellite weather integration.

Take control with a super-bright 9-inch touchscreen, and discover the ultimate all-in-one system for fishing, cruising and water sports. Leverage CHIRP-enabled Broadband Sounder™ sonar and StructureScan® HD imaging with the TotalScan™ transducer, and expand your view with support for Simrad radar solutions.

NEW GO9 XSE

- StructureScan™ HD imaging
- SiriusXM® Weather compatible
- CHIRP fish-finding sonar
- Built-in GoFree™ Wi-Fi
- Radar compatible
- NMEA 2000® Engine Interface

SALES POLICY

Mercer's Marine products may be purchased from any of our Authorized Dealers throughout Canada (Certain product exceptions may apply). For the name of the Dealer nearest you, please contact us. You can also order directly from this catalogue or our website at www.mercersmarine.com

PRICING

We publish our catalogue every 2 years, therefore price changes are bound to occur. ***Prices on our website are always current.*** While we hope to maintain our catalogue prices until the end of 2017, however, they are subject to change without notice, due to unforeseen changes in costs or inadvertent typographical errors in catalogue production. **Prices do not include shipping charges or applicable taxes.** All prices in this catalogue are in Canadian dollars.

SHIPPING

We ship by courier, transport truck, post and coastal boat. We have negotiated special rates with many carriers which we will pass on to our customers. Please note, maximum weight shippable by post is 30kg and maximum length is 2 meters. Also, all liquids, paints, pressurized containers and flares cannot be shipped by post and some carriers may charge a Dangerous Goods Fee for these products.

PRODUCT SPECIFICATIONS

As manufacturers reserve the right to make changes to their product without notice, we cannot be liable for the accuracy of product information. To the best of our ability, the information provided in this catalogue is believed to be accurate. We, however, wish to emphasize that for total accuracy on information, manufacturer's literature can be provided by request or by visiting the manufacturer's website.

TERMS & PRIVACY

We accept cash, Visa, Mastercard, & in-store Debit Card (Interac), Please be sure to have credit card number as well as expiry date when ordering. Products will not be shipped until credit card authorization has been obtained. Your privacy is important to us! We want you to know that we hold your financial and other personal information in strict confidence. We do not sell, share or trade our customers' personal information to marketing companies or information brokers.

RETURNS, EXCHANGES & WARRANTY

1. Returned goods must include invoice number and date of purchase.
2. **Goods must be returned, prepaid, within 30 days of purchase and must be in original condition and undamaged packaging.**
3. Warranties will be as stated by manufacturer unless otherwise stated by Mercer's Marine.
4. We can not accept returns on special order items, cut hose or cut chain.

HOURS OF OPERATION

Monday - Thursday ..... 8:30 - 5:30

Friday ..... 8:30 - 9:00

Saturday ..... 8:30 - 5:00

THE MERCER'S TEAM

The management and staff of Mercer's wish to thank-you for your past business and support. We hope you enjoy browsing our catalogue, we are sure that you will agree, Mercer's is more than just marine. In addition to our catalogue, our customers can shop, 24 hours a day, at our website: www.mercersmarine.com where there is also a large selection of clothing and footwear available from the top brand names. From all of us at Mercer's – we look forward to serving you in the years ahead.

Open 24 Hours A Day Online

At Mercer's , we publish a catalogue once every two years. Prices are subject to change without notice. Our entire catalogue will be repriced at the beginning of 2018. We will do our best to maintain published prices from 2017. You will always find the correct price by visiting our website at www.mercersmarine.com

We offer a large selection of clothing and footwear from some of the industries top name brands, available to our customers on our website 24 hours a day, 365 days a year. These products are seasonal and change frequently, therefore we are unable to feature them in our catalogue. The site is continually being updated with new products on a weekly basis. Our website has "Point of Sale Integration" and "Live Inventory", which means; our online pricing will always reflect our current pricing and all items will show "In Stock" or "Out of Stock". If you have any questions or concerns about ordering from our website please contact our Website Manager for assistance.

COMMERCIAL FISHING GEAR

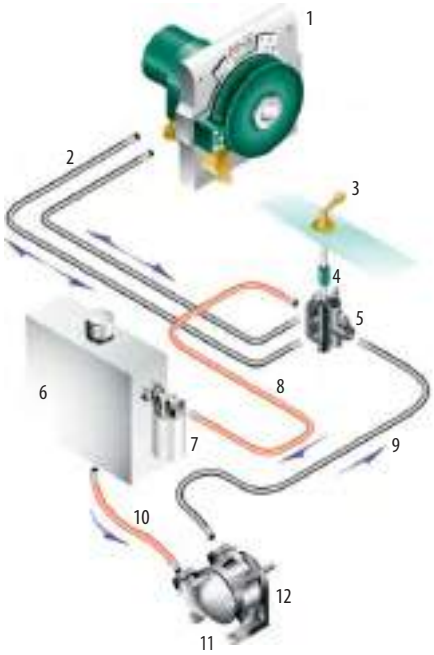

MERCER'S

TYPICAL HYDRAULIC INSTALLATION

A typical installation employs the simplest of hydraulic circuits. Minimizing the number and complexity of the components increases the system's reliability and durability, keeps costs to a minimum, and makes them easier to install and operate. Power to drive the hydraulic pump most often comes from the vessel's engine through a belt or direct system (with or without an electric clutch), but can also be provided by an auxiliary engine or, as in the case of an outboard engine powered or unpowered vessel, a portable hydraulic power unit that combines an engine, hydraulic pump, tank and filter in a single, compact unit.

1. Head Assembly
2. Work Lines - high pressure
3. Control Handle
4. Control Handle Connector
5 Control Valve
6. Hydraulic Fluid Tank
7. In-Line Filter
8. Return Line - low pressure
9. Pump Discharge line - high pressure
10. Pump Suction line - low pressure
11. Hydraulic Pump
12. Pump Mount Bracket

10" 90⁰ HEAD ASSEMBLY

Maximum line pull 390lbs., maximum line speed 1060 fpm. Complete with 6 cu. in. displacement motor, cast iron aluminum mounting plate, cast bronze hub, painted steel discs, cast iron splitter, cast bronze rope deflector, and cast aluminum hub cover. Hydraulic motor fittings included. Shipping weight - 32 lbs.

44-452K .....Char-Lynn 101-1003.....**1120.00**

12" 90⁰ HEAD ASSEMBLY

Maximum line pull 900lbs., maximum line speed 320 fpm. High torque model, used for hauling crab pots in deeper waters. Complete with cast aluminum mounting plate. This model has a 23 cu.in. displacement motor, cast bronze hub, painted steel discs, and a cast iron splitter. Hydraulic motor fittings included.

44-926K .....Char-Lynn 101-1008.....**1402.00**

Maximum line pull 585 lbs., maximum line speed 630 fpm. As above except with 12 cu.in. displacement motor. Shipping weight - 43 lbs.

44-453K .....Char-Lynn 101-1005.....**1325.00**

14" 90⁰ HEAD ASSEMBLY

Maximum line pull 1500lbs., maximum line speed 390 fpm. Complete with 30 cu.in. displacement motor, cast aluminum mounting plate, stainless steel hub, painted steel discs, cast iron splitter, cast bronze rope deflector, and stainless steel hub cover. Hydraulic motor fittings included. Shipping weight - 76 lbs.

44-455K .....Char-Lynn 104-1434.....**2280.00**

10" HANGING HEAD ASSEMBLY

Maximum line pull 390 lb.

Maximum line speed 1060 fpm. Complete with cast aluminum mounting plate with swivel eye. 6 cu.in. displacement motor, cast bronze hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 43 lbs.

44-520K .....Char-Lynn 101-1003.....**1235.00**

12" HANGING HEAD ASSEMBLY

Maximum line pull 950 lb.

Maximum line speed 315 fpm. High torque model designed especially for crab fishing and other applications where heavy line pull is needed. Complete with cast aluminum mounting plate with swivel eye, 23 cu.in. heavy duty displacement motor, cast bronze hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 51 lbs.

44-470K .....Char-Lynn 103-1008.....**1607.00**

Maximum line pull 900 lbs.

Maximum line speed 320 fpm. Same as above except with 23 cu.in. displacement motor. Shipping weight - 48 lbs.

44-469K .....Char-Lynn 101-1008.....**1462.00**

Maximum line pull 585 lb.

Maximum line speed 630 fpm. Same as above except with 11 cu. in. displacement motor. Shipping weight - 44 lbs.

44-445K .....Char-Lynn 101-1005.....**1385.00**

14" HANGING HEAD ASSEMBLY

Maximum line pull 1500 lb.
Maximum line speed 390 fpm. Still the mainstay of the inshore crab fishery. Has stainless steel hub to withstand the strongest pulls. Complete with cast aluminum mounting plate with swivel eye. 30 cu. in. displacement motor, stainless steel hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 103 lbs.

44-567K.....Parker TFO-475 .....**2710.00**
44-446K .....Char-Lynn 104-1434.....**2620.00**
44-447K.....White 500-470-A31 .....**2135.00**

FAIRLEAD ROLLERS

Solid machined aluminum rollers with bronze bushings and stainless steel shafts.

44-449K .....3"dia. -10" & 12" old style **76.00**
44-950K.....3"dia - 12" new style **94.00**
44-450K.....4"dia - 14" heads **109.00**
44-036K.....5" dia - 15" heads **170.00**
44-451K.....5"dia - 17" heads **178.00**

Hydraulic Control Valves
See Page 14

15" HANGING HEAD ASSEMBLY

Extra heavy duty cast iron discs. Cast bronze hub and machined grease passage. Hub and motor shaft are protected by a stainless steel hub cover with grease fitting and neoprene gasket. Also accepts any of the motors currently offered on our 14" haulers. Shipping weight 182 lbs.

Maximum line pull 2525 lbs.
Maximum line speed 427 fpm. 28.3 cu. in.

44-1501K.....White 600-470 .....**3995.00**

REINFORCING DISC

A steel disc used on the outside of the plates on a 14" crab hauler. Strengthens plates and prevents cracking of plates around the bolt holes.

44-549K.....14" only.....**129.00** ea.

17" HANGING HEAD ASSEMBLY

Maximum line pull 2500 lb.
Maximum line speed 480 fpm. The ultimate when nothing less will do. Handles the deepest and heaviest hauls with ease. Complete with cast aluminum mounting plate with swivel eye. 60 cu. in. displacement motor, cast bronze hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 230 lbs.

44-448K .....Char-Lynn 112-1069.....**6150.00**

Maximum line pull 2150 lbs.
Maximum line speed 965 fpm. Designed especially for offshore crab pot hauling. As above except with 30 cu. in. displacement motor. Shipping weight - 220 lbs.

44-924K .....Char-Lynn 112-1068.....**5825.00**

DISC LINERS

The perfect item to protect your hauler head investment. Simply install a pair of these between your hauler discs and replace these liners as they wear, not your hauler discs. Made from 1/16" thick steel and galvanized for corrosion resistance, inside surfaces of liners are scored to avoid line slippage.

44-743K.....12" Liners **26.95/pr**
44-744K.....14" Liners **35.95/pr**

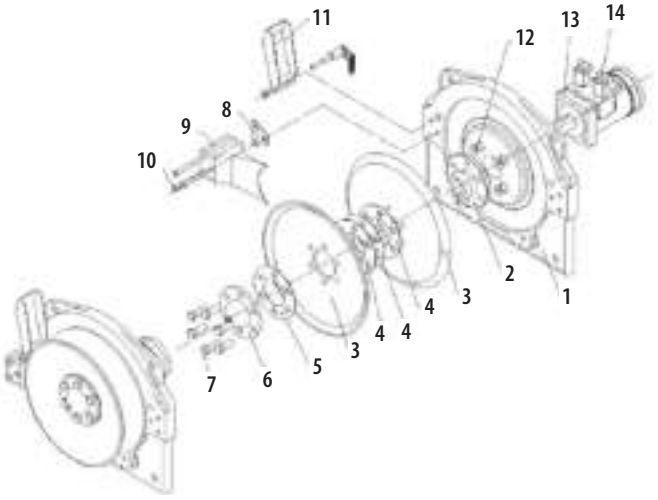

Hauler Head Assembly Replacement Parts

Please use the chart above to select the correct part for your hauler head assembly. This diagram is intended as a guide only. Multiple items are available in various different materials. Make sure you choose the correct part number you need for the material you require. The quantities required for some parts such as shims and bolts vary for different head assemblies.

1.) Backing Plate
2.) Hub
3.) Disc Set
4.) Disc Shims
5.) Hub Cover Gasket
6.) Hub Cover
7.) Disc Bolts
8.) Splitter Shim
9.) Splitter
10.) Splitter Bolts
11.) Rope Deflector Assembly
12.) Motor Mount Bolts
13.) Hydraulic Motor
14.) Motor Fittings

GALTECH CONTROL VALVE (Q-35 SERIES)

This 3 position valve has a maximum flow rate of 12 gpm and a maximum pressure rating of 3000psi. Great for smaller hydraulic system needs. The main line has a #8 ORB in port with a #8 ORB out. The work lines are #8 ORB. Valve comes complete with handle.

44-1518K.....3 Position Detent **275.00**
44-1519K.....3 Position Spring Centre **229.00**

GALTECH CONTROL VALVE (Q-75 SERIES)

This marine grade valve has a maximun flow rate of 22 gpm, with a maximum pressure rating of 3625 psi. The main line uses a #10 ORB in, and a #12 ORB out port size, along with #10 ORB work ports. Valve is available in 3 position detent, 3 position spring center, or 3 position spring center motor spool depending on your application. All models are supplied with handle.

44-1520K.....3 position detent **357.00**
44-1521K.....3 position spring.....**299.00**
44-1522K.....3 position spring motor spool.....**299.00**
44-1533K.....Detent kit **68.00**

FLOW CONTROL VALVE

Maximum flow rate 30 GPM. Maximum pressure 3000 psi. Output flow adjustable from 1 - 100%. Bypass flow can be used to power another circuit or returned to tank. Outlet flows are pressure compensated ensuring smooth controlled flow regardless of pressure changes. 3/4" ports.

44-125K.....**182.00**

GALTECH CONTROL VALVE (Q-75 SERIES)

This marine grade valve has a maximun flow rate of 22 gpm, with a maximum pressure rating of 3625 psi. The main line uses a #10 ORB in, and a #12 ORB out port size, along with #10 ORB work ports. The valve is standard with a double 3 position spring centered configuration. However can be modified to detent with the purchase of a detent kit. Supplied complete with handles.

44-1530K.....2 x 3 position spring center.....**460.00**
44-1533K.....Detent kit **68.00**

GALTECH CONTROL VALVE (Q-45 SERIES)

This rotary spool valve has a maximum flow rate of 12 gpm and a maximum pressure rating of 3000psi. Great for smaller hydraulic system needs. Rotary spool offers great speed control. The main line has a #8 ORB in port with a #10 ORB out. The work lines are #8 ORB. Valve comes complete with handle.

44-1538K.....Rotary Spool.....**399.00**

HYDRAULIC SELECTOR VALVES

2 position single, 3/4" ports, max. pressure 3600 psi, 24 GPM.
44-435K.....3/4" Single **135.00**
2 position single, 1" ports, max. pressure 3600 psi, 48 GPM.
44-436K..... 1" Single.....**170.00**
2 position double, 3/4" ports, max pressure 3600 psi, 24 GPM.
44-437K.....3/4" Double.....**234.00**

GALTECH CONTROL VALVE (Q-95 SERIES)

This rotary spool valve has a maximum flow rate of 32 gpm and a maximum pressure rating of 3000psi. Rotary spool offers great speed control. The main line has a #12 ORB in port with a #12 ORB out. The work lines are #12 ORB. Valve comes complete with handle.

44-1540K.....Rotary Spool.....**544.00**

CROSS VALVES

This valve allows you to use the functions of a regular control value, as well as a flow control valve, all in one unit. Maximum PSI 2500, 25 gpm, 3/4" Inlet & Outlet, with 1/2" work ports

HYDRAULIC POWER PACKS

A lightweight system powered by the renowned Honda 4-stroke gasoline engine. Proven reliability and endurance in the marine industry. Systems include Honda engine, Hydraulic pump/tank and return line filter. Units are completely assembled. Supplied with either stainless steel or marine aluminum tank and mount.

HONDA 5.5 HP – 5 GPM
Stainless steel hydraulic tank
5.5 HP Honda GX160 engine, 5 gpm hydraulic gear pump. 3 gallon hydraulic tank.
Approx. size: 20"H x 19"L x 16"W.
Approx. dry weight: 55lbs.
44-501K .....**P.O.R.**

HONDA 9 HP – 8 GPM
Stainless steel hydraulic tank
9 HP Honda GX 270 engine, 8 gpm hydraulic gear pump. 5 gallon hydraulic tank.
Approx. size: 23"H x 21"L x 18"W.
Approx. dry weight: 85 lbs.
44-379K .....**P.O.R.**

HONDA 13 HP – 11.3 GPM
Aluminum hydraulic tank
13 HP Honda GX390 engine, 11.3 gpm hydraulic gear pump. 8 gallon hydraulic tank. Approx. size: 23"W x 26"L x 25"H. Approx. dry weight: 120 lbs.
44-186K .....Recoil start, engine oil alert .....**P.O.R.**

Parker

HYDRAULIC GEAR PUMPS

An exceptionally compact and lightweight pump for their capacity. Terrific for many low flow applications such as hydraulically driven washdown and water pumps and portable hydraulic power units. Simple, efficient pressure loaded design - few moving parts. Highly tolerant to fluid contamination and extremely reliable under cold weather operation.

Model D14

5.0 gpm @ 3600 rpm, max. psi 2500.

5/8" ORB inlet – 1/2" ORB outlet.

Shaft size 1/2". 4-bolt mounting. Clockwise rotation.

44-573K.....**262.00**

Model D22

7.9 gpm @ 3600 rpm, max. psi 2500.

5/8" ORB inlet – 1/2" ORB outlet.

Shaft size 1/2". SAE-A 2-bolt mounting. Clockwise rotation.

44-574K.....**262.00**

44-940K.....For "B" mount.....**375.00**
44-939K.....For "C" mount.....**475.00**

250 FT. LBS. CLUTCHES

The OGURA clutch series offers both reliability and affordability. The new spring design makes this clutch bi-directional and can be converted from 1" bore to 3/4" bore, 7/8" keyed or splined drive by adding an insert. The 1" bore is double keyed for a quick fix in a damaged keyway situation.

Following the design of our extremely popular and reliable 250' lbs. "TC" mount clutch, Mercer's Marine introduces the same great clutch in a "B" mount configuration. You can now easily bolt the clutch to any "B" mount pump and bracket with 2 bolts for a very strong and quick installation. All fit standard 1" keyed shaft.

HYDRAULIC OIL COOLER (HIGH PRESSURE)

Constructed of high quality brass and copper. 3" dia. body x 12" body length. Rated up to 375 psi. 1" NPT oil hose fittings, 1 1/2" water hose fittings. Simply install on a hydraulic return line and to suitable water supply.
44-1068M.....High pressure **771.00**

HYDRAULIC OIL

AW-32. 20L
44-535A.....**P.O.R.**

TRANSMISSION OIL COOLER

2" Diameter, 12" body length, 15" overall. All copper and brass construction. 1/2" NPT oil nuts.
44-562K.....1" hose x 1/2" NPT **309.00**
44-563K.....1 1/4" hose x 1/2" NPT **309.00**

NEW

PETROWRAP ANTI-CORROSION TAPE

Petrowrap Tape has been developed for long term protection of metal surfaces that are underground, underwater, or exposed - even in the most severe environments. It consists of a cold applied system of petrolatum-based PetroWrap Anti-Corrosion Tape, PetroWrap Primer, and, where contouring is necessary, PetroWrap Mastic. PetroWrap adheres to surfaces without heating, even on damp and/or indifferently prepared areas. 50mm wide x 10m
44-1072K.....High pressure **9.95**

SUPERDAN ROPE

Excellent anti-abrasion properties contribute to a prolonged working life. High ultra-violet light resistance. A cost effective super strength rope. A multi purpose rope ideal for general industrial & commercial fishing applications. **An excellent rope for deep sea crabpot use. We sell genuine "SUPERDAN ROPE" from the worlds largest rope factory. Quality assured!** Price On Request.

XLE-PERFORMER ROPE

XLE is made from the highest quality polyester yarns with marine finish on both core and cover. The balanced core to cover construction insures that XLE will remain easy to handle and splice while offering maximum abrasion resistance. Color fast cover yarns are solution dyed Firebrite 2000 polyester available in red, blue and black. This strong, low stretch double braid is ideal for all running rigging applications on performance cruisers and racing boats. 100% polyester double braid. **Approx. 600 feet per coil.**

BRAIDED CORKLINE

First quality, Canadian made corkline. 1/4″ x 56 fathom spools. Used for headrope on herring, mackerel and char nets. Also good for clothesline rope.

66-138K **29.95**

LIFEBUOY SAFETY ROPE

Floating braided 5/16″ polypropylene rope. Yellow with colored tracer. Used on lifebuoys, securing fenders and general purpose applications. 600 ft per spool.

66-534R ..... **0.29** per ft.

SPECTEC-12™ is a hollow braided 12-strand rope using 100% Spectra fiber. It is designed with single ply construction. Spectec-12 yields one of the highest strength to weight ratios available in a synthetic rope. It comes standard with a urethane coating that provides additional abrasion resistance while remaining easy to handle and splice. SPECTEC-12™ has a Gravity of 0.98, Very High Strength, Low Elongation, Easy Handling, Fully Spliceable. **SPECTEC-12™ is commonly used for Wire Rope Replacement, Mooring Lines, Winch Lines, Pulling Lines and Rigging Lines.**

PREMIUM DOUBLE BRAIDED NYLON DOCKLINE

These light- and heat-stabilized lines are made from strong, multifilament nylon fiber that can absorb sudden shock loads without breaking. Attwood dock lines offer greater wet strength and abrasion-resistance than other nylons, and are spliced for added strength. Resistant to UV light, rot, oil, gasoline, grease, marine growth, mold, mildew, and most chemicals.

BROWNELL "HT" TWINES

This twine holds the knot you tie in it. Once tied, it will not tighten or loosen due to its unique bonding agent, which will not wash out. C-1 is the best twine available for hanging most types of fish nets, in particular monofilament gill and shrimp nets. It is suitable for use with polyethylene netting. The bonding gives the twine very high abrasion resistance. Non slip, heat treat coated. Supplied in 1 lb. balls.

SINGLE EYE POLY BUOYS

The original POLYFORM™ all purpose buoy/"all round" fender with its well-known blue, rib-reinforced ropehold. Produced from the best marine grade Vinyl material by use of Provinor's in-house developed Welcotec moulding technology. The specially designed, solid and multiple rib-reinforced ropeholds guarantee the highest breaking strength available. POLYFORM™ buoys/fenders are designed to stand up to the most demanding use in commercial fishing, aquaculture and for general marking and floatation applications and they are a "must" for the protection of larger recreational crafts and yachts.

ALUMINUM RADAR REFLECTOR

POLE MOUNT TYPE

18" x 18". Used extensively by fishers on staff buoys.

66-231K.....20.95

CCE3 MOORING BUOY

Comes with 3/4" diameter rod. Rod includes a swivel at the lower end and all rods are hot dipped galvanized.

Total Height, 29.1"(Rod included)

66-202K.....169.95

HL-3 LOW DRAG BUOY

This bullet shaped buoy is designed to reduce drag. Under some conditions, the drag can be reduced by up to 80% compared to spherical buoys. Designed as heavy-duty buoys for offshore environments and used by commercial fisherman.

66-203K.....26.6" H x 14.2" Dia.....69.95

POLYFORM 2 EYE FENDERS

Outstanding quality, heavy duty twin-eye seamless fenders. Rotomoulded by use of our in-house developed and patented Polymatiq™technology that ensures supreme control over the fusion process and guarantees an absolute even wall-thickness. Multiple rib-reinforced solid rope holds safeguard the highest breaking strength available. Resistant to all weather conditions. Tested in temperatures ranging from -30C to +60C.

ESTERPRO SINKING TRAWL ROPE

Esterpro is a combination rope manufactured using continuous strands of high strength Polysteel fiber as an inner core being enveloped with specially matched polyester fibers. Offering more than 40% higher tensil strength than typical poly combo ropes and no lead core. It will not harden with age, has superior abrasion resistance, low elongation, excellent heat and UV resistance to rot and mildew. (samples available on request)

Accusharp Knife & Tool Sharpener.

Finally a knife sharpener anyone can use. Simple and Easy. Sharpens knives in about 10 seconds with no mess or oils. Sharpening blades are diamond horned tungsten carbide for years of reliable use.

ACCUSHARP KNIFE & TOOL SHARPENER

A fast and easy way to sharpen knives, tools and equipment.

22-409R.....White **14.99**
22-410R.....Camo **19.99**

ACCUSHARP REPLACEMENT BLADES

These blades fit all of our products **except ShearSharp.** We use only the finest American Made carbide available, and Diamond Hone to a mirror finish for the best possible sharpening edge. The result is the finest line of carbide sharpeners on the market today at any price. These blades are reversible for double life and most users report an average life of 5-10 years between replacements. Beware of other brands that use cheap imported carbide! Insist on AccuSharp!

22-415R.....**8.99**

AUGERSHARP SHARPENER

The AugerSharp Ice Auger Sharpener is the Ice Fisherman's dream. If you ice fish, you know what work it is when your auger blades are dull. Now you can spend more time fishing and less time drilling holes in the ice.

22-412R.....**14.99**

ACCUSHARP PULL-THROUGH KNIFE SHARPENER

This commercial grade knife sharpener combines our diamond-honed tungsten carbide sharpening blades with fine ceramic rods. The heavy duty, ergonomically designed handle with the rubber over-molded grip provides a stable and comfortable platform for sharpening all your knives.

22-416R.....**26.95**

ACCUSHARP DIAMOND PADLE SHARPENER

This double-sided sharpener features an aggressive coarse diamond grit surface, a fine diamond surface for honing and finishing, and also includes a groove for sharpening hooks and darts. The folding handle allows you to fold and store your sharpener with ease.

22-437R.....**37.95**

STURDYMOUNT KNIFE SHARPENER

ATLAS TemRes 282
Warmth, Breathability, and Flexibility have all been combined into a Liquid-Proof glove. The TemRes provides the wearer with protection from liquids in cold conditions while still allowing them the comfort of a breathable glove. The abrasion-resistant polyurethane coating and insulated acrylic liner were specially designed to retain warmth while reducing perspiration. The thin, yet durable coating maximizes comfort and flexibility in very cold environments. Nitrile was added to the fingertips to increase protection. Launder at 40°C (104°F) using a neutral detergent.

SEASTAR POWER ASSIST STEERING SYSTEM

SeaStar Power Assist steering brings automotive-type steering comfort and control to powerboats. The addition of a Power Assist unit will greatly reduce steering effort and enhance the boating experience for everyone. The SeaStar Power Assist steering unit is designed for use with SeaStar manual hydraulic steering systems and is suited for all heavy / high torque steering applications.(See diagram below)

Features
- Dramatically reduces wheel torque
- Easy to install
- Simple 'add on' to an existing SeaStar manual system (optimal performance achieved when used with SeaStar 1.4 – 2.0 pumps)
- OEM or Retro fit
- Compatible with power purge system
- Reverts to manual mode in the case of power loss.
- Suitable for use with autopilots
- 12v or 24v operation
- Wall or floor mounted
- 15' Wiring harness, and mounting bracket included
- Ignition protected (SAE J-1171)
- ABYC, CE, NMMA, ISO 10592 Approved

HT39 QUADRANT ASSEMBLY

Serious offshore-capable equipment for the most demanding fishing and workboat applications. Offering 39,000 in. -lb. of rudder torque and 45 degrees of rudder in each direction. 3.2 turns of the wheel lock-to-lock. Components are overbuilt for strength and durability. Painted steel cylinders are upgraded with stainless steel piston rods. Manganese bronze castings, stainless steel clevis pins and fastenings, glass filled teflon sliding bearing, add up to quality and performance.

Complete assembly consisting of dual cylinders with stainless steel cylinder rods mounted on a durable corrosion resistant quadrant bored for rudder shafts ranging from 2 1/2" – 3 1/2".

SINGLE CYLINDER HYDRAULIC POWER STEERING SYSTEM

Complete assembly consisting of a single cylinder with stainless steel cylinder rod, bronze tiller arm and cylinder mount, suitable for most boats up to 45 ft. Offering 45 degrees of rudder in each direction. Solid bronze tiller arm and bronze cylinder mount. Tiller arms are bored for rudder shafts ranging from 1 1/4" - 2". No steel bushings to rust, seize or crack. Clevis pins are stainless steel and complete with grease grooves and stainless steel grease fittings. All fasteners are stainless steel.

For SeaStar Hydraulic Steering Kits, See Page 68

Capilano

Teleflex Hydraulic steering systems are Atlantic Canada's first choice.
It is essential that a correct matching of helms, rams and other related products be achieved for maximum performance and safety. Give us the information and our staff will recommend the correct match for your boat.

SEASTAR CAPILANO HELM PUMPS

The SEASTAR/CAPILANO series of helm pumps allow the user the freedom to adjust the number of turns required from hard over to hard over, thus allowing the operator to react to different weather conditions and maneuvering requirements. Both pumps have port size of 3/8" NPT.

SEASTAR HELM PUMPS

Helm rotor supported by three roller bearings for durability. Ball bearing piston race for smooth operation. Easily replaceable shaft seal for fast field repair. 1/4" NPT ports. Built-in lock valve for positive rudder lock, no extra plumbing. Patented bleed tubes make bleeding the helm a snap. Internal air pocket eliminates oil expansion overflow. Integral relief valve.

SEASTAR 1 "FRONT MOUNT" HELM PUMP
Compact, stylish design. 1.7 cubic inch displacements. Convenient front of dash fill. Small 3.0" hole cutout on dash. . Complete with elbow fittings and ORB to NPT. For light displacement boats up to approx. 30'.
42-441K .....**HH5271-3** **675.00**

SEASTAR 1 "TILT MOUNT" HELM PUMP
5 wheel positions allow adjustment to most comfortable steering position. 48 degree tilt range (18 down - 30 up). 1.7 cubic inch displacements. Convenient front of dash fill. Complete with elbow fittings. For light displacement boats up to approx. 30'.
42-033K.....**HH6541-3** **1076.00**

SEASTAR 1 "REAR MOUNT" HELM PUMP
Behind dash mounting configuration. 1.7 cubic inch displacements. Top of dash fill point. Complete with elbow fittings. For light displacement boats up to approx. 30'.
42-032K.....**HH5261-3** **763.00**

SEASTAR 1 "PRO-TILT MOUNT" HELM PUMP
Pre loaded dual taper bearings ensures minimal excess free play. Smooth operation and feel. Shaft seals to prevent water ingress. 48 degrees of tilt articulation. 5 positive lock positions. Compact footprint. Maintenance free. Fits most styled and formed dashes.For light displacement boats up to approx. 30'.
42-438K.....**HH6489-3** **1099.00**

SEASTAR 2 HELM PUMP
Specifically designed to be used on smaller fishing vessels involved in the Lobster and Crabbing Industries. The Commercial Helm Pumps are designed with a stainless steel shaft and heavy duty shaft seal and wiper. This new shaft and seal help protect the Helm Pump from the abrasive effects of sediment that is brought on board by the operator handling Traps or Pots. 2.4 cu.in. displacement. For light displacement boats up to approx. 36'.
42-442K .....**HH5224 Commercial**.....**908.00**

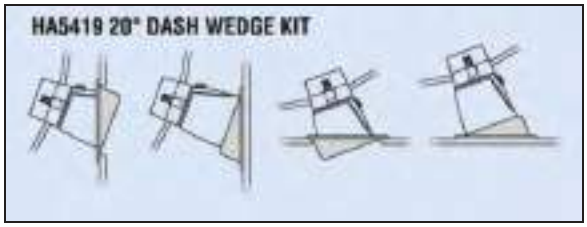

2.4 cu.in. displacement. For light displacement boats up to approx. 36'.

BAYSTAR "FRONT MOUNT" HYDRAULIC STEERING HELM

Super low friction, fixed displacement helm pump from the world's foremost manufacturer of manual hydraulic steering systems. Provides 4 1/2" turns lock-to-lock when used with Baystar outboard cylinder. Suitable for use on outboard installations up to 150HP. Requires a 3" diameter cut-out. 1/4" NPT ports. 3/4" standard taper shaft.
42-620K ..... **HH4314**.....**443.00**

BAYSTAR "TILT" HYDRAULIC STEERING HELM

BayStar allows you to install all of the safety, reliability and comfort of hydraulic steering onto your boats rated to a MAXIMUM of 150 HP (total). Displacement: 1.4 cu inch. Shaft: 1/2" threaded. Mounts:(3) 3/16" diameter holes. Cutout: 3" diameter. Designed for smaller outboards. 4.5 turns from lock-to lock. Super low friction helm for smooth comfortable steering.
42-621K ..... **HH4315**.....**729.00**

SEASTAR OIL
For use with SeaStar I & II Systems.1 litre.
42-029K.....**27.95**

20° Wedge Kit
This kit is designed to mount the helm at a 20° angle to the mounting surface. 4 possible mounting configurations are available.
42-351K.....**HA5419**..... **89.00**

FRONT MOUNT

STERNDRIVE

SIDE MOUNT

INBOARD

SEASTAR FRONT MOUNT"OUTBOARD" CYLINDERS

Single and multiple non-power-assisted outboard engine applications up to 350 hp for singles (700 hp for counter-rotating twins). Patented "Pivot" design allows independent engine tilt in dual engine installations. Suitable for speeds up to 60 mph and dual station use.

42-321K .....HC5345.....**785.00**
42-452K .....HC5347.....**855.00**

SEAL KIT
42-458P .....HS5167.....**139.00**

SEASTAR SIDE MOUNT"OUTBOARD" CYLINDERS

Unbalanced cylinder with 4.8/5.7 turns lock to lock. Suitable for installation in shallow splashwells. Single and dual non-power assisted outboard engines up to 300hp that have standard engine tilt tube.Suitable for speeds up to 60 mph and dual station use.

42-027K .....HC5370.....**589.00**

SEAL KIT
42-258P .....HS5153.....**67.95**

SEASTAR INBOARD CYLINDERS

Anodized aluminum construction. Suitable for single or dual engine applications. O-ring ports with bleeder fitting.

42-015K .....HC5314.....**640.00**

SEAL KIT
42-312P .....HS5156.....**51.95**

SEASTAR STERNDRIVE CYLINDERS

Fits most power and non-power assist sterndrives. Single and multiple drives. Easy installation. Simple autopilot interface. Simple multiple steering connection.

42-332K .....HC5328.....**581.90**

SEAL KIT
42-333P .....HS5154.....**50.95**

SEASTAR NYLON TUBING

Non-corrosive tubing designed for use on SeaStar I Steering Systems. Fits hardware supplied with SeaStar I cylinders. Not suitable for use with SeaStar II Systems.

42-030K.....3/8" x 50' coil **124.95**

BAYSTAR HYDRAULIC FRONT MOUNT CYLINDER

Compact, front mount, balanced cylinder for use with the Baystar helm pump on single outboard installations up to 150HP. Fits most splashwells 32"' or more in width. Complete with bleeder tees installed in both ports.

42-622K..... HC-4645H **505.00**

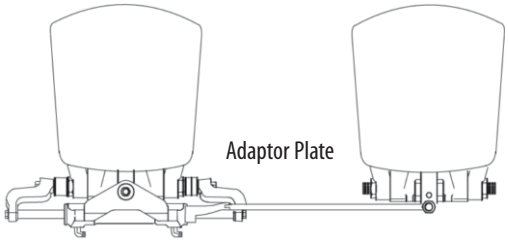

SEASTAR SOLUTIONS

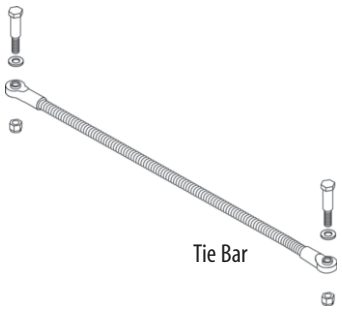

COPPER TUBING

This soft copper tubing is heavy walled refrigeration type. The only one that should be used.

SEASTAR OUTBOARD STEERING KIT

Single and dual non-power assisted outboard systems. Allows independent engine tilt in dual engine applications. Rated to 60 mph. Rated for single outboards up to 300 hp or twin engines up to 600 hp. 5 turns lock to lock.

Kit Includes:

SeaStar Helm HH5271, Front Mount Cylinder HC5345, 2 L SeaStar Oil

42-045K.....HK6400A..... 1515.90

SEASTAR OUTBOARD STEERING KIT- YAMAHA

For use with single engine up to 350 hp. Rated to 60 mph. 5 turns lock to lock.

Kit Includes:

SeaStar Helm HH5271, Front Mount Cylinder HC5358, & 2 L SeaStar Oil

42-047K.....HK6500Y..... 1529.90

SEASTAR SIDE MOUNT STEERING KIT

Single and dual non-power assisted outboard engines up to 300hp that have standard engine tilt tube. Rated to 60 mph. 4.8/5.7 turns lock to lock.

Kit Includes:

SeaStar Helm HH5271, Front Mount Cylinder HC5370, & 2 L SeaStar Oil

42-049K..... 1319.90

SEASTAR CLASSIC TILT STEERING KIT

For use with single engine up to 350 hp. Rated to 60 mph. 5 turns lock to lock.

Kit Includes:

SeaStar Helm HH6541, Front Mount Cylinder HC5345, & 2 L SeaStar Oil

42-051K.....HK6400TC..... 1916.90

STERNFLEX RIGGING HOSE & FLANGE

Shields sternflex has a polyethylene co-polymer wall with a integral polyethtlene helix. This hose is used as a protective cover for the harness,hoses and cables on outboard mounted engines. 2" ID tubing.

BAYSTAR HYDRAULIC FRONT MOUNT STEERING SYSTEM

"Baystar" hydraulic steering is brought to you by the manufacturers of SeaStar. The BayStar system allows the boater to install all the safety, reliability and comfort of a hydraulic steering system on boats "rated to 150 H.P." This is a single engine system only and is not designed for commercial use. Fits most engines from 1990 to date.

Kit includes: BayStar helm, BayStar front mount cylinder with linkage arm, fittings, 2 litres of oil and 2 x 20' pieces of tubing which can be cut to desired length.

42-610K.....HK-4200A..... **995.00**

ELECTRIC TRIM TAB SYSTEMS

Lenco Electric Trim Tab Kits make your boat ride smoother, drier, faster and with increased safety. The Lenco ballscrew design is more reliable, three times more powerful and features an instant response, which makes them very user friendly compared to typical hydraulic systems. 12V -high torque, 5 amp motors are completley enclosed within a high impact UV resistant cylinder case. Lenco fast response electric actuators are fully submersible with all plug & play waterproof Deutsch connections. Trim Tab blades are 12 Gauge - 304 SS with a 5/8" flared trailing edge and 1/8" diameter hinge pin. Kits include standard actuators with 5/16" SS bolts. **Please Note : Switches Sold Seperately**

STEALTH 2 HYDROFOIL

All of the StingRay Classic Benefits Plus: World's Only Dual Angle of Attack Hydrofoil. Hidden NO-DRILL Attachment. Exclusive Fast-Finish Material Provides Lowest Hydrodynamic Drag. Best Top-End Speed in the Industry. Best Fuel Efficiency in the Industry. Faster Hole Shot than Competition. Two-Toned, Upgraded Styling

42-300M.....Stealth 2.....**169.95**

RETROFIT KIT FOR BENNETT TRIM TABS

Bennett Hydraulic-to-Lenco Electric Conversion and Performance Upgrade Kit. The simple Bennett RetroFit Kits include everything necessary to upgrade your current boat without drilling or filling. You simply discard the hydraulic pump unit and the two Bennett cylinders. Connect the new actuator wiring to the existing harness (jumper wires are included for attaching to current switch). Complete installation instructions are included.

42-587P .....12V.....**489.00**

NFB SAFETY 4.2 STEERING HELM

The NFB 4.2 is a "No Feedback" helm for about the cost of an old fashioned steering replacement helm •Designed for boats up to 24', the NFB 4.2 makes steering easier than ever with smooth, responsive control •Rated for V-6 and smaller outboard engines, subject to speed / horsepower limitations •3/4" standard tapered shaft •Steering wheels up to 16" diameter.

42-476R.....SH-4910P **201.00**

BIG-T STEERING HELM

The original Teleflex steering system! Designed for use with inboards to 34' with 1 or 2 engines, using single or dual stations, subject to speed / horsepower limitations. 3/4" standard tapered shaft (steering wheels up to 20" diameter).

42-041R.....SH-5000P **395.00**

SAFE-T QC STEERING HELM

World's largest selling mechanical steering system! •Patented quick connect cable makes installation a snap •For boats up to 24' subject to horsepower / speed limitations •Standard 3/4" tapered shaft, for wheels up to 16" diameter.

42-134R.....SH-5094P **107.00**

SAFE-T HELM

Older model SAFE-T helm with both spigots threaded •Same application as SAFE-T QC helm (lower left of page).

42-040R.....SH-5023P **212.00**

BIG-T BEZEL

2 piece bezel allows for mounting at 90^0 or 20^0.

42-054R..... **208.00**

SAFE-T HELM BEZELS

42-053R.....90^0 .....**28.00**
42-121R.....20^0 .....**44.00**

42-477R.....90^0 .....**34.50**
42-121R.....20^0 .....**44.00**

HELM CABLE ADAPTOR

You can now fit the newer QC cables to your older SAFE-T or BIG-T helms with threaded spigots •The adaptor simply threads into your helm and quick connect cables then snap in place.

42-297R.....SA-27620P **22.95**

THREADED TUBE WITH BALL

Splashwell threaded tube with ball.

42-063R.....SA-36316P **57.00**

PLASTIC TRAVEL TUBE

Screws to threaded spigot of SAFE-T / BIG-T helms to protect cable end from corrosion and debris.

42-262R.....SA-35680P **11.95**

CABLE BOOT

For use in running steering and throttle cables through splash well walls. Zips tight around cables.

42-237R.....2" **7.95**
42-239R .....4 1/2" **12.50**

OVAL MOTOR WELL BOOT

For use in running steering and throttle cables through splash well walls.

42-068R .....5" x 2" **3.99**

SEASTAR SOLUTIONS

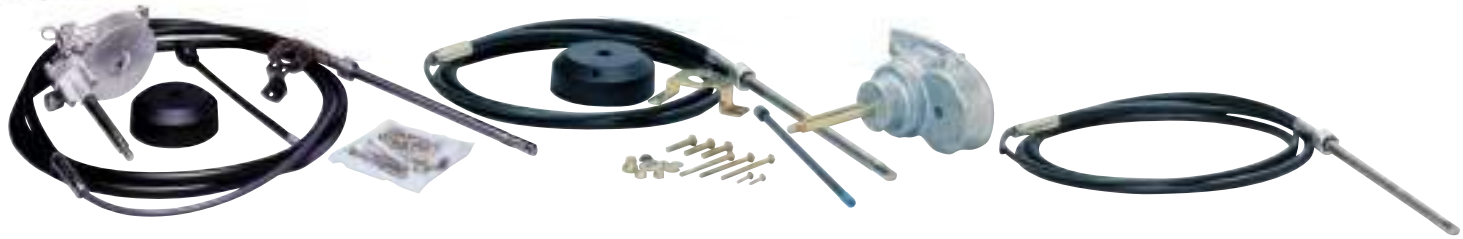

NEW XTREME SSX176 MECHANICAL STEERING KITS

Smoothest and lowest steering effort mechanical helm offered in the market place yet still offers easy installation.

- Complete steering system including new helm, high efficiency XTREME™ steering cable design and new style bezel.
- Quick connect feature on both steering cable and spent travel tube for easy quick installation.
- Installs in same mounting pattern and bracket location as current SeaStar Solutions® steering systems.
- Smallest footprint possible to accommodate small/tight dash helm stations.
- This kit contains : 1 - SHX7606P, XTREME NFB helm, Bezel kit and mounting hardware.
  1 - SSCX64XX, Steering Cable.

NO FEEDBACK (NFB) 4.2 O/B STEERING KITS

The NFB 4.2 no feedback kit is a heavy duty system with 4.2 turns lock-to-lock, designed for V6 and smaller engines up to 50 MPH with wheel diameters up to 16" . Ultra smooth steering. Helm has standard 3/4" tapered shaft to fit most wheels. Snap in installation with Teleflex's quick connect cable. Kit includes: Helm, Cable and 90^0 bezel. For boats with speeds in excess of 50 MPH.

Installation Guidelines for Teleflex Rotary Mechanical Steering Systems

New Installation:
Measure cable routing path from wheel center line to engine connection, as follows :
A = Center line of wheel to gunwale (or deck, if routed downward),
B = Dash to transom,
C = Gunwale to centerline of cable connection at centered tiller.

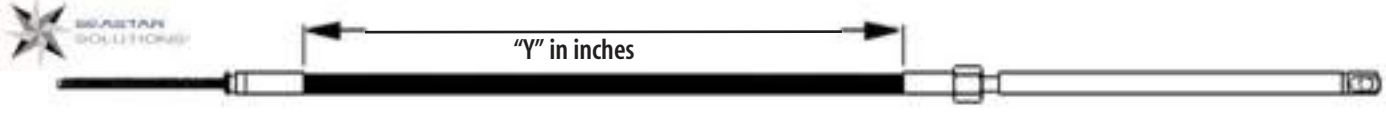

For Cable installations through the Engine Tilt Tube: Add A, B & C + 6", and round up to the next foot. Order that cable length.

For Cables Mounted to Transom, Splashwell or Stringer: Add A, B & C, then subtract 6" and round up to the next foot. Order that length cable.

How to Measure SSC62 Steering Cables from Teleflex

Replacement of Existing Cable
If possible, find part number stamped on the plastic jacket of the old cable. If you removed the old cable, measure for the replacement cable as follows:

For Rotary Steering Cable Replacement, Measure Existing Cable as follows: Measure plastic cable jacket ("Y" dimension, shown in above drawing) in inches, add 18" and round up to the next foot. Order that length cable..

HARDWOOD WHEELS

Beautifully built from Acacia Hardwood, lacquer finish, 6 spokes with brass hub. 3/4" tapered bore.

TELEFLEX "VIPER" STEERING WHEEL

A deluxe black urethane, foam covered wheel. Sturdy aluminum spokes in satin finish. 3/4" tapered bore.

42-006R.....14" **179.95**

ENONOMY PLASTIC STEERING WHEEL

3/4" tapered bore. Great wheel at a great price.

42-002R.....13 1/2" **21.95**

KOBELT QUALITY CONTROL

Kobelt products have a global reputation for durability and performance, and are constantly being improved upon. Most of our products are patented, evidence of the Kobelt commitment to better design and efficiency. We are unique in the marketplace as we are the only manufacturer providing a non-corrosive product for the marine environment. Using the best materials for construction and skillful engineering have enabled us to offer our customer the best warranty in the industry.

KOBELT QUALITY CONTROL

KOBELT ENGINE CONTROLS

Twin lever MEDIUM DUTY controls

This medium duty control is one of the most used in Atlantic Canada.

Requires connection kit.

Model 2009 for either single or twin stations. 3" cable stroke.

42-287M.....Model 2009..... **495.00**

KOBELT ENGINE CONTROLS

Twin lever HEAVY DUTY controls

This heavy duty control is designed to move the stiffest of throttles and clutches. Constructed of all bronze and stainless steel. Trouble free!

Model 2011 Suitable for single or twin stations. 3" cable stroke.

Requires connection kit.

42-288M.....Model 2011..... **659.00**

KOBELT QUALITY CONTROL

KOBELT ENGINE CONTROLS

Twin lever MEDIUM DUTY controls

This control incorporates all standard features of Kobelt's push/pull control. Medium duty control using all bronze and stainless steel construction. Requires connection kit.

Model 2015 single or twin stations. 3" cable stroke.

42-286M.....Model 2015.....**475.00**

Replacement control knobs
42-495M.....Red..... **10.95**
42-496M.....Black..... **10.95**

MT-3 CONTROLS

Dual function, single lever for single engine applications. Dual function, dual lever for twin engine applications. This rugged, top mount control allows one hand to control all engine functions. Start and warm ups are done by pulling out the control lever in the neutral position. This disengages the clutch and allows the throttle to advance forward in the neutral position, thus allowing an increase in RPMs. Returning to the neutral position re-engages the clutch. Built in friction drag to prevent throttle slippage and creep, neutral safety switch to prevent starting in gear. Uses TeleflexMorse 33C / 3300 series cables.

Single lever / Clutch and throttle for single engine
42-499M.....CH-5310P..... **406.00**

Twin levers / Clutch and throttle for twin engines

Replacement control knobs
42-495M.....Red..... **10.95**
42-496M.....Black..... **10.95**

TELEFLEX CH-5600P

The TELEFLEX CH-5600 eliminates throttle creep. Rugged construction with stainless steel dome. Suitable for single or twin stations. Use either 33C / 3300 or 43C / 4300 series cables.

42-246M.....**516.00**

ENGINE CONTROLS

Teleflex CH-4481P
Heavy duty "Flush-mount" control. May be used for single or twin stations. Use either 33C / 3300 or 43C / 4300 series cables.

42-247M **549.00**

ECONOMY CONTROL

Exceptional value! Solid brass, chrome-plated. Dual station capabilities. Use either 33C / 3300 or 43C / 4300 series cables.

Not a Teleflex or Kobelt product

42-065R.....**227.50**

SINGLE LEVER SIDE MOUNT CONTROLS

The CH1700 series of controls are the most sure handling and comfortable you can buy. The shaply balanced grip provides a very smooth yet solid feel. This side mounted control is designed for use on the starboard side (Right Side). Controls come with neutral lock out, neutral warm up, and safety stop switch with lanyard. These controls cannot only use 3300/33C style control cables, but will accept most OEM control cables without adaptation.

No Trim
42-780M ..... CH1750P **419.00**

With Trim
42-782M ..... CH1751P **459.00**

With Trim & Tilt
42-784M ..... CH1752P **599.00**

SINGLE LEVER TOP MOUNT CONTROLS

The 7500 series controls offer options that most top mount controls in the market do not. The standard items on these controls are the shapely and balanced hand grip that gives you a very smooth yet solid feel. The neutral safety switch, and the neutral warm up button. These controls can not only use the 3300/33C style controls cables, but will accept most OEM control cables without adaptation.

No Trim
42-788M ..... CH7540P **435.00**

With Trim
42-790M ..... CH7541P **525.00**

With Trim & Tilt
42-792M ..... CH7542P **570.00**

SIDE MOUNT CONTROLS

This economical single lever/dual action control can be used on outboards or stern drives using either 33C / 3300 series cables.

Standard Model
42-248M ..... **CH2600** (No trim Switch) **335.00**

ST CONTROL

Single function, single lever, side mount control. Economical, durable throttle control with heavy chromed finish. Use 33C / 3300 series cable.

42-498M ..... CH2400P **215.00**

SL-3 SIDE MOUNT SINGLE LEVER

SL-3 TOP MOUNT SINGLE LEVER

SL-3 CONTROLS

Dual function, single lever for single engine applications. Dual function, dual lever for twin engine applications. Fits virtually all Inboard, I/O and O/B motors. "Easy on" cable design means no shift or throttle adjustments or modifications. Accepts virtually all cable types (Teleflex, Morse, OMC, Merc.). Push button for engine neutral warm up. Neutral safety switch prevents starting in gear. Adjustable brake for throttle. Firm, yet effortless control. Entire gear mechanism is enclosed and permanently lubricated. Port or starboard installation. Optional trim switch in handle.

How to Measure Control Cables "Measure Twice. Order Once"

Outboards:

Measure from control along unobstructed cable routing to the center of outboard. Add 4 feet to allow for loop which provides unrestricted engine movement. Round up to the next foot and order required cable part number.

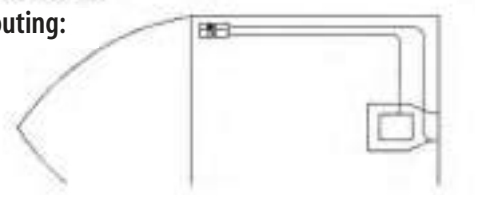

Typical Outboard Cable Routing:

Inboards & Stern Drives:

Measure from control along unobstructed cable routing to shift and/or throttle connection. Round this dimension up to the next foot and order required cable part number.

Typical Stern Drive (I/O) or Inboard Cable Routing:

CCX189 MERCURY GEN 2 CONTROL CABLES

Premium Mercury gereration 2 cables. Designed to fit Mariner, Mercury, Mercruiser any other engines using the Mercury 2003 to present 4000 series controls.

ENGINE INSTRUMENT PANELS

These superior quality engine instrument panels are made from attractive and sturdy ABS plates. They are all corrosion resistant and are fitted with the best marine instruments and come with a heavy-duty plug for connection to wiring harness. (Not a Teleflex Product.)

DIESEL ENGINE PANEL

Complete with tachometer,oil pressure, temperature, volt and engine hour gauges. Glow plug, ignition switch and panel light. 12V negative ground.

42-234M.....**505.00**

GAS ENGINE PANEL

Same as Diesel panel only without hour meter and glow plug light.

42-235M.....**409.00**

WIRING HARNESS

20 ft. heavy-duty harness. Fits both panels. 8 pin connection. One end to plug into panel.

42-236M **204.00**

PROPELLER BUSHINGS

Allows use of a propeller with oversize bore. Nylon construction. C/W brass key.

Allows 1 1/4" prop. to fit 1" Shaft
44-135R.....**46.95**
Allows 1 1/2" prop. to fit 1 1/4" Shaft
44-136R.....**55.70**
Allows 1 3/4" prop. to fit 1 1/2" Shaft
44-137R.....**83.50**
Allows 2" prop. to fit 1 1/2" Shaft
44-138R.....**88.75**
Allows 2" prop. to fit 1 3/4" Shaft
44-139R.....**88.75**
Allows 2 1/4" prop to fit 2" Shaft
44-140R.....**133.70**
Allows 2 1/2" prop to fit 2" Shaft
44-590R.....**137.00**
Allows 2 1/2" prop to fit 2 1/4" Shaft
44-591R.....**139.95**

STEEL SPLIT COUPLINGS

"High-Strength" solid steel machined couplings. Supplied as female, but converts to male with connection spigot below. All 5" couplings have 4 bolt holes. All other couplings have 6 holes.

Borg Warner

44-805A.....5" Dia x 1 1/2" shaft **442.20**
44-806A.....5" Dia x 1 3/4" shaft **442.20**
44-807A.....5" Dia x 2" shaft.....**442.20**
44-808A.....5 3/4" Dia x 1 3/4"shaft.....**442.20**
44-809A.....5 3/4" Dia x 2" shaft **442.20**
44-810A.....5 3/4" Dia x 2 1/4" shaft **442.20**

Twin Disc

44-811A.....7 1/4" Dia x 2" shaft **686.50**
44-812A.....7 1/4" Dia x 2 1/4" shaft **686.50**
44-813A.....7 1/4" Dia x 2 1/2" shaft **686.50**
44-814A.....7 1/4" Dia x 2 3/4" shaft **686.50**
44-815A.....7 1/4" Dia x 3" shaft **686.50**

CONNECTION SPIGOTS

Converts all female coupling above to male. Note: To connect two shafts, you require 2 female couplings plus one spigot.

44-818A.....5" Coupling Spigot.....**39.95**
44-819A.....5 3/4" Coupling Spigot **64.25**
44-820A.....7 1/4" Coupling Spigot..... **80.95**

We can supply your fiberglass stern tube needs. Contact us with your requirements.

SPLIT COUPLINGS - DUCTILE IRON

MALE 5" Dia. Couplings. 4 Hole
(Fits Velvet Drive)

44-026M.....5" Dia. x 1 1/4" shaft **146.50**
44-027M.....5" Dia. x 1 1/2" shaft **163.25**
44-028M.....5" Dia. x 1 3/4" shaft **163.25**
44-029M.....5" Dia. x 2" shaft **163.25**
5" Dia. Flange available in "Male Half Only"

FEMALE 5 3/4" couplings. 6 hole
Comes as "Female" but can convert to male with "Insert Ring" below.

44-1613M.....5 3/4" Dia. x 1 1/2" shaft **329.00**
44-1614M.....5 3/4" Dia. x 1 3/4" shaft **329.00**
44-1615M.....5 3/4" Dia. x 2" shaft **329.00**

INSERT RING

44-819M .....For 5 3/4" couplings. **64.25**

STERN BEARINGS

Quality Heavy Duty Bronze Stern Castings. Rectangular undrilled mounting flange. Boss is machined with O-Ring grooves to accept stern tube. Complete with rubber sleeve bearing pressed in and set screwed. O'Rings included. More sizes available by special order.

For 1 3/4" Shaft with 2 3/8" O.D. Stern Tube
44-483A.....P.O.R.

For 2" Shaft with 2 7/8" O.D. Stern Tube
44-484A.....P.O.R.

For 2 1/4" Shaft with 2 7/8" O.D. Stern Tube
44-485A.....P.O.R.

For 2 1/2" Shaft with 3 1/2" O.D. Stern Tube
44-486A.....P.O.R.

INSIDE STUFFING BOXES

Extra Heavy Duty Bronze Inside Stuffing Box. Boss is machined with O'Ring grooves to accept stern tube. Rectangular undrilled flange. O'Rings included. Match for stern bearings above.

For 1 3/4" Shaft with 2 3/8" O.D. Stern Tube
44-479A.....P.O.R.

For 2" Shaft with 2 7/8" O.D. Stern Tube
44-480A.....P.O.R.

For 2 1/4" Shaft with 2 7/8" O.D. Stern Tube
44-481A.....P.O.R.

For 2 1/2" Shaft with 3 1/2" O.D. Stern Tube
44-482A.....P.O.R.

PACKLESS SHAFT SEAL SYSTEM

The PSS Shaft Seal is a mechanical seal that uses a self-aligning carbon-graphite stator to ensure a 100% watertight seal with proven reliability. Dripless operation will eliminate needless bilge pumping. Maintenance free operation as there is no packing to replace or packing nuts to tighten.This seal will eliminate shaft wear and minimize corrosion, thus reducing expensive shaft replacement costs. Available for shafts from 3/4" to 3 3/4" . Match your shaft size with the stern tube size to ensure the proper parts. Easy to install. **When ordering, please advise us of the outside diameter of your stern tube and allow approximately 10 to 12 day delivery.**

Ord. No.	Shaft Size	Stern Tube Diameters	Compressed Length	Price

DRIVESAVERS

- A flexible, non-metallic impervious barrier between transmission and shaft that reduces drive train vibration and noise, blocks electrical currents from the water and helps control damage and misalignment from torsional engine movement.
- The Drivesaver absorbs the extreme shock and torque of collision and breaks apart, leaving transmission and engine intact.
- Works under normal conditions for the life of the drive train, with no lubrication or maintenance
- Installs quickly without cutting or machining shaft ; seperate drive flanges, insert coupling, align and bolt.

PLUS RATED DRIVESAVERS - PR MODELS

- For more powerful commercial diesel engine applications
- Model may vary according to gear reduction ratio.

PACER PUMPS

Pacer Pumps

All Pacer pumps share these same quality features: Self-priming with a maximum suction lift of 25ft. Self flushing volute. Built in check valve to prevent back flow. Self lubricating shaft seal. Stainless steel internal fastenings. Light weight and portable. Complete wet end (body,volute, impeller, bracket) made from corrosion resistant glass and reinforced polyester. Buna-N O-ring Seals.

MASKA V-BELT PULLEYS

MASKA Quick Mounting V-Belt sheaves are made from fine grained grey iron castings with accurately machined and polished grooves, carefully balanced to provide true running, vibration free operation. Fitted with tapered bushings, MASKA sheaves are fast and easy to install - or remove.

To form a "Complete Pulley", you require one sheave and one bushing.

All pulleys will accept 1/2" (A) Belts or 5/8" (B) Belts. Diameters shown are for "B" belts. Deduct 1/2" for "A" belts.

44-418A	(B) 5/8"	P.O.R.

PERKO

PERKO WATER INTAKE STRAINERS

PERKO Water Strainers are designed for easy installation and cleaning. Features include mounting lugs cast into both sides to assure universal mounting, four outside tie rods and a 304 stainless steel strainer basket to minimize electrolysis. Screen hole size diameter .007 inches, 46% open area. Hinged lugs for the cast bronze cover permit easy removal and cleaning of the strainer basket. A drain plug in the bottom casting is provided for easily removing sediment and draining for winterizing.

BILGEFLEX BILGE PUMP HOSE

Shields Bilgeflex is a single layer corrugated polyethylene hose. It is resistant to mild chemicals and salt water and there is a clamping cuff every foot. This hose is primarily used for bilge pump discharge. Do not attach to thru hull fitting below the water line.

38-026R .....3/4" ..... **0.55** ft.
38-027R .....1 1/8" ..... **0.70** ft.
38-028R .....1 1/2" ..... **1.13** ft.

BILGEVAC BILGE PUMP HOSE

Shields Bilgevac is a black PVC hose with a flexible vinyl helix. It is very flexible, abrasion resistant and is resistant to mild chemicals and saltwater. This hose is primarily used for bilge pump discharge and drains (sinks, shower, scupper, and livewell). Do not attach to thru hull fitting below the water line.

38-021R .....3/4" ..... **1.35** ft.
38-022R .....1 1/8" ..... **1.75** ft.

BLOWER VENT HOSE

Vinylvent Ducting Hose is PVC supported by anodized wire helix. It is resistant to UV and the ozone. This hose is primarily used for venting of bilge fumes.

38-795R .....3" ..... **0.62** ft.
38-796R .....4" ..... **0.65** ft.

SANITATION HOSE

Shields Super PVC Sanitation Hose is smooth off white PVC with a vinyl helix. It contains an anti-fungus/bacterial agent to inhibit odor causing growth. It is resistant to mild chemicals, saltwater, and permeation. This hose is primarily used for toilet to holding tank (self draining lines) and holding tank pump out. It has a five year limited warranty. Do not use ethylene glycol based anti-freeze in hose. CAUTION – Do not use for potable water.

38-030R .....1" ..... **2.80** ft.
38-029R .....1 1/2" ..... **3.60** ft.

FUEL LINE HOSE (FIRE-ACOL)

Shields Fire-Acol 15 – Low Permeation Fuel Hose has a special design NBR tube with an embedded plastic barrier layer to limit permeation. The design of this hose provides easy coupling insertion and the NBR/PVC cover is weather and UV resistant. The hose is also polyester reinforced and fire-resistant. This hose is primarily used for fuel feed (gasoline up to 85% ethanol blended fuels/diesel/bio-diesel all blends). The temperature range is -20°F to 212°F.

38-032R .....3/8" ..... **2.50** ft.
38-033R .....1/2" ..... **2.95** ft.

"PREMIUM" G. PURPOSE HOSE

100% rubber. Soft and bendable, used for engine cooling, plumbing, pumping, etc.

38-668R .....5/8"I.D. ..... **1.80** ft.
38-669R .....3/4"I.D. ..... **1.99** ft.
38-670R .....1" I.D. ..... **2.90** ft.
38-671R .....1 1/4"I.D. ..... **4.80** ft.
38-672R .....1 1/2"I.D. ..... **5.55** ft.
38-673R .....2" I.D. ..... **7.80** ft.

FUEL LINE HOSE (OUTBOARDS)

Silverado 4000 Outboard Fuel Line is resistant to ethanol blended fuels. This hose is EPA and CARB compliment. Silverado 4000 has a THV barrier layer to prevent permeation, polyester reinforcement for strength and a weather and UV resistant CPE cover. The gray color keeps hose cooler and helps prevent vapor lock. This hose is for above deck primer bulb applications, and is NOT fire retardant.

38-035R .....3/8" ..... **1.99** ft.

FUEL TANK VENT HOSE (FIRE-ACOL)

Fire-acol fuel vent hose resists gasoline/alcohol blended fuel and is fire resistant. It features a weather/UV resistant NBR/PVC cover. This hose is primarily used for fuel vent lines (gasoline up to 85% ethanol blended fuels/diesel fuels). It meets USCG Type A2 requirements for pleasure boats and meets SAE J1527 Type A2, ISO 7840 Type A2 and NMMA/CE Type accepted standards. The temperature ranges from -20°F to 160°F.

38-037R .....5/8" ..... **2.95** ft.

LAY FLAT WATER DISCHARGE

100% PVC water discharge hose. Easily coiled and stored away.

38-674R .....1 1/2"I.D. ..... **0.79** ft.
38-675R .....2" I.D. ..... **0.95** ft.

FUEL FILL HOSE (FIRE-ACOL)

Shields Fire – Acol – Fuel Fill Hose resists gasoline/alcohol blends and is compounded for low permeation. It is abrasion resistant and it is reinforced with wire helix imbedded between plies of HD synthetic cord. This imported hose is primarily used for fuel fill (gas or diesel) and is for pleasure boats only. It meets SAE J1527 Type A2 and ISO 7840 Type A2 NMMA/CE Type Accepted standards.

38-173R	1 1/2"	**7.95**	ft.
38-174R	2"	**10.95**	ft.

EXHAUST HOSE (HARDWALL)

Marine Water/Exhaust Hose has a black synthetic rubber tube and cover. It is reinforced with wire helix imbedded between plies of HD synthetic cord. It is resistant to exhaust fumes, ozone, mild chemicals, anitfreeze and saltwater. This hose is abrasion and odor permeation resistant. It now has double the ozone resistance required by the SAEJ2006. Primarily used for engine intake, wet exhaust connections (use where bends or long lengths are required), bilge pump intake/discharge, scupper lines, toilet intake/discharge, and holiding tank vent/pump out. The temperature ranges from -20° F – +200°F continuous, +250°F intermittent. The hose meets SAE J2006 Type R2 standards.

38-775M	2 3/8"	**9.95**	ft.

38-779M	5"	**24.95**	ft.

FRESH WATER HOSE

All Clear Polyester Reinforced Red Tracer PVC Tubing has a clear heavy wall FDA formula vinyl. It has a polyester braid reinforcement and 250# psi burst pressure. This hose is primarily used for pressurized water system supply (hot or cold), drain lines (sink, shower, icebox), wash down pump connections and head intake.

38-786R	3/8"	**0.78**	ft.
38-787R	1/2"	**1.08**	ft.
38-788R	5/8"	**1.18**	ft.
38-789R	3/4"	**1.49**	ft.
38-790R	1"	**2.09**	ft.

Commercial Quality. We Highly Recommend.

INDUSTRIAL GRADE WATER HOSE

Heavy duty machined brass ends. Non-marking, soft and flexible. 300psi. Temp. rating : -26°C to +66°C

38-810K	1/2"I.D. x 50ft	**54.95**	

For Galvanized Hose Couplers, See Page 91

HEAVY DUTY BILGE/WATER HOSE

Shields Vac Extra Heavy Duty/Commercial Grade Hose has a smooth cover and clear FDA formula PVC with a white vinyl helix. It is rated for full vacuum and is resistant to mild chemicals and saltwater. This hose is primarily used for bilge pump intake and discharge, potable water tank fill, drains (sinks, shower, and scupper), livewell intake and drain, and sanitation (intake, vent and pump out). This hose is utilized for below the waterline connections. Do not use glycol based antifreeze in hose. Do not use in pressurized water systems.

PAR MAX PLUS PUMPS

The high pressure capability of the new Jabsco PAR-Max Plus Series water pressure pumps, available in 4.0, 5.0, and 6.0 GPM models, provide exceptional flow and consistent water pressure to easily handle the demand of multiple outlets. Smooth flow with run dry capability. The PAR-Max Plus series is self-priming up to 10ft (3m) and can run dry without damage. It's manufactured from corrosion resistant materials, capable of handling the harshest marine environments. Sealed switch and co-injected molded diaphragm, eliminate leak paths, extending the life of the pumps by up to 50%. Quick disconnect ports, allow for ease of installation in hard to reach places. Improved noise dampening rubber feet, significantly minimize vibration when mounted against hard surfaces.

ACCUMULATOR TANK

This Accumulator Tank is intended for installation in any pumped water system controlled by a pressure switch.

The Accumulator Tank smooths water flow and reduces on/off cycling of the pump by lessening the variation in pressure and flow between the pump and the outlets in the system.

32-179P.....30573-0000 .....**113.00**

For replacement pressure switches for pumps not shown in this catalogue, please contact us with the Pump Model #

PRESSURE WATER SYSTEM (3.3 GPM)

Delivers smooth, steady water flow from 1 to 3.3 GPM without the need for an accumulator tank •Pumps over 3.3 GPM •Special internal bypass feature eliminates pulsating water and pressure switch chatter •Designed for up to 5 fixtures •Runs dry without harm to the pump. Self priming to 6 ft suction lift. C/W snap-in ports for 1/2" hose barb and 1/2" thread (QEST Type) •Dimensions: 3.75"h x 6.3"w x 8.2"l •Pressure shut off 35 PSI.

FLOJET WASHDOWN PUMP

Premium choice in washdown pumps, the FLOJET delivers high performance with over 4.5 GPM. Powerful favorite in commercial fishing and work boat markets. Automatic high performance pump for deck and anchor washdown. Self-priming. May also be used for full flow bait tank circulation. Complete with high pressure nozzle and strainer. C/W two 3/4" hose barb ports and two garden hose ports.

32-306P .....12V, 4325-143L.....**299.00**

MANUAL GALLEY PUMP

Chrome plated zinc alloy, plastic body, above base 5" high, full body 10" high, use 3/8" hose. Manual operation.

32-076R.....**59.95**

HIGH PRESSURE WATER SYSTEM (4.5 GPM)

Flojet's premium plus water pressure system has become a favorite for both recreational and commercial users •Self priming, smooth flow operation •Includes plug in fittings for 3/4" hose barb and 3/4" garden hose •Pump inlet strainer •270 GPH capacity •Pressure shut off 40 PSI. Self priming to 10 ft suction lift.

32-298P .....115V, 0.5 amp @ 10 PSI.....**359.00**

INLET WATER STRAINER

Keeps debris from entering your water system. Features stainless steel, 40 mesh screen and transparent threaded cover, allowing for easy cleaning. 1/2" hose barb ports.

32-313P.....**22.95**

MINI- PAR ELECTRIC GALLEY PUMP (1 GPM)

An economical light duty galley pump ideally suited for small pleasure craft. Draws only 1.6 amps. This pump is not self priming and must be mounted below water supply. Uses 3/8" hose. Not for commercial use. (12v-1 GPM). Use 3 amp fuse.

32-061P.....42510-0000 .....**62.95**

GALLEY FAUCET
An exceptional quality faucet constructed of heavy-duty chrome plated brass with swivel spout. 1/2" male pipe thread. Uses 1/2" coupling and insert adaptor to connect to 1/2" hose.
32-074P.....**46.95**

Adaptor fitting
Adapts above faucet from 13mm to 1/2" hose barb.
32-160P.....**4.95**

TWIN FAUCET
Same high-quality as single faucet to the left. This unit is designed for boats with hot and cold water systems. Comes with adaptor for 1/2" male pipe thread. Uses 1/2" coupling and insert adaptor to connect to 1/2" hose.
32-075P.....**89.95**

BARKA SINK DRAIN
Brass body, plastic nuts, strainer and tail piece. Takes 5/8" Hose.
32-206K.....**39.95**

SINK DRAIN
Drain fits both "Round" sinks above. Designed for 5/8" hose.
32-077K.....**21.95**

SHOWER & BASIN FAUCET
An attractive style faucet for use in either basin or shower. Hot/Cold. Pull out flexible extension hose is approx. 4' in length. Supplied with 2 fittings which accept 1/2" NPT coupling.
32-065M.....**132.95**

FLUSH MOUNT SHOWER UNIT
Manufactured from high tech plastic material. Flush mount design allows for installation in transom or head. Spray shower head comes with water conserving button and 10' of hose. 10.3" W x 5.75"H x 4.65"D.
32-334P.....**175.00**

3700 BILGE PUMPS

Heavy duty construction for both commercial and pleasure boat use. 1 1/2" discharge outlet. For automatic use, a "Superswitch" is recommended.

32-012P.....12v, 15.5 amps, 3700 gph **295.00**

32-098P.....Repl. Strainer **10.95**

1500 BILGE PUMP

High pumping capacity and reliability at a lower cost. More exclusive design features than any comparable competitive pump. 1 1/8" discharge outlet.

32-083P.....12V, 4 amps.....**129.95**
32-098P.....Repl. Strainer **10.95**

GENERAL PURPOSE PUMPS

This model is designed for use as a washdown pump, but can also be used for fire fighting. This unit is not self priming and must be mounted below the waterline. Although not designed as a high pressure pump, it delivers lots of water.

Requires 1 1/2" intake and discharge hose.

32-015P.....12v,15.5 amps, 3800 gph **335.00**
32-314P.....24v, 6.9 amps, 3700 gph **345.00**
32-016P.....32v, 5.0 amps, 3700 gph **374.00**

1000 BILGE PUMP

Very popular pump for many deep "V" hull boats. Gas resistant strainer base measures 2 3/4" x 2 1/2" for installation in very small areas. 1 1/8" discharge outlet.

32-082P.....12V, 2.9 amps **61.95**

500 BILGE PUMP

This unit offers many design features while keeping size and cost to a minimum. Pumps 500 gph and has 3/4" outlet.

32-081P.....12v, 1.9 amps **37.95**
Bulkhead mounting bracket
32-097P.....**7.50**

RULE-MATE AUTOMATIC BILGE PUMPS

Automatic Bilge Pumps feature a pump and a non-mercury float switch in a single, compact housing. There is no on/off cycling and therefore, no power use until the pump comes on. The pump remains on until the float drops and the pump senses no load against the impeller.

1 1/8" discharge hose.

32-337P.....12v, 4.8 amps, 1500 gph **274.00**
32-338P.....12v, 8.4 amps, 2000 gph **356.00**

ECO-FRIENDLY RULE-MATE AUTOMATIC BILGE PUMPS

No float switch required. Pump activates when water reaches 2 3/4" and shuts off when water is pumped out. The 500gph pump has a 3/4" outlet, and the 1100gph has 1 1/8" outlet. Supplied with one straight and one 90 degree adaptor.

32-335P.....12v, 2 amps, 500 gph.....**85.00**
32-336P.....12v, 3.4 amps, 1100 gph **148.00**

LOPRO 900 GPH BILGE PUMP

900 GPH Low Profile Bilge Pump. Fits into hard to reach places. Threaded discharge ports with mulitiple fittings available (3/4" , 1" & 1 1/8" fittings). Features a tricuspid check valve to minimize back flow of water. Height of the pump is only 2-1/4". The entire discharge body swivels up to 180° for ease of installation. The hose attached can also swivel 360° to route the hose perfectly.

Non-automatic

requires float and or panel switch to automate.

32-024P.....12V, 4 amps.....**67.95**

Automatic

32-025P.....12V, 4 amps.....**90.95**

LIVEWELL PUMP"STC" TOURNAMENT SERIES

Removable motor cartridge. For Thru-Hull Applications Straight 4 3/4" (121mm) Pickup Tube. Flow Rate 800 gph (3028 lph). Discharge 1 1/8 inch (28.6 mm). Voltage 12 Vdc. Amp Draw 2.8 amp. Fuse Size 5.0 amp.

32-355P.....Model 403-STC (Straight) **74.95**

LIVEWELL PUMP "C" TOURNAMENT SERIES

Removable motor cartridge.For Thru-Hull Applications Angled 4" (102mm) Pickup Tube. Flow Rate 800 gph (3028 lph). Discharge 1 1/8 inch (28.6 mm). Voltage 12 Vdc. Amp Draw 2.8 amp. Fuse Size 5.0 amp.

32-357P.....Model 403-C (90 degrees).....**74.95**

HIGH WATER BILGE ALARM

This unit consists of a float switch and an indash gauge that features visible & audible alarms. This unit allows unmanned compartments to be constantly monitored. For additional compartments just add a Rule-A-Matic switch.

32-094P.....12 volt.....**99.95**
32-106P.....24 volt.....**99.95**

RULE-A-MATIC FLOAT SWITCH

Year after year this switch is the choice of most yatchsmen, commercial fishers and boatbuilders the world over. For use with pumps drawing up to 14 amps.

32-091P **49.95**

SUPERSWITCH

The RULE Super Switch is designed for the toughest applications. Good for all voltages up to 110v. Sets the industry standard. C/W built-in fuse.

32-011P..... **72.95**

ECO SWITCH

An ecologically sound automatic bilge pump switch, featuring non-mercury design. As water rises in the bilge, air is forced up the tube which is attached to the switch. The air pressure activates the switch and controls the pump. There are no moving parts, all wiring is out of the water and there are no submerged electrical connections. For pumps drawing up to 20 amps.

32-350P .....12V.....**84.95**
32-351P .....24V.....**86.95**

HAND PUMP

Deluxe Rule Model

Consists of ABS plastic with comfortable grip handle. 1-1/2" diameter. 24" in length. Hose not included. 1-1/8" required.

32-080P.....**71.95**

Imported Model

Plastic construction with removable foot valve for easy cleaning. 24" overall length. Supplied with 36" of 1-1/8" hose.

32-070P.....**24.95**

RULE IN-LINE SUBMERSIBLE PUMP 500GPH

Multi-application submersible for water and diesel. Delivers 500GPH. Pumps fresh, sea water and diesel. Rapid diesel refueling and transfer with no spillage. Easy pump-out in tight areas. **water transfer; deck showers; general wash-down; baitwell tank aeration.** Robust, slim-line with clip on easily cleaned filter. Continuous duty.Pump size 1 1/2" Dia x 6 1/2"L. Supplied with 13 ft of hose and power cable. Removable shut-off nozzle for inline installation if required.

32-168P..... Pump Only,12V, 6 amps **82.95**
32-169P .....Complete Pump Kit.....**120.95**

AMAZON UNIVERSAL HAND DIAPHRAGM PUMP

The Amazon hand pump from Jabsco gives 1320 gph flow rate. Excellent solids handling capability. Quick release clamp ring gives quick access for blockage clearance. Includes one push-fit elbow which swivels 360 degrees for flexible installation. Connections for 1-1/2" hose. Comes with detachable handle.

32-103P.....Medium Duty, 1" and 1 1/2" hose **6.59**

3-WAY BILGE PUMP SWITCH PANEL

Very attractive rocker switch design. Controls any pump equipped with an automatic float switch. This unit features a black plastic panel, has a built-in fuse holder and an internally lighted rocker switch with 3 positions (automatic, off, or manual) with Rule "fail-safe" spring return to "off" from the "manual" position.

32-294P .....12V.....**44.95**

3 WAY BILGE PUMP SWITCH PANEL

Controls any pump equipped with an automatic float switch. Toggle has 3 positions (automatic, off, or manual) and has a "fail-safe" spring return to "off" from the "manual" position. Panel is black stainless steel and has red indicator light and fuse holder.

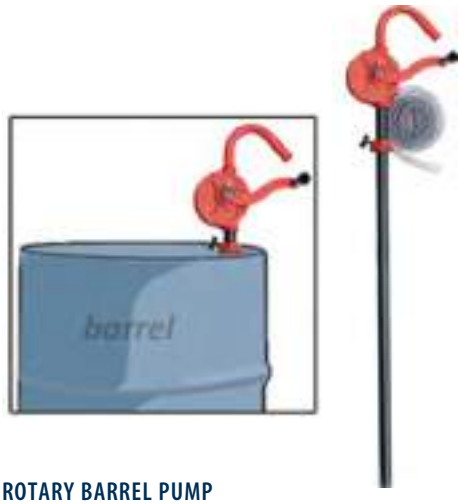

32-092P .....12V.....**43.95**
32-093P..... 24V & 32V **45.50**

WATERPROOF BILGE PUMP SWITCH

3-position rocker switch has auto/off and spring control to manual position. Comes with indication LED's. Uses AGC fuses. Aluminum face plate is 2"W x 3 1/2"H.

32-037R .....12V.....**11.95**

ROTARY BARREL PUMP

Diamond brand

Comes with pipe and 8' of vinyl discharge hose. 18L per minute capacity.

32-067M.....**52.95**

TRANSFER PUMP

Safety experts caution against the unsafe practice of siphoning petroleum by mouth, warning especially that it can result in loss of life. Beckson's answer is the patented Siphon-Mate™ pump; a combination displacement lift pump and siphon pump with valves suitable for transferring fuel. Pump half strokes to start flow. Once flow begins, fully extending the handle will allow siphoning, providing that the source is higher in elevation than the receptacle. Intended usage: Diesel, oil and water. Note: Great item to carry on your snowmobile or ATV.

32-114K.....**49.95**

ENGINE OIL CHANGE PUMP

Comes with 1/4" hose to fit dipstick hole. Brass and neoprene construction.

32-066R..... **17.95**

ELECTRIC DRILL PUMP

A great little pump from JABSCO designed to pump most liquids and especially useful for Engine Oil Changes. This pump will pump hot oil and comes with 3' of 1/2" discharge hose and 40" of 1/4" hose suitable for dipstick hole. Two 3/4" garden hose adaptors are also supplied. Fits into 1/4" or 3/8" drill. Drill not included.

32-110P .....Cap. - 200 GPH.....**64.95**

"LITTLE PAL" UTILITY PUMP

Compact multi purpose hand pump does many draining and liquid transfer jobs, yet small enough to fit into a tool box. Includes 2 feet of hose and draw tube for draining crank case oil through dipstick tube.

32-332P.....**66.95**

SHOWER DRAIN BOX

A compact, full capacity shower drain system. Automatically turns on after the water starts, and shuts off when the water is removed. Activated by a Rule-A-Matic® float switch. Other features include a clear screw down cover, a removable strainer for easy cleaning, and an internal check valve to prevent back flow.

Flow rate : 800GPH. Discharge : 3/4".

3 Inlet Ports Accept 3/4" , 1", 1 1/8" & 1 1/2"

32-348R .....12V..... **195.00**
32-349R .....24V..... **199.00**

MANUAL MARINE TOILET

This Jabsco Manual Toilet is both functional and stylish. The pump assembly is angled forward to provide a natural smooth stroke while the convenient dry bowl selector is easy to operate. The base assembly is fully skirted to eliminate the debris traps associated with most toilets. The 2" pump body is made of white cycloac and can be installed on the left side if required. All fasteners are stainless steel and bronze.

1 1/2" outlet & 3/4" intake.

MACERATOR PUMP

The Jabsco macerator pumps are the ideal answer to simple holding tank pumpouts. The macerator section grinds waste into small particles so it easily passes through the pump's 1" hose barbed discharge port. The pumps are self-priming and can empty a typical 30 gallon (115 litre) holding tank in less than 3 minutes. The intake port with 1 1/2" NPT can be screwed directly into a tank's female discharge fitting or the pump may be positioned remotely for installation versatility.

38-284P .....12 volt **239.00**

Toilet Treatment Available See Page 261

PERKO

NEW

PERKO P-TRAP VENT VALVE

Stainless steel escutcheons, aluminum shaft & polymer body with splash guard and flame arrestor. Allows vapor to vent from tank during thermal expansion of fuel and while refueling. Allows fresh airflow into the tank during thermal contraction of fuel and when engine is running. Protects canisters and fuel systems from water. Deflector style vent opening reduces water volume entering assembly. Internal P-Trap and check valve prevents water from passing through assembly into fuel system. Straight hose connection.

5/8" hose. Max Hull thickness 1"

38-149R.....**46.85**

PERKO

PERKO 1 1/2" COMBINATION FILL & TANK VENT

Black plastic construction with integral tank vent with flame arrestor. No deck key or ground wire required. Flip top cap.

DIESEL FUEL FILTER/WATER SEPARATORS

"Fuel is your biggest expense, don't make it your biggest headache as well"; install a RACOR Filter in your fuel line today. We have models from 30 GPH to 360 GPH. RACOR's Turbine Series are available in single or double manifold series which allows for isolation of one unit, while servicing the other.

RACOR

You can determine your engine's approximate fuel flow rate by using this simple formula:Fuel Flow = HP x 0.18

MODEL 500 FG

Flowrate: 60 GPH. 3/4" - 16 SAE Ports.
Complete with 2 micron element. Plastic bowl.
44-144M..... 325.00

MODEL 500 MA

Flowrate: 60 GPH. 3/4" - 16 SAE Ports.
Complete with 2 micron element. Plastic bowl, comes with metal shield.
44-654M.....402.00

MODEL 75/500 FGX

Flowrate: 120 GPH, 3/4" - 16 SAE Ports, pressure differential gauge and isolation valve, complete with 2 micron elements. Plastic bowls.
44-541K..... 1305.00

MODEL 75/500 MAX

Flowrate: 120 GPH, 3/4" - 16 SAE Ports, Complete with pressure differential gauge and isolation valve. C/W 2 micron elements. Plastic bowls with metal shields.
44-598K.....1450.00

MODEL 900 FH

Flowrate: 90 GPH. 7/8" - 14 SAE Ports.
Complete with 2 micron element. Plastic bowl.
44-148M..... 482.00

MODEL 900 MA

Flowrate: 90 GPH. 7/8" - 14 SAE Ports.
Complete with 2 micron element. Plastic bowl with metal shield.
44-655M..... 592.00

MODEL 75/900 FHX

Flowrate: 180 GPH, 7/8" - 14 SAE Ports. Complete with pressure differential gauge and isolation valve. C/W 2 micron elements. Plastic bowls.
44-1366K..... 1840.00

MODEL 75/900 MAX

Flowrate: 180 GPH, 7/8" - 14 SAE Ports. Complete with pressure differential gauge and isolation valve. C/W 2 micron elements. Plastic bowls with metal shields.
44-804K.....2035.00

MODEL 1000 FH

Flowrate: 180 GPH. 7/8" - 14 SAE Ports.
Complete with 2 micron element. Plastic bowl.
44-151M.....520.00

MODEL 1000 MA

Flowrate: 180 GPH. 7/8" - 14 SAE Ports. Complete with 2 micron element. Plastic bowl with metal shield.
44-596M..... 645.00

MODEL 75/1000 FHX

Flowrate: 360 GPH, 7/8" - 14 SAE Ports. Complete with 2 micron elements with pressure gauge and isolation valve. Plastic bowls.
44-578K.....1915.00

MODEL 75/1000 MAX

Flowrate: 360 GPH, 7/8" - 14 SAE Ports. Complete with 2 micron elements with pressure gauge and isolation valve. Plastic bowls with metal shields.
44-597K..... 2070.00

RACOR AQUABLOC ELEMENTS

Always rely on Racor Aquabloc replacement elements. Elements are available in 2, 10, and 30 micron protection ratings.The lower the micron rating, the finer the protection.The 2 micron element (SM) is for secondary/final filtration and has brown end caps.The 10 micron element (TM) can be used for primary or secondary/final filtration and has blue end caps.The 30 micron element (PM) is for primary filtration and has red end caps.

MODEL 500 REPLACEMENT ELEMENTS PARTS - Models 500FG, 75/500FGX, 500MA, 75/500Max

PORTABLE FUEL TANKS

Portable tanks are lightweight, with stout handles for easy transport. Tanks are non-corrosive, unbreakable, and dent resistant. Features 90 degree 1/4" NPT fuel withdrawl elbow that rotates 360 degrees eliminating a kinked fuel line hose. Includes mechanical direct-sight gauge with easy to read indicator.

48-021R.....**3.2 US Gal**.....**44.95**
Dimensions 14.25"L x 10.25"W x 9"H

TOPSIDE FUEL TANKS

All tanks are molded from UV stabilized, cross-linked polyethylene for excellent durability and long product life. Angled back corners accommodate fuel line routings. Moulded in bottom pads keep the tank body off the floor and allow for complete air circulation. Multi-directional pick-up assembly allows for easy installation. Angled fill for refueling convenience. Cap with mechanical fuel gauge for easy fuel level detection. **ATTN: This tank uses 3/8" NPT fitting (This tank will not accept outboard Fuel Tank Connectors).**

20 US GALLON

Dimensions 30"L x 18"W x 10.5"H

48-094R.....**362.00**

"SWINGARM" ELECTRIC FUEL SENDERS

Gather fuel level information the same way as the mechanical sending units. It connects to a dash mounted gauge without a conversion capsule. Internal components will not rust or corrode.

For Tanks 6" to 12"

42-812R.....035722-10 .....**37.95**

For Tanks 12" to 24"

42-813R.....035729-10 .....**37.95**

"REED SWITCH" ELECTRIC FUEL SENDERS

Collect fuel level information more consistently than swingarm senders. They achieve this by taking the measurment from the float(which is a moving part). However, the fluctuation is much less because the range of motion is much less. Stainless Steel construction provides efficient performance.

For Tanks 7"

42-815R.....035774-10 .....**95.00**

For Tanks 9"

48-076R .....05778.....**12.95**

PRIMER BULBS

Original equipment quality. UV and alcohol resistant. Fits 3/8" diameter hose. Use stainless steel clamps.

48-013R **10.50**

MOTOR FLUSHERS

For use with outboards or inboard/outboards with side wall inlets. Flushes away salt by connecting to a fresh water garden hose.

46-542R **5.95**

HEAVY DUTY DUAL FEED MOTOR FLUSHERS

A customer-favorite for all engines over 50 HP. Improved water flow with rectangular cups will virtually eliminate water leakage for higher-pressure flushing. For use on all lower units with side water inlets; includes Volvos.

46-541R **32.95**

DURAMAX 14 GAL PORT-A-TANK SYSTEM

Composed of a durable, high density polyethlene in vibrant red for use with gasoline, diesel, or kerosene fuels. Comes complete with a patented Flo n' Go hand pump and pump holder handle. Sturdy 152mm wheels make maneuverability a breeze over rough terrains. Dual mechanical shut-off valves, at both tank and hose, for spill proof Flo n' Go disconnection. Meets D.O.T. and UN transportation requirements.

48-027M **149.95**

UNIVERSAL MAXFLO NOZZLE

Included rubber cones fit most neck openings. Rubber cone design doesn't rely on US neck finish sizes.

48-062R **36.95**

SPILL PROOF SPOUT

Stops overflows, closes automatically and self-seals to guard against unwanted vapor emissions when not in use. Ecologically friendly. Automatic shut-off.

48-064R **9.95**

9" FUNNEL WITH STRAINER

Plastic funnel with strainer. 4.09 litre capacity. Rugged and flexible. Available with or without anti-splash guard.

48-040M .....Without anti-splash **10.95**
48-041M.....With anti-splash **12.95**

PLASTIC WHEEL CHOCKS

Use when vehicle is parked. Use when changing tires. Durable and lightweight.

90-235R.....7"L x 5"W x 4"H **5.45**

2 IN 1 FUNNEL

Plastic funnel with strainer. 5 1/2" dia. Comes with a 10" flexible extension spout.

48-014M **3.49**

6.6 GAL JERRY CAN/PUMP KIT

Patented design. Handle pump control allows for auto shut off and restart as well as clean hassle free siphon control. Pumps gas in any direction(including upward) for easy, clean fill ups even in hard to reach places.

48-020R .....**6.6 Gal/25 Litre**.....**64.95**

4-STROKE O.B. MOTOR BRACKET

Built for newer, heavier 4-stroke high torque motors weighing up to 169 lbs. Rated from 7 1/2 to 30 H.P., long or short shaft. Black satin anodized aluminum body. Heavy duty stainless steel torsion springs help to counter balance the weight and makes motor easier to raise and lower. Heavy duty 11 1/2" x 10 3/4" x 2" thick poly motor pad is durable and tough. 5 vertical running positions and a new twist-lock knob secures this bracket in place. Comes with a heavy duty motor safety cable.

Vertical travel 9 1/2".

46-775P .....Model 71090.....**422.20**

OUTBOARD MOTOR BRACKET

"Stainless Steel" Top quality bracket at an economical price. Rated for motors up to 20 H.P., 115 lbs., long or short shaft. Heavy duty stainless steel torsion springs enable the design to be easily lowered or raised. All hardware is stainless steel and it features a unique adjustable bracket to set "trim angle". Comes with new 2" thick, 7 5/8" x 7 1/8" high poly mounting board. Designed for the newer, wider style motors. Vertical travel 11 1/4".

46-312P .....Model 71056.....**297.05**

OUTBOARD MOTOR BRACKET

Constructed of tough anodized aluminum with stainless steel springs and bolts. Rated for motors from 7 1/2 H.P. to 20 H.P., long or short shaft up to 115 lbs.. Poly pad measures 11 1/2" x 10 3/4" x 2".

Vertical travel 11 1/4".

46-743P .....Model 71057.....**231.95**

PLATFORM O/B MOTOR BRACKET

Tough 304 stainless steel bracket. 1 1/2" x 8" poly pad. Rated for 15 H.P..

46-398P .....Model 71078.....**127.75**

STATIONARY O/B BRACKET FOR 4 STROKE

- Fixed height for auxiliary or trolling motor – 4-stroke
- 304 stainless brackets and hardware
- Mounts to transom
- **Motor Safety Cable included**

H.P. Rating to 30, Motor Weight Not to Exceed 263 lbs., Poly Mtg Board Dimensions 11 1/2"W x 12"H x 2"T, Mtg. Bracket Dimensions 12 1/4"W x 6 1/4"H

46-402P .....Model 71099.....**154.45**

ALUMINUM 4-STROKE O.B. MOTOR BRACKET

- Accommodates long or short shaft motors
- **Motor Safety Cable included** for added protection
- With 5 vertical running position lock bar to compensate for water surface and boat load conditions – Hard coated for added resistance to wear
- New, ergonomically designed twist lock safety knobs secure bracket in place
- Heavy-duty stainless steel torsion springs help counterbalance motor's weight
- Black satin Anodized aluminum body resists corrosion
- 2" Thick, Extra Wide Black Poly Mounting Board – Weatherable and maintenance free
- Aircraft Type Stainless Steel Hardware – For increased durability with nylon friction resistant washers

H.P. Rating: Over 7 1/2 to 25. Motor Weight Not to Exceed: 175 lbs. Vertical Travel: 15 1/2"

Mtg. Pad: Poly Mounting Board Dimensions 11 1/2"W x 12"H x 2"T

46-776P .....Model 71091.....**599.90**

OUTBOARD MOTOR TILTER

- Leverage tool for use with manual lift motors
- Tilts motors back easier with less strain
- Adjustable to fit shroud of outboards with hand holds
- Compact for stowage
- All contact points are cushioned

46-403P .....Model 71036.....**97.20**

See pages 5 - 7 for Stainless Steel fasteners for attaching bracket to boat.

ECONOMY ALUMINUM O.B. MOTOR BRACKET

Rated for lighter engines up to 20 H.P. (Not recommended for heavy 4 stroke). Plastic board size

8-1/4"W x 10-3/8"H x 2"Thick.

46-401P .....Model 72534.....**165.65**

ECONOMY STAINLESS O.B. MOTOR BRACKET

304 Stainless Steel. Rated for lighter engines up to 20 H.P. (Not recommended for heavy 4 stroke). Plastic board size 8 1/4"W x 10 3/8"H x 2"Thick.

46-950P .....Model 72533.....**218.35**

HEAVY DUTY MOTOR SAFETY CABLE

- Secures motor to motor bracket or boat
- Black poly vinyl cover
- Stranded Steel Cable. 48" long.
- Secures motor to motor bracket or boat
- Black poly vinyl cover
- 2000 lb Test.

46-313P .....Model 71030.....**19.95**

OUTBOARD MOTOR EXTENSION HANDLE

30" to 47" telescoping handle. For twist grip outboard motors. Anodized aluminum, stainless steel and tough polycarbonate non-slip comfort grip. Access hole for kill button.

46-396K.....**66.55**

TRANSOM PAD

Rubber pad is oil and weather reisistant. Reduces motor vibration noise. Protects transom.

90-219P.....**34.95**

BOARDING LADDERS

The EZZ-IN boarding ladder is an industry leader. Features comfortable and sturdy plastic construction, 15" steps and all stainless steel fasteners. 1" aluminum tube. Hooks & stand-offs fold away so ladder stays flat. Soft vinyl tips on stand-offs. Ladder floats.

24-044R .....36" (3 step) **67.50**
24-045R.....48" (4 step) **77.90**

TELESCOPING DROP LADDER

3 step telescoping ladder conveniently folds over flat on platform for storage. Step treads have plastic covering for safety and comfort. Made from 304 polished stainless steel. 32" deployed, 14 1/2" stowed, 12" wide.

24-030P.....**148.15**

24-100
Optional Quick
Release Bracket

ANODIZED ALUMINUM DOCK/RAFT LADDER - FIXED MODEL

10 degree angled design provides effortless boarding.

All aluminum heavy walled 1" diameter tube construction. Quick release pins allow easy removal for seasonal storage or periods of non-use. Wide track 18" ladder with full 16" width steps. Comfortable anodized aluminum traction tread curved step surface. Dual handrails 15" height and extends 14" deep onto dock.

Assembly is quick and easy with all stainless steel hardware. Capacity 300 lbs boarding weight.

Aluminum extruded curved step 4"deep.

24-031P.....3 Step (15330) **388.90**
24-032P.....4 step (15340) **449.50**
Quick Release Ladder Bracket (Optional)
24-100P.....**62.35**

GULL WING STEP BOARDING LADDER

Easy boarding for swimmers or divers with fins or heavy gear. Steps fold out in unison and lock in place. Features quick release mounting hardware with built-in angle adjustment and breakaway feature. When removed, the compact size allows for easy storage in locker. Heavy duty stainless steel vertical rails rated up to 400 pounds boarding weight.

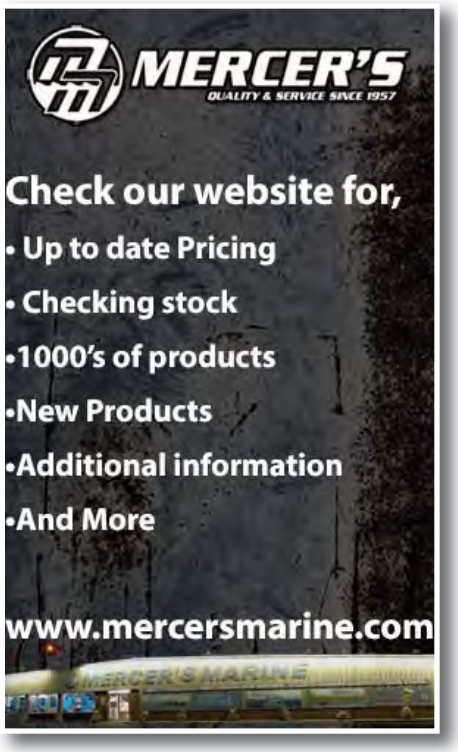

24-046P.....**499.00**

OUTBOARD SWIM PLATFORM

Designed for outboard boats. High density polyethylene platform measures 15 1/2"L x 18"W x 15 1/2"D. Uses one 1" stainless steel wrap around rail and one underside rail. Reversible. Available with or without ladder.

24-060P .....with ladder.....**229.95**
24-059P.....without ladder **169.85**

Garelick Pilot & Helm Seats

GULFPORT HIGH BACK HELM SEAT

The Gulfport is quality engineered for commercial boat applications; these durable seats offer comfort and convenience. Internal welded tubular frame, molded foam and marine grade vinyl, with seat back and arm adjustments, make this helm seat a desirable choice at a great value.

•Backrest width (without armrests): 19"

•Seat measures (with armrests): 24" width x 19" depth x 34" height

•Contour molded shaped seat and back high density foam provide lumbar support for promoting good posture while helping reduce fatigue.

24-067K .....Black.....**862.40**

NEW ORLEANS HIGH BACK HELM SEAT

The New Orleans High Back Helm Seat is a premium choice and features a built-in back angle recline adjustment, along with fold up, thick padded upholstered arm rests. Internal welded tubular frame, molded contour seat and back foam, and marine grade vinyl will offer long lasting comfort and upscale appearance in any pilot house.

•Backrest width (without armrests): 21"

•Seat measurements (with armrests): 26.5" width x 18.5" depth x 32" height

•Contour molded shaped seat and back high density foam provide lumbar support for promoting good posture while helping reduce fatigue

24-065K .....Black.....**1198.10**

GARELICK FOOT REST FOR PEDESTAL

•1" thick black HDPE traction grooved surface.

•Fits all 4.0" fixed height Garelick/EEz-In seat bases.

24-074K.....**476.90**

GARELICK CHAIR STAND

The 4-Leg Chair Stand has a leg span of 29" and is built on a sturdy, all welded, corrosion resistant frame of black painted marine grade aluminum alloy. The 360° swivel and rocking mechanism and built in 180° footrest add comfort and style. Includes adjustable padded rubber foot pads for leveling.

24-076K.....**899.85**

GARELICK ADJUSTABLE SEAT PEDESTAL

•SWIVEL: 360 degree free rotation or positive lock in 45 degree increments

•SLIDE: 6" of fore and aft travel with positive locking at 1" increments.

•LIFT: Vertical travel of 4" is operated from a single lever in a lift-to-lift motion.

•4" diameter pedestal and 12" base plate

24-072K .....21" to 25" 78325 .....**1875.00**

GARELICK TOGGLE BOLTS

Secure seats and table bases to decks or any accessory to cabin walls. Made of 304 Stainless Steel. These easy-to use togglers save time and labor and provide added strength and reinforcement to pedestal installations.

24-075R .....**51.90 per pk.**

SeaPost engineers have a solid understanding of ergonomics and have carefully studied seats functions, shapes and positioning in relation to the users body •This assures the best comfort whether on a short trip or long voyage •Seats are fully "marinized" with a two-coat metal finish and have non-corrosive hardware •Most seats are available in vinyl or special cloth covering.

Helmsmen Seat

Torsion Seat

SeaPost Seats, now sold as separate parts.
"4" parts required for Helmsmen seat (Seat,Arms,Module & Base).
"3" parts required for Torsion seat (Seat,Arms & Torsion Assembly).

HIGH BACK HELM SEATS

Offshore quality Helmsman seat. Fold up armrests with angle adjustments. Built in lumbar support. Serpentine seat springs isolate shock from heavy seas while high density seat cushions are padded and contour molded for added comfort. Seat Size including arm attached: 24"W x 21"D x 34 1/2"H

Supplied in the following fabrics and colors:

Moulded seat. Constructed of exceptionally strong UV resistant white polyethylene. Front waterfall edges and natural drain center eliminates water build up. Removable blue marine vinyl snap-on cushion. See info guide to the right for required installation hardware.

24-064P.....**199.00**

INFORMATION GUIDE

Optional installation requirements for 24-089 & 24-064 seats

A seat slide or reinforcement bracket MUST be mounted directly to the bottom of these seats. Your options are listed below.

360⁰ Swivel mount (Non-sliding)
Use 24-093 reinforcement bracket. This bracket must be attached directly to the bottom of the seat. The spider is mounted directly to the bracket allowing 360⁰ swivel and attachment.

Fore and aft mount
Use 24-095 seat slide. This slide must be attached directly to the bottom of the seat. The spider is mounted to the seat slide, eliminating the need of purchasing the reinforcement bracket, 24-093.

See page 120 for swivels, slides and brackets.

48251 SEWN SEAT

Attractive and comfortable extra large cushions. Firm resilient foam, marine grade vinyl, "Anodized" aluminum extrusion back and arm supports, durable treated plywood substrates and padded armrests.

INFORMATION GUIDE

We can supply custom made doors and windows in most sizes. When ordering, please advise us on "Cutout Size". This is also known as "Rough-Stud Opening". To determine if you require a left or right hand door, note the following: When viewing the door from "OUTSIDE" your vessel, HINGES on the left indicate LEFT HAND door, HINGES on the right indicate RIGHT HAND door. Remember, these marine doors open "OUTWARDS" only. Powder Coating available by special order. Allow 10 weeks delivery.

Available by special order. DSG "Sliding Doors". Please call for details.

DIAMOND / SEA-GLAZE

HOT WATER HEATERS

Heat your water by running your engine's cooling water through the built in heat exchanger. Also has 120 VAC x 1500 Watt electric heater for dockside use. Constructed of aluminum tanks and insulated stainless steel housings. Unique to Force 10 is the addition of a temperature control valve **(TCV Optional)**. It controls coolant flow through the heat exchanger, preventing excessively high water temperature and reducing the risk of scalding. Complete with ignition protected controls and pressure relief valve. For convenience, all connections are located on the same side of the units. "GALVANIC ISOLATOR" is highly recommended .

Galvanic corrosion is not covered under warranty. UL marine approved.

BBQ SCOTTY "POST AND SOCKET" TYPE MOUNT

This kit attaches to a Scotty type fishing rod holder or instrument mount socket. It fits all BBQ models and features the quick release snap latch kit for easy removal or replacement of your BBQ. The universal angle knuckle allows positioning at any angle.

36-209P.....**92.00**

PEDESTAL MOUNT

The Dickinson pedestal mount is the perfect way for you to mount your Sea-B-Que in locations such as a deck, or patio, boat, swim platform or pontoon boat. Features the quick release latch for easy removal and storage of your Barbeque. BBQ NOT INCLUDED.

36-224P.....**124.00**

VERTICAL/HORIZONTAL RAIL MOUNT KIT

Strong and sturdy mount for any Dickinson BBQ. Use with square or round rail 7/8" to 1 1/4" thick. Use on vertical, horizontal or some angled portions of rail

36-214P.....**76.00**

BBQ FISHING ROD HOLDER MOUNT

A versatile mounting kit for your BBQ. Crafted from the most durable materials, the fishing rod holder mount kit adapts to most fishing rod holders and has a universal level joint and a quick release snap latch for easy use.

36-213P.....**93.00**

BBQ TAFF RAIL MOUNT

The Taff Rail Mount Kit uses high quality stainless steel tubes and sockets to create a stand off mount for your BBQ that can be installed in a cap rail or taff rail, and the rails slide out and fold for easy storage

36-212P.....**83.00**

STRAIGHT-THRU FITTING

For LPG hose (1/4" & 1/8" ID) Copper Tube (1/4" to 3/8" ID). Nylon and rubber sealing gland. Liquid and vapor tight. Fits over and seals around 1/4" to 3/8" LPG copper tubing (before flare nuts attached) through bulkheads and decks up to 1/2" thick.

36-238K.....**29.95**

dickinson MARINE

The name is your assurance of quality workmanship & reliability

Dickinson stainless steel stoves and heaters offer quality and dependability. The cookstoves feature cast iron tops, stainless steel construction, sea rails, and fast efficient oven heat. Both the cookstoves and stainless steel heaters are supplied with a 12 Volt blower and speed control. For 24 Volt or 32 Volt you must add a resistor, or damage will occur.

BERING (DIESEL COOKSTOVE)

Economical model. Overall size is 24"W x 15"D x 20"H. Heat output of 6500 BTU - 16250 BTU. Oven size 10.5"W x 13"D x 10.5"H. Weighs 80 lbs. Flue Size 5".

36-254P **2108.00**

PACIFIC (DIESEL COOKSTOVE)

Mid-size model. Overall size 22"W x 18"D x 20"H. Heat output of 6500 BTU - 16250 BTU. Oven size 10.5"W x 13"D x 10.5"H. Weighs 110lbs. Flue size 5".

36-255P **2532.00**

ADRIATIC (DIESEL COOKSTOVE)

For Medium size boats. Overall size is 26"W x 18"D x 20"H. Heat output of 6500 BTU - 16250 BTU. Oven size 15"W x 13"D x 10.5"H. Weighs 125 lbs. Flue size 5".

FUEL PUMP

Adjustable pressure pump with built in regulator makes it ideal for internally vented systems. Prevents excessive fuel pressure build up from occuring at carburetor. Reduces chances of vapor lock. For non fuel-injection applications. An ideal pump for oil stoves when a gravity fed system is not possible or preferred. Adjustable from 1.75 to 5 psi. Factory set at 2.5 psi.

36-006P.....**234.00**

GALVANIZED TURBINE SMOKE HEADS OR VENTS

SOLAR-RAY REPLACEMENT PARTS

30-532K	Reflector for 12" lt. (890-002)	**606.80**

INFORMATION GUIDE Lights with lever control assembly , E-length of 8 1/2" are for maximum ceiling thickness of 4 1/2". If ceiling thickness exceeds 4 1/2" you will require "E" length assembly of 15 1/2".

19″ SOLAR-RAY SEARCHLIGHTS

All Aluminum - White Perko*Kote Finish - 32, 120 or 230 Volts

The 1900 Series - Solar-Ray Searchlights are designed and built with the commercial users in mind, where maximum size and brilliance count. These units are constructed of marine aluminum with heavy duty castings and heavy gauge reinforced bodies for extra durability. They are finished in our white PERKO*KOTE finish; an advanced process that eliminates the need for painting while providing a scratch resistant and chip-proof surface for painting when necessary to match the color of the vessel.

Available with Lever/Gear or Distant Electric Remote Controls. All models feature halo deflectors, parabolic glass mirror reflectors for maximum light output and ventilation covers for quick dissipation of heat to help prolong bulb life. Hinged front doors have quick release stainless steel latches to provide easy access for bulb replacement.

Supplied without socket or bulb - See below for components to suit your requirements.

19″ SOLAR-RAY SEARCHLIGHTS

PRECISION "WIRELESS" CONTROLLED SPOTLIGHT

The innovative Marinco Precision Wireless Controlled Light addresses the most common issues found in marine-grade spotlights. In doing so it has become the most versatile, durable, consistent and easy-to-use spotlight on the market. Its unique, totally enclosed housing design protects all critical components from moisture, salt, shock and vibration for long-lasting operation. Easy snap-in mount system. Whether mounted upright or suspended upside down, you get 370 deg sweep rotation and 120 deg tilt (75 deg up, 45 deg down) in a durable IP56 weatherproof housing. Inside, a brilliant 100 Watt H3 Halogen lamp with an optimized parabolic reflector pierces the ultra clear lens to provide a consistent light pattern. **Universal 12 & 24 Volt circuit (shipped with 12 Volt bulb installed / 24 Volt bulb included).**

Replacement Bulbs
30-565P.....12V.....**9.95**
30-566P.....24V.....**9.95**

BRIDGE MOUNTED HARDWIRED REMOTE

Optional for searchlight above. For 12 or 24V.

30-567P.....**54.95**

HANDHELD WIRELESS REMOTE

Optional for searchlight above. For 12 or 24V. Range approx. 200 ft. Floats. Glow in the dark remote buttons. Battery included

30-568P.....**94.50**

135SL REMOTE CONTROL SEARCHLIGHT

Ideal for boaters...locate buoys, moorings, channel markers, etc. Ideal for RV'ers...pinpoint road signs,campsites, or use as backup light. Constructed of noncorrosive materials. Sealed beam halogen lamp.

Remote control and 15' cable included. Long life gear drive. Low amp draw. Patented clutch mechanism prevents motor damage when running against limit stops. Horizontal Movement, 320 degrees. Vertical Movement,75 degrees. 100,000 CandlePower. 50 Watt.

30-300M.....12V..... **349.00**
30-301M.....24V..... **349.00**
Replacement Sealed Beam
30-304M.....12V/24V **64.00**

NIGHTBLASTER® QH-3001 CORDED

3,000,000 Candlepower - 12-volt handheld Spotlight. Marine glare reduction lens. 130-watt quartz halogen. Removable 10-ft. coil cord with handy storage compartment. Trigger switch.

30-284P.....**36.95**

ECONOMY CABIN CONTROLLED SEARCHLIGHT

An economical searchlight for small boats. S.S. construction, 55,000 CP. quartz halogen bulb. 4 1/2" diameter.

30-074R.....12V.....**84.95**
REPLACEMENT HALOGEN BULB
30-080R..... 12v / 55w.....**4.39**

BLUE-EYE BEAM® KB-4001 CORDED

BlueEye Beam® - Eliminates reflective glare and protects against night blindness. Enables beam to penetrate rain, fog, snow and even windshields and water. The perfect choice for serious outdoorsmen and professionals who demand performance. 400,000 cp. Sealed Beam 12-volt Spotlight. Glare Free Saltwater/Marine version with corrosion-resistant hardware. 170-watt Par 46 BlueEye Beam sealed beam bulb. 10-ft white coil cord. Push button switch. Four-color box.

30-280P.....**64.95**

7" SEALED BEAMS

30-067P .....12v, 200,000 CP, 100W.....**54.60**

L.E.D. ENGINE ROOM LIGHT

Aluminum Alloy, White Painting, PC Lens.Beam Angle: 110°. Voltage: 8-30 VDC. Splashproof.

Size Approx. 5 3/8" x 2 3/4"

30-634R.....**69.95**

ECONOMY SPREADER LIGHT

Complete with 12V, 55W Halogen Bulb

30-112R.....**36.95**
30-080R .....Replacement Bulb **4.39**

QUARTZ HALOGEN FLOOD LIGHT

Corrosion resistant cast aluminum case with protective coating. All S.S. hardware, adjustable mounting bracket, cooling fins for heat dissipation, safety glass & attractive style. Supplied without bulb, See below.

7 1/2"W x 5 7/8"H x 5 1/4"D.

30-195R..... **64.95**

QUARTZ HALOGEN BULBS - Fits Light Above

30-093P .....12V x 150W.....**33.60**
30-094P .....24V x 300W.....**33.60**
30-095P .....32V x 300W.....**33.60**
30-096P .....120V x 300W.....**7.50**
30-130P .....120V x 500W.....**10.90**

OPTILUX DECK LIGHT

New compact deck light from Hella. High illumination, impact resistant, with Form Reflector Technology. Supplied with stainless steel hardware. Complete with 12V halogen bulb.

Size: 3 5/8"W x 1 5/16"H x 3 1/8"D.

30-347R.....**24.95**

Replacement Halogen Bulbs

30-080R.....12V/55W.....**4.39**
30-081R.....24V/70W.....**4.95**

LED FLUSH MOUNT LIGHT

Aluminum alloy. 4 x 3 Watt cool white LED. 50000 hours. Beam angle : 110 °. 426 lumen. 10 Watt. 8-30 VDC.

Outside flange 6 7/8"L x 2 5/16"W

Cutout 4 1/2"L x 1 7/8"W

30-654R.....**47.95**

SCEPTER LIGHT FIXTURES

An enclosed gasketed incandescent fixture constructed of reinforced thermoplastic. Non metallic and unaffected by salt water corrosion. Maximum bulb size 150 watt. Bulbs not included.

Complete Overhead Mount Fixture

30-097R.....**149.95**

Replacement Parts for Scepter Lights

30-098R..... Bulkhead Mount Bracket **78.95**
30-099R..... Clear Glass Globe **27.50**
30-100R..... Plastic Shield **22.95**
30-142R .....Vapour Conduit Kit - Seals.....**11.95**
30-182R.....Light Socket Base **28.95**

HELLA WORK LIGHT

This light features a Halogen bulb for extra light and longer life. Marine plastic case with S. S. hardware. This light swivels and tilts on its own base. Complete with 12V halogen bulb.

6 5/8"H x 3 3/4"W x 3" D.

30-086R..... **49.95**

Repl. Halogen Bulbs "For Work Light"

30-080R .....12V, 55W..... **4.39**
30-081R .....24V, 70W..... **4.95**

PERKO UTILITY LIGHTS

Diffused lens and molded plastic snap on cover to conceal screws after light is mounted. Requires a 1 3/4" diameter cut out. Measures 2 1/4" x 2 1/4" x 15/16" Deep.

30-252R.....White **12.95**
30-255R .....Replacement Bulb (pkg.of 2).....**18.75**

Rhyno outdoor LED flood lights are mounted in a high quality aluminum alloy housing with corrosion resistive coating,complete with stainless steel bolts and screws. The lenses are tempered glass with a silicone rubber gasket. These lights replace the equivalent of up to 10 times the power of incandescent lights with energy savings of up to 90%. Approximate lifespan: 50000 Hours

RHYNO FLOOD/AREA LED LIGHTING

This powerful luminaire has been designed to meet diversified installation requirements. It can be used as a flood light and an area light. With built-in heat inks on the back of the luminaire, the LED560 provides truly spectacular light while keeping the LEDs at a cool temperature. They are solid die cast aluminum construction with bronze UV stabilized powder coated finish and have a heat/impact resistant tempered glass. UL and CUL listed for wet locations.
Light rating IP65.

80 Watt (RL80-120-03)

Input Voltage:100-277Vac
Input Amps: 0.67A at 120V
Lumen Output: 8795 lm (2 LED's)
Beam Angle: 120°
Dimensions: 16"W x 20.7"H x 5"D

30-767R .....(80 Watt) **620.00**

150 Watt (RL150-120-03)

Input Voltage:100-277Vac
Input Amps: 1.25A at 120V
Lumen Output: 14850 lm (3 LED's)
Beam Angle: 120°
Dimensions: 16"W x 20.7"H x 5"D

30-768R .....(150 Watt) **925.00**

235 Watt (RL235-120-03)

Input Voltage:100-277Vac
Input Amps: 1.96A at 120V
Lumen Output: 19366 lm (4 LED's)
Beam Angle: 120°
Dimensions: 16"W x 20.7"H x 5"D

30-769R .....(235 Watt) **1099.00**

RHYNO FLOOD/AREA LED LIGHTING

This stylish LED wide area light is manufactured from die cast alumium with a bronze UV stabilized powder coating. Has high impact heat resistant glass front. Light is commonly used for ice lights on commercial vessels or wide area work environments.

345 Watt (RL345-120-03)

Input Voltage:100-277Vac
Input Amps: 2.9A at 120V
Lumen Output: 39126 lm (4 LED's)
Beam Angle: 120°
Dimensions: 23.1"W x 14.6"H x 14.6"D

30-805R .....(345 Watt) **2255.00**

RHYNO FLOOD/AREA LED LIGHTING

Rhyno outdoor LED flood lights are mounted in a high quality aluminum alloy housing with corrosion resistive coating,complete with stainless steel bolts and screws. The lenses are tempered glass with a silicone rubber gasket.

50 Watt (RL50-120-02)

Input Voltage:100-277Vac
Input Amps: 0.42A at 120V
Lumen Output: 4400 lm (2 LED's)
Beam Angle: 120°
Dimensions: 11.2"W x 9.25"H x 5.6"D

30-764R .....(50 Watt) **245.00**

RHYNO FLOOD/AREA LED LIGHTING

Rhyno outdoor LED flood lights are mounted in a high quality aluminum alloy housing with corrosion resistive coating,complete with stainless steel bolts and screws. The lenses are tempered glass with a silicone rubber gasket.

120 Watt (RL120-12/24)

Input Voltage:12/24V
Input Amps: 10A at 12V ; 5A at 24V
Lumen Output: 12000 lm (24 LED's)
Beam Angle: 120°
Dimensions: 13.5"W x 3"H x 6"D

30-816R .....(120 Watt) **359.00**

HELLA OPTILUX CUBE 4 LED DRIVING LAMP

4 High performance LEDs. Small and compact. Low power consumption - 16W per lamp. Creates a homogeneous light pattern. Flood Beam. Operating Voltage : 10-30V DC. Die-cast housing. Stainless Bracket. Lumens : 1440 lm. 3.2"W x 2.9"H x 3.2"D

30-730P.....White **79.95**

HELLA OPTILUX MINI LIGHT BAR 6 LED

6 High performance LEDs. Small and compact. Low power consumption - 18W per lamp. Creates a driving beam pattern and cool white color. Operating Voltage : 10-30V DC. Die-cast Aluminum housing. Stainless Bracket. Lumens : 800 lm.

30-732P.....White **64.95**

OPTILUX LIGHT BAR 12 LED / 8"

12 High performance LEDs. Creates a driving beam pattern and cool white color.
Operating Voltage: 10-30V DC. Power Consumption :36W. Die-cast housing. Aluminum Bracket. Lumens 1700 lm

30-734P.....White **174.95**

HIGH POWER L.E.D. WORKLIGHT

Made of Aluminum, With PC Outer Ring. Rating: Multi Voltage 9-56V DC/12W With 6x3W (5000-6500K) Lambertian. Pre Wired with 2M PU Cable. Bracket allows full tilt & 360 rotation adjustment. Operation temp: -20 to +60 degrees Celcius. IP66. Size Approx. 6" x 5 3/4"

30-649R.....**69.95**

L.E.D. WORKLIGHT

Die Casting Aluminum. PC Lens. Beam Angle: 40°. 12W. Voltage: 12 VDC. Waterproof IP67.Bracket Allows for Back & Forth Tilt Adjustment. Pre-Wired with 30cm Cable, UL1430, 18AWG

Size Approx. 4 3/4" W x 2 3/4"H

30-644R.....**116.50**

L.E.D. SPOT LIGHT

Material: Aluminum Alloy, PC Outer Ring. LED Type: 4 x 3W Cool White LED.LED Lifetime: 50000hrs. Beam Angle: 60°. Color Temperature: 5000-6500K. Effective Lumen: 390LM. Voltage: 9-56 VDC. Waterproof IP66.

Size Approx. 4 3/8" x 3 3/8"

30-652R.....**99.95**

L.E.D. FLOOD UTILITY LAMP

Stainless steel mounting hardware. Powder coated water resistant aluminum housing. Multi-voltage input (12 to 48 VDC). Polarity safe. 600 Lumen. Recessed glass lens. Dimensions: 6" L x 3.75" W x 1.75"D.

30-671M.....**64.95**

L.E.D. WORKLIGHT

Die casting aluminum, acrylic lens, S.S. 304 bracket. LED Type: 6 x 3W "CREE" Cool white LED. LED Lifetime: 50000hrs. Beam Angle: 60°. Effective Lumen: 1260LM. Wattage: 18W. Voltage: 10-30 VDC

Size Approx. 4 1/4" x 3 7/8" x 2 7/8"

30-655R.....**59.95**

L.E.D. SPOTLIGHT

Material: Die Casting Aluminum. PC Vacuum- Coated Reflector. LED Type: 12 x 3W Cool White LED. Lifetime: 50000hrs. Beam Angle: 40°. Color Temperature: 5000-6500K. Wattage: 30W. Effective Lumen: 710LM. Voltage: 9-56 VDC. Waterproof IP66.Bracket Allows for Back & Forth Tilt Adjustment. Pre-Wired with 30cm Cable, UL1430, 18AWG

Size Approx. 6 1/2" Dia.

30-650R.....**239.95**

L.E.D. FLOOD UTILITY LAMP

Water resistant aluminum body w/powder coat paint. Recessed glass lens.Suitable for use on 12V to 48V DC. Polarity Safe. 800 Lumen. Comes with removable stainless steel mounting hardware. Dimensions: 6" L x 3.75" W x 1.75"D.

30-642R.....**29.95**

L.E.D. SENSOR LIGHT

For Flush or Surface Mount. Material: PC.
LED Type: 1 x 1W Warm White LED.
LED Lifetime: 50000hrs. Beam Angle: 110°
Effective Lumen: 40LM. Effective Wattage: 1.2W
Voltage: 8-30 VDC. Splashproof. 3"Wide

30-648R.....**21.95**

L.E.D. STAINLESS STEEL WALL LIGHT

With Glass Shade. Beam Angle: 110°. LED Lifetime: 50000hrs. Effective Lumen: 86LM . Wattage: 3.1W. **Voltage: 8-30 VDC.** Approx Size: Base 2 1/8"Dia; Height 3 1/2"(H.)

30-638R.....**44.95**

L.E.D. 13" INTERIOR LIGHT

Plastic. Beam Angle: 120°. **Voltage: 10-30 VDC** with 3P Switch. Size: 13" x 2 3/4". Effective Lumen: 535LM LED Lifetime: 50000hrs.

30-637R.....**54.95**

L.E.D. LIGHT RAIL

Plastic. Splashproof. Can Be Turned to 180°. Voltage: **12 VDC** . LED Lifetime: 50000hrs. Effective Lumen: 30.5Lux for 7" model. Effective Lumen: 26.08Lux for 10" model.

30-640R.....7" **13.25**
30-641R.....10" **28.40**

L.E.D. BAYONET BASE LIGHT PANEL

The wire lead is 5" long between the PCB board and the socket. The PCB has a self adhesive on the back so that this bulb can be fastened to the inside top of the fixture. Great for fixtures that have a bayonet base mounted horizontally inside the fixture and normally you would use a LED-BA15S or D as the replacement bulb but being a 360 degree light, you lose a lot of light being trapped in the fixture. This new bulb, when secured to the back of the fixture, directs the light out of the fixture.

30-1070R ....LED-BA15S-12SQ(Single Contact).....**21.40**
30-1071R ...LED-BA15D-12SQ(Double Contact).....**21.40**

L.E.D. CEILING LIGHT WITH SWITCH

3 1/2" Diameter. LED Lifetime: 50000hrs. Effective Lumen: 45LM. Wattage: 0.5W. **Voltage: 12 VDC.** LED Type: 3 x "2835" 0.2W LED

30-614R.....**12.50**

L.E.D. SURFACE MOUNT LIGHT

4 1/4" Diameter. **12V. Push On/Off.** 50000 hours. Effective LED Type: "2835" 0.2W LED. Lumen: WH: 230LM/ RD: 30LM. Wattage: 1.15W.

30-632R.....**19.95**

- **Volts: 10-30 DC**
- **Lumens: 230-240lm**
- **View Angle: 120-150°**
- **NON-Polarity Sensitive**
- **Watts: 2.4W**
- **Length: 40mm**
- **Diameter: 40mm**

Contact us at 709-466-7430 or visit us online at www.mercersmarine.com

LuxOr LED provides energy efficient Marine & RV LED lighting with solid state lamps use as little as one-fifth (1/5) the power of conventional light bulbs. For avid boaters who enjoy the adventure of cruising and anchoring in peaceful lakes and bays, self-sufficiency is paramount. Extended battery life provides the freedom to explore new pursuits. Leading-edge LED lighting technology from Luxor Marine & RV Products provides that advantage by dramatically reducing your lighting load by as much as 80%, significantly extending battery life between charging cycles. Never change a light bulb again. LuxOr LEDs last longer than conventional bulbs up to 40,000 hours.

NEW

Bayonet Base Pin Orientation

Single-contact and most double-contact bulbs are Parallel Pin (BA15S/BA15D). Some double-contact bulbs are Non-Parallel Pin (BAY15D).

DUAL USB CHARGER WITH CAP

Voltage: 6-30 VDC. Amp: 3.1 Amp. Approx Size: 2" x 1" x 2"

28-1600R.....**12.95**

PUSH BUTTON SWITCH

Constructed of brass and chrome plated brass. Ideal for horns. 12V.

28-021R.....**11.65**

PUSH/PULL SWITCH (12V)

Brass body-Chrome plated brass knob. 15A at 12VDC.

28-018R.....2 Pole **8.75**
28-019R.....3 Pole **11.95**

TOGGLE SWITCH

Nickel plated brass toggle with chrome plated face nut. Single pole, single throw. Rated at 20A at 12, 24, 32 VDC.

28-037R.....**30.95**

TOGGLE SWITCH

Metal Construction

Metal body, 2 pole, 15 amps, 12 VDC.

28-165R.....Metal **4.30**

TOGGLE SWITCH

28-025R .....Plastic.....**1.99**

STARTER SWITCH

Constructed of brass for marine ignitions. 3 pole, 2 keys.

28-022R.....**22.25**
28-023R.....With W/P Rubber Cap **23.80**

IGNITION KILL SWITCH W/LANYARD

Includes 7 keys that fit Johnson/Evinrude, Mercury, Yamaha & Honda Kill Switches

28-125R.....**5.65**

MOMENTARY TOGGLE SWITCH WITH W/P CAP

2 pole. 12 Volt, 15 amp. (ON)- OFF-(ON): **Switch must be held in UP or DOWN position to activate.**

28-060R.....**6.65**

MOMENTARY PUSH BUTTON SWITCH

12V, 5 amps, made of chrome plated brass housing and plastic button. 2 5/8" L x 1 1/2" Dia.

28-119R.....**3.99**

SAFETY HUB 150 FUSE BLOCK

An ignition protected fuse block with screw termination safe for use on gasoline powered boats. Accepts four AMI or MIDI Fuses for high-amp circuits up to 200A. Accepts six ATO or ATC Fuses for circuits up to 30A including bilge pumps, electronics and lights. Sealed cover protects fuses from the harsh marine environment and satisfies ABYC/USCG insulation requirements. Negative bus provides common location for negative connection.

28-487R.....Model 7748.....**165.00**

ML-ACR AUTOMATIC CHARGING RELAY

500 Amp magnetic latching (bi-stable) relay automatically combines batteries during charging and isolates batteries when discharging and when starting engine. Includes ML-Series Remote Control Contura Switch PN 2146. Automatically manages the charging of two large battery banks. Allows paralleling of battery banks for emergency starting. 500 Ampere continuous rating to support high-output alternators. LED output to remotely indicate when batteries are combined, isolated, in voltage lockout, or in Start or Engine isolation.

28-1310R.....12V - 500 Amps **307.00**

BLUE SEA CIRCUIT BREAKER PANELS & ACCESSORIES

BLUE SEA Circuit breaker panels are designed and manufactured to ABYC standards and assure quality construction at an affordable price. The panel face is 1/8" aluminum which is immersion undercoated for corrosion resistance then finished with a slate color two-part polyurethane. Panels are supplied with magnetic circuit breakers and each circuit is equipped with an "ON" indicator LED. (amber for DC circuits and green for AC circuits). Bus bars are tin-plated for corrosion resistance and rated to 100 amps. Panels have heavy #10 stud terminals for wire connections. Each panel comes with a kit of flush-fitting, self adhesive "Lexan® labels" that are backlightable with optional "BACKLIGHT SYSTEM".

13 CIRCUIT DC PANEL

Comes with an 8-16 DC voltmeter with 3-position switch to monitor up to 3 battery banks and a 0 to 50 amp DC ammeter with remote shunt. Includes 10, 15 amp breakers and 3 blanks. Ready for installation of optional model 8065 backlight system (two required) 30 labels included. 10 1/2"W x 7 1/2"H.

28-478M .....Model 8068, 12 VDC **682.00**

10 CIRCUIT DC PANEL

Same specs. as the 13 circuit panel above only supplied with 7, 15 amp breakers and 3 blanks. If installing optional "BACKLIGHT SYSTEM, only 1 model 8065 is required. 30 labels included. 5 1/4"W x 11 1/4"H.

28-477M .....Model 8082, 12 VDC **536.00**

8 CIRCUIT DC PANEL

All buses installed and fully pre-wired. Comes with 5, 15 amp breakers and 3 blanks. Accepts optional backlight system model 8065. 30 labels supplied. 5 1/4"W x 7 1/2"H.

28-476M .....Model 8023, 12 VDC **270.00**

24 CIRCUIT AC/DC PANEL

This panel is designed for boats with both AC and DC electrical systems.

The "AC" part of the panel has 8 circuit breaker positions with reverse polarity indicating red LEDs and a 0-150 volt AC voltmeter. 1, 30 amp double pole AC main breaker and 3, 15 amp breakers are provided. There are 3 AC blank positions available.

The "DC" side of the panel has 16 circuit breaker positions. 10, 15 amp breakers are provided along with 6 blank positions. 8 to 16 volt DC voltmeter with a 3-position switch to monitor up to 3 battery banks and a 0 to 50 amp ammeter are included. Accepts optional backlight system model 8065 (3 required). Comes with 30 AC labels and 30 DC labels. 14 3/4"W x 10"H.

Model 8084

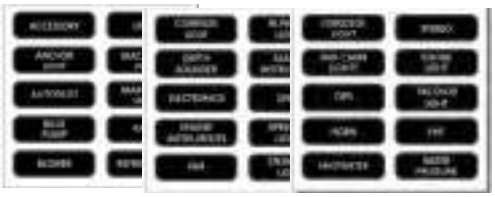

28-474M..... 12 VDC / 120 VAC **1078.00**

BACKLIGHT LABEL SYSTEM

No more trying to find the correct breaker in the dark! Simply install the backlight board between 2 bus blocks and the back of the panel. Model 8065 fits panels with 8 label positions and can easily be shortened to fit 5 or 3 positions. Model 8069 fits panels with 10 positions. The board connects to the 12 volt VDC supply with 2, #6, 18 AWG wire leads. Each backlight systems draws only 5 milliamps.

28-481R.....Model 8065, 12 VDC **25.25**
28-482R.....Model 8069, 12 VDC **26.95**

PANEL LABELS

Blue sea system label set contains 30 of the most commonly used labels. Tough weather-proof lexan material. Backlightable, with backlight label system.

28-485R.....DC label kit 8030 .....**11.95**
28-486R .....AC label kit 8031.....**11.95**

13 CIRCUIT AC PANEL

Comes with a reverse polarity indicating red LEDs, 0 to 150 AC voltmeter and a 0 to 50 AC ammeter with remote sensing coil. Supplied with 1, 30 amp (double main) breaker, 8, 15 amp breakers and 3 blank positions. Pre wired and ready to accept model 8065 backlight system (2 required). Comes with 30 AC labels. 10 1/2"W x 7 1/2"H.

Model 8076

28-472M..... 120 VAC **690.00**

8 CIRCUIT AC PANEL

Comes with a reverse polarity indicating LEDs. Supplied with 1, 30 amp (double main) breaker, 3, 15 amp breakers and 3 blank positions. Accepts model 8065 backlight system. Comes with 30 AC labels. 5 1/4"W x 7 1/2"H.

28-470M .....Model 8027, 120 VAC.....**278.00**

BREAKER PANEL BACK COVERS

Lightweight and easily installed cover provides insulation and mechanical protection for exposed panel backs. Black ABS material is easily drilled for wire entrances and exits.

Model 4027

28-483R .....(5 1/4" x 7 1/2") **36.95**

Model 4028

28-484R ..... (7 1/2" x 10 1/2").....**97.95**

WEATHERDECK FUSE PANELS

Designed for flybridge and open cockpit applications.

Independent label backlighting circuit for remote switching and dimming. Constructed of corrosion resistent materials and weather resistant face plate. Each panel can be mounted in four different orientations. Integrated ATO/ATC fuse based circuit protection.

28-513R .....4 Pos. #4304 (3.875" x 4.3").....**119.00**
28-514R .....6 Pos. #4306 (3.875" x 6").....**166.95**
28-515R .....8 Pos. #4308 (3.875" x 7.7").....**234.75**

WEATHERDECK CIRCUIT BREAKER PANELS

Designed for flybridge and open cockpit applications.

Independent label backlighting allows switching and dimming. Constructed of corrosion resistent materials and weather resistant face plate. Compatible with all Blue Sea Systems Digital Dimmers. Each panel can be mounted in four different orientations. Push button thermal trip, manual reset, 15 amp breakers.

28-510R.....4 Pos. #4374 (4.25" x 4.3") **142.50**
28-511R .....6 Pos. #4376 (4.25" x 6").....**176.50**
28-512R.....8 Pos, #4378 (4.25" x 7.7") **246.50**

WATERPROOF SWITCH PANELS

Especially designed for flybridge or open cockpit applications. Heavy 1/8" aluminum face plate with two part polyurethane slate finish. Waterproof Contura switches with "ON" indicating LEDs embedded in switch. Supplied with waterproof mounting gaskets and set of 30 DC labels (not backlightable). Accepts AGC fuses up to 20 amps.

6 Circuit Vertical Model
28-467R .....#8053 (5 1/4" x 7 1/4").....**215.00**
8 Circuit Horizontal Model
28-468R .....#8261 (9 3/8" x 3 3/4").....**278.00**
Replacement Fuse Holder
28-469R .....20 Amp.....**4.05**

12V DC SOCKET AND DUAL USB CHARGER

This panel has 1 12V socket that can supply up to 15 Amps and 1 dual USB socket that can supply up to 2.1 amps. Great for charging cell phones, tablets, and other electronic devices. Can integrate into Blue Sea 360 Panel Systems. 4.75" H x 4.88" W x 1.50" D.

28-1306P .....Model 1478.....**83.50**

FUSE BLOCK SYSTEM

Polycarbonate base with clear cover. Cover insulates all conductive parts, satisfying ABYC / USCG requirements. Label slots are recessed and accept standard Blue Sea labels on page 153. Tin-plated, copper buses and beryllium copper fuse clips give full 30 amp rating per circuit. Maximum amperage for the total fuse block is 100 amps. Maximum voltage is 32VDC.

6 circuits. 3 1/4"W x 5"H x 1 1/4"D.

28-488R.....Model 5015 (with ground) **53.25**
28-489R .....Model 5018 (w/o ground).....**45.25**

ATC FUSE BLOCK

Clear insulating cover with label recesses accept Small Format Labels. Cover Satisfies ABYC/USCG requirements for insulation. Tin-plated copper buses and fuse clips give 30 Amperes rating per circuit. Accepts ATO and ATC fast acting blade fuses. 20 write-on circuit labels included. Tin-plated copper buses and fuse clips give 30 Amperes rating per circuit. Accepts ATO and ATC fast acting blade fuses.

28-534R.....Model 5025 , 6 Circuit **55.95**
28-535R.....Model 5026 , 12 Circuit **69.95**

DUAL USB CHARGER SOCKET

Easy to install in existing 12V DC socket hole providing convenient access for charging mobile devices. Compatible with popular mobile devices. Protective Cap.

Maximum output current : 2.1Amp.

Output voltage : 5V DC +/-5%.

Parasitic Current Draw : 15mA

28-1308P .....12V Only (Model 1016) **28.95**
28-1309P.....12/24V (Model 1018) **34.95**

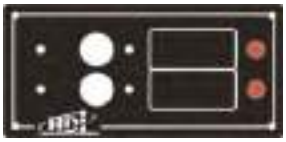

DUAL USB CHARGER - SOCKET MOUNT

Charges at the speed required by specific devices. Internal filtering for reduced electronic interference. Over temperature protection. Protective dust cap keeps debris and moisture out. Conformal coated circuit board for the harsh marine environment.Mounts in a common 1-1/8" hole.

28-1307P.....12/24V (Model 1045) **53.95**

NEW

DC CIRCUIT PANELS

28-295M
•DC 2 Circuit for magnetic/hydraulic breakers.
•With indicator lights, hardware, bus bars

28-297M
•DC 8 Circuit for magnetic/hydraulic breakers.

28-296M
•Reliable quality, NOT CSI approved

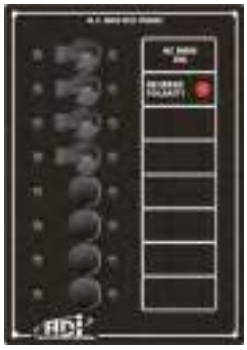

28-298M
•DC 11 Circuit for magnetic/hydraulic breakers.
•Indicator light on main breaker

28-300M
•DC 20 Circuit, Analog Gauges.
•DC Voltmeter, DC Ammeter and labels
•Electrical monitoring functions for alternator, regulator, battery charger and batteries.

28-303M
•DC 23 Circuit, Analog Gauges.
•12 breakers, DC Voltmeter, DC Ammeter, battery selector switch

28-306M
•AC MASTER PANEL
•8 Circuit
•Double pole master breaker protects hot anf neutral legs of AC circuit
•Reverse polarity warning light.

Part #	Model	Panel	Voltage	Breakers	Dimensions	Price
28-295M	ZZ0253	DC 2 Circuit	12,24 or 32 VDC	None	5-3/8" x 2-1/2"	94.95

DC WATERPROOF SWITCH PANELS

Black aluminum panel with UL approved waterproof rocker switches with on/off LEDs and AGC type fuse holders. Supplied with 30 labels. 12VDC.

3 Circuit Model

28-055R .....3 3/4" x 5 1/4" **28.70**

6 Circuit Model

28-056R .....5 1/4" x 7 1/2" **54.95**

SWITCH PANELS

Great for use with such items as clearviews, bilge pumps, electric clutches. 12 to 32 volt LED indicator. 10 amps.

28-355M....Single panel (2 1/2" W x 3 1/2"H) ..... **P.O.R**

28-356M .....Double panel (5" W x 3" 1/2H) ..... **P.O.R**

CIRCUIT BREAKER TOGGLE GUARD

Protects circuit breakers from accidentally being switched ON or OFF. Fits all standard single pole circuit breakers. Mounting screws supplied. Two toggles shown in photo.

28-072R .....Model 4100..... **4.75/Each**

NEW

WATERPROOF SWITCH PANEL WITH USB PORT

Material: Aluminum plate. Waterproof switch with LED indicator. Cabled and equipped with fuses: 15A x 5pcs. Completed with 1 x USB (dual port) with rubber cap. Voltage: 12VDC. USB: 12V/1A. Supplied with 30 labels.

5 Circuit Model

28-054R .....7 1/2" x 5 1/4" **59.95**

Replacement Fuse Holder 28-218

ECONOMY FUSE PANEL

Comes with 6 fused switches, black backing, good value. Measures 4 1/2"W x 6 1/2"H.

28-040R .....12V **24.95**

28-218R ..... Repl.Fuse Holder (5 Amp)..... **1.49**

WATERPROOF ROCKER SWITCH

21A/ 14VDC, w/1 x Red LED Indicator

Nylon (UL Flame: 94V-2).Terminals: Silver Plated Brass. PCB Inside. Snap-In Mounting, Easy To Install switch Into Panel or wall mount. Waterproof IP66 and Dustproof. Fits 28-055 & 28-056 panels above.

28-121R .....Switch Only **4.99**

28-122R .....Frame Box **0.69**

LED INDICATOR LIGHTS

Install in any Blue Seas panel or in material of any thickness with an 11/64" diameter mounting hole.

28-057R ..... Amber (12V/24V) **3.95**

28-076R ..... Red (12V/24V) **3.75**

28-077R..... Green (12V/24V) **3.75**

28-078R..... Amber (120V) **3.75**

28-058R.....Green (120V)..... **3.95**

28-059R.....Red (120V) **3.95**

CIRCUIT BREAKER PANEL

An economical breaker panel with 6 lighted rocker switches & aluminum face plate. 4 1/2"W x 6 1/2"H.

28-039R .....12V **30.55**

THERMAL CIRCUIT BREAKER SURFACE MOUNT

Ignition protected - Safe for installation aboard gasoline powered boats. Meets SAE J1171 external ignition protection requirements. Weather Resistant. Combines switching and circuit breaker function into one unit.

"Trip Free" - cannot be held closed after trip.

28-394R .....50 amp **63.95**

BLUE SEA ADD A BATTERY

The Blue Sea 7650 Add a Battery package is a complete two battery bank management solution. It features a Blue Sea 5511e Dual Circuit PlusTM Battery Switch which isolates engine and house circuits and a Blue Sea 7610 120 Amp SI ACR automatic charging relay which combines batteries for charging.

28-539R.....(Model #7650) **202.50**

PANEL SWITCH

Perfect for generator starters, bilge pumps, horns, wipers, engine controls and any other application that requires switching action other than ON-OFF or different pole configuration separate from circuit protection.

Panel switches mount in A-Series toggle circuit breaker aperatures. Supplied with mounting adapter for standard 5/8" circuit breaker mounting hole. Nickel-plated brass and phenolic non-corrosive construction.

Note : (On) = Momentary, Must be held.

28-540R ..... (#8200) Push Button Off - (On) **9.25**
28-541R.....(#8204) Toggle On - Off **8.50**
28-542R.....(#8207) Toggle (On) - Off - On **16.95**

GALVANIC ISOLATOR

Prevents the electroplating action that occurs on boats with AC power feeds. Voltage Rating: 115/230VAC.

Frequency Rating: 50/60Hz. Current Rating: 30A at 50°C.

Operating Temp: -20 to 50°C. Continuous Amps: 30 AmpsOperation: 115/230VAC/50-60Hz

Dimensions: 7-3/4'W x 5'L x 2-1/2'H Weight: 3.25 Lbs.

We strongly recommend the use of this product when installing hot water heaters.

28-322P .....Model 4531001.....**475.00**

BATTERY SWITCH, DUAL CIRCUIT PLUS™

Simultaneously switches two isolated battery banks or combines battery banks to all loads. Make-before-break contact design allows switching between battery banks without power interruption. Ignition protected—safe for installation aboard gasoline powered boats. Case design allows surface or rear panel mounting. Meets American Boat and Yacht Council (ABYC) requirements for battery switches.

28-537R.....(Model #5511e) **79.50**

GROUND PLATES

Modern marine electronic equipment requires adequate grounding to operate efficiently. Our "Ground Plates" provide this assurance as well as providing a lightning ground.

28-073R.....8" x 2 1/2" x 1/2" **241.70**
(Equivalent to 20 Sq. Ft. of Copper)
28-074R.....12" x 3" x 1/2" **386.32**
(Equivalent to 40 Sq. Ft. of Copper)
28-075M.....18" x 6" x 1/2" **770.50**
(Equivalent to 100 Sq. Ft. of Copper)

BATTERY ISOLATORS

These solid state devices allow you to connect your engine alternator directly to both batteries without fear of overcharging or of one higher-charged battery discharging into the other lower-charged battery. Using this unique device, the batteries are electrically isolated from each other. Both your batteries are always automatically being charged whenever the engine is running. For 6, 12, 24, 32 volt negative ground systems with one alternator and two batteries.

May not be exactly as shown.

28-070P.....70 Amp (Shown Above) **105.00**
28-071P.....120 Amp.....**259.00**
28-224P.....200 Amp.....**208.00**

AUTOMATIC CHARGING RELAY

Protects sensitive electronics by temporary isolation of house loads from engine circuit during engine cranking.

Designed for 12 or 24 volt systems. 12/24 volt auto ranging voltage input. Hermetically sealed contacts/vaporproof. Waterproof rated IP67—temporary immersion for 30 minutes. Ignition protected—safe for installation aboard gasoline powered boats. Remote LED output indicates relay state away from ACR. Supports high-output alternators up to 120 Amperes. Dual sensing.

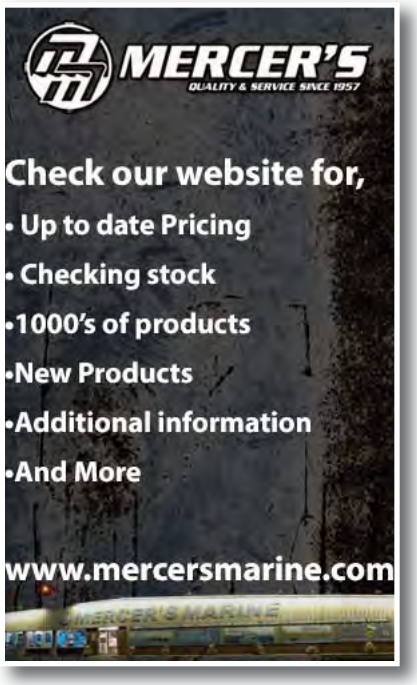

28-538R.....(Model #7610) **130.95**

ORION DC-DC CONVERTERS

Input voltage 20-35 VDC; Output voltage 13.6 VDC Prevents irreparable damage to your 12V system that an inferior power supply can cause. Delivers a stable 12V supply from a 24V system.

28-1073J.....24/12 25 Amp **122.00**
28-1074J.....24/12 40 Amp **172.00**
28-1075J.....24/12 70 Amp **275.00**

CENTAUR CHARGERS

Three isolated outputs simultaneously charge three battery banks at the full rated current. Provides three stage charging with internal temperature compensation. All models will operate without any adjustment over a universal 90–265 VAC, 45–65 Hz input voltage range. Aluminum epoxy powder coated cases with drip shields and stainless steel fittings withstand the rigors of heat, humidity and salt air. Circuit boards are protected with an acrylic coating for maximum corrosion resistance. A dip switch selects the optimum charge/float voltages for flooded lead-acid, gel or AGM batteries.

Model 12/20
12 VDC, 20 Amp continuous output. Recommended for batteries from 80 to 200 Ah capacity.
Dimensions: 14"H x 8.5"W x 4.3"D
28-1050A.....**472.00**

Model 12/30
12 VDC, 30 Amp continuous output. Recommended for batteries from 120 to 300 Ah capacity.
Dimensions: 14"H x 8.5"W x 4.3"D
28-1051A.....**540.00**

Model 12/40
12 VDC, 40 Amp continuous output. Recommended for batteries from 160 to 400 Ah capacity.
Dimensions: 16.8"H x 9.4"W x 5.3"D
28-1052A.....**667.00**

Model 12/60
12 VDC, 60 Amp continuous output. Recommended for batteries from 240 to 600 Ah capacity.
Dimensions: 16.8"H x 9.4"W x 5.9"D
28-1053A.....**760.00**

Model 12/80
12 VDC, 80 Amp continuous output. Recommended for batteries from 320 to 800 Ah capacity.
Dimensions: 19.9"H x 10"W x 5.2"D
28-1054A **1245.00**

Model 12/100
12 VDC, 100 Amp continuous output. Recommended for batteries from 400 to 1000 Ah capacity.
Dimensions: 19.9"H x 10"W x 5.2"D
28-1055A **1599.00**

Model 24/30
24 VDC, 30 Amp continuous output. Recommended for batteries from 120 to 300 Ah capacity.
Dimensions: 16.8"H x 9.4"W x 5.3"D
28-1056A.....**922.00**

Model 24/40
24 VDC, 40 Amp continuous output. Recommended for batteries from 160 to 400 Ah capacity.
Dimensions: 19.9"H x 10"W x 5.2"D
28-1057A **1205.00**

Model 24/60
24 VDC, 60 Amp continuous output. Recommended for batteries from 240 to 600 Ah capacity.
Dimensions: 19.9"H x 10"W x 5.2"D
28-1058A **1375.00**

"CHARGE PRO" BATTERY CHARGERS

"Charge Pro" offers state-of-the-art technology. These units out perform many of the other chargers with a much higher rating.

GUEST

Model 2632A
Total Amps: 30. Number of Outputs: 2. Amps per output: 20/5/5. Battery System: 3-12V. Output Voltage: 12VDC per output. Input Voltage: 100-130VAC/50-60Hz. DC Output: Studs with circuit breakers. Input Connection: Studs for Hardwire. Weight: 15.6 Lbs.
Dimensions: 12.96" x 9.84" x 2.92"
28-319M.....12V, 30 Amp **611.00**

MARINCO

Model 28220 (Formally 2620A)
A high performance charger for 12V or 24V systems. Supplies 20 amps from 2 individual 10A circuits. For independent charging of 2 battery banks.
Approx Dimensions : 9 3/4'"W x 7"H X 3 1/8"D
28-320M.....12/24V (20 Amp) **335.00**

P12 BATTERY CHARGER

Rugged, finned aluminum case and large internal heat sinking dissipates heat for less fan run time and longer component life. Universal Line Voltage 90-265V AC 50/60 Hz for use anywhere in the world and compatible with low voltage power sources. Field serviceable AC Input power protection to quickly get the vessel back up and running in the event of an AC power surge. Easy to use. Charge Coordination® works with Blue Sea Systems ACRs to properly charge batteries with shore power at the dock or alternator power underway.

28-1301M....**Model 7521**.....12V (25 Amp) **765.00**

28-1302M....**Model 7522**.....12V (40 Amp) **975.00**

P12 Battery Charger Remote L.E.D.
Repeats battery charger onboard display information in convenient location.
28-1304M.....**Model 7520** **166.65**

DC Digital Current Shunt
For use with DC Ammeters. For continuous operation, it is recommended that shunts not to be run at more than two-thirds (66%) the rated current under normal conditions.
28-1305M .....**Model 8255**.....500 Amp.....**76.50**

VICTRON INVERTER/CHARGERS

Phoenix Mulitplus
MultiPlus is a powerful true sine wave inverter, a sophisticated battery charger that features adaptive charge technology and a high-speed AC transfer switch in a single compact enclosure.

Multiplus 12/2000/80
Input 9.5–17 VDC; output 120 VAC, 60 Hz. Continuous output power 1,600 W, peak power 4,100 W. Battery charge current 80 Amp, starter battery charge current 4 Amp. Battery connection M8 studs.
Dimensions: 20.5"H x 10"W x 4.9"D
28-1065A **1729.00**

Multiplus 12/3000/120
Input 9.5–17 VDC; output 120 VAC, 60 Hz. Continuous output power 2,000 W; peak power 4500 W. Battery charge current 120 Amp, starter battery charge current 4 Amp. Battery connection M8 studs, 120 VAC connection 6-ga. screw clamp.
Dimensions: 19"H x 10.2"W x 8.6"D
28-1066A **2135.00**

Multiplus 24/2000/50
Input 19–33 VDC; output 120 VAC, 60 Hz. Continuous output power 1,600 W, peak power 4,100 W. Battery charge current 50 Amp, starter battery charge current 4 Amp. Battery connection M8 studs.
Dimensions: 20.5"H x 10"W x 4.9"D
28-1068A **1729.00**

Multiplus 24/3000/70
Input 19–33 VDC; output 120 VAC, 60 Hz. Continuous output power 2500 W, peak power 6000 W. Battery charge current 70 Amp, starter battery charge current 4 Amp. Battery connection M8 studs, 120 VAC connection 6 ga. screw clamp
Dimensions: 19"H x 10.2"W x 8.6"D
28-1069A **2135.00**

PHOENIX MULTI CONTROL

Remote control and monitoring for Multi and Quattro models, ON/OFF inverter control and power control. Set maximum generator or shore power current draw from 0–30 Amps; the Multi uses remaining AC loads for battery charging, preventing the generator or shore power from being overloaded. Connection requires standard UTP cable, sold separately.
28-1071A .....30 Amp.....**215.00**
28-1072A .....15m UTP Cable **43.00**

Quattro 24/5000/120
Input 19–33 VDC; output 120 VAC, 60 Hz. Continuous output power 4,250 W, peak power 7,500 W. Battery charge current 120 Amp, starter battery charge current 4 Amp. Battery connection M8 studs, 6 ga. screw clamp
28-1070A.....17.5"H x 13"W x 9.5"D **4225.00**

WATERPROOF BATTERY CHARGER

Fully automatic battery charger. TOUGH AND WATERPROOF. Comes with 6' AC cord and 4' DC output wire with alligator clips.
Can be left connected indefinitely.
28-316M .....6 Amp.....**125.00**
28-321M .....10 Amp.....**262.00**

MASTERVOLT CHARGEMASTER

Make the most of your batteries with the ChargeMaster, plugging in and charging anywhere in the world. Mastervolt's ChargeMaster guarantees fast and complete charging of your batteries no matter where you are. The ChargeMaster can charge multiple battery banks simultaneously thanks to its combined functionality. Moreover, all ChargeMasters can be easily connected to a MasterBus network with only one cable and one connection. You also have the option of central, local or remote monitoring, configuration and control of your system.

- 3-Step+ charging technology for fast and complete charging.
- Safe and complete charging due to standard safety features.
- Protections: Over Temp, Over Load, Short Circuit, High/Low Battery
- Nominal Input Voltage: 90-265VAC, 50-60 Hz
- Charge Voltage Absorption: 14.25V/28.5V in 4 Hours.
- Memory function prevents overcharging in case of an unstable power supply.
- Clear control panel.
- Easy to install.
- Built-in system functionality (MasterBus) in combination with other Mastervolt products.
- Approvals: CE, E-mark, ABYC A-31, SAE J1171/ISO 8846 Ignition protected.

MASTERVOLT TOUCH SCREEN REMOTE PANEL

This touchscreen control panel is easy to read and operate. The grey button turns the display on or off or locks it, while all other functions can be controlled using the touchscreen. The first of three control levels provides a short system overview with all the information you may need on a daily basis. The product overview screen shows detailed information. The favorites screen can be custom designed to meet your specific needs for information and control. The MasterBus cable is used for data transfer and as a power supply for the display.

28-1415K.....**451.00**

MASTER SHUNT

MasterBus integrated battery monitor, with detailed information on the status of your batteries for an optimized charging process, incl. voltage, current, remaining time and consumption capacity in percentage. With an intelligent connection system, the MasterShunt is easily connected to the DC distribution. The integrated system clock combined with command-based events custom automates the system to your needs.

28-1416K.....**545.00**

MASTERVOLT MASS COMBI INVERTER CHARGER

The Mass Combi, inverter and battery charger in one, is increasingly playing a leading role in carefully designed electrical systems. Mastervolt has integrated the most advanced technology into a compact package, allowing owners to get the most value for their money. You will not have to worry anymore about the quality of shore power in any port.

The most vital functions in your electrical system now come within reach: battery charging, supplying 120V power, switching and the use of extended AC loads to be utilized on board, even when limited shore power is available. Power can be drawn from a shore connection, generator or charged batteries.

- Inverter Nominal Input Voltage: 12V (10-15), 24V (20-31)
- Inverter Output Voltage: 120V-60Hz, +/- 0.05%
- Inverter Output Waveform: True Sine
- Charger Nominal Input voltage: 120V - 45-65Hz
- Protection rating: IP23
- Protections: Over temp, Overload, Short Circuit, High/Low Battery

LEAD MARINE BATTERY TERMINALS

Heavy duty terminals with wing nut for easy installation.

28-026R ..... **8.19** /pr

BRONZE MARINE BATTERY TERMINALS

Heavy duty terminals with wing nut for easy installation.

28-029R ..... **8.95** /pr

BATTERY TERMINAL INSULATOR

Suitable for top-mount, dual-post marine batteries.

Meets requirements of ABYC Small Craft Section E-9, USCG 33 Subpart I, and ISO 10133 for preventing accidental grounding of battery terminals. Secure with cable tie (cable tie not included). Suitable for use in environments up to 105°C. Includes one black and one red insulator.

28-533R **7.75**

HEAVY DUTY LUGS

Tinned electrolytic copper.

12 VOLT DEEP CYCLE BATTERIES

Batteries designed to withstand repetitive discharge. Good for running accessories and starting.

G24DC, 550CCA, 140RC, 18 MTH
SIZE: 11.2"L X 6.7"W X 9.7"H, WEIGHT: 45 LBS
28-614K.....**149.00**

G27DC, 675CCA, 180RC, 18 MTH
SIZE: 12.8"L X 6.7"W X 9.8"H, WEIGHT: 52 LBS
28-615K.....**165.00**

G31DC, 675CCA, 210RC, 18 MTH
SIZE: 13"L X 6.7"W X 9.8"H, WEIGHT: 61 LBS
28-616K.....**209.00**

G4DDC, 1314CCA, 390RC, 18 MTH
SIZE: 20.5"L X 8.6"W X 9.5"H, WEIGHT: 117 LBS
28-617K.....**379.00**

"THE BULL" 12 VOLT MAINTENANCE FREE

Designed for extreme performance. Exceeds the toughest standards for starting, cycling capacity, and charge recovery in the harsh environments.

P8D, 1300CCA, 450RC, 36MTH
SIZE: 20.6"L X 11.2"W X 9.5"H, WEIGHT: 120 LBS
28-623K.....**495.00**

12 VOLT COMMERCIAL BATTERIES

Heavy Duty Commercial batteries designed for starting big engines and running accessories.

GA8D, 1400CCA, 450RC, 18MTH
SIZE: 20.6"L X 11.2"W X 9.5"H, WEIGHT: 130 LBS
28-620K.....**355.00**

6 VOLT DEEP CYCLE BATTERIES

Designed for repetitive discharge. Good for running accessories,not designed for starting engines. Minimum 2 required for 12-volt applications.

US2200, 232AH, 474RC, 24MTH
SIZE: 10.4"L X 7.1"W X 11.2"H, WEIGHT: 63 LBS
28-625K.....**275.00**

8 VOLT COMMERCIAL BATTERIES

Heavy Duty Commercial batteries designed for starting big engines and running accessories.

S318V, 900CCA, 500RC, 12MTH
SIZE: 27.6"L X 7.6"W X 11.0"H, WEIGHT: 141 LBS
28-604J **765.00**

S278V, 800CCA, 470RC, 12MTH
SIZE: 21.1"L X 7.5"W X 11.0"H, WEIGHT: 112 LBS
28-605J **615.00**

BATTERY BOXES

Constructed of polypropylene. Acid resistant. Come with hold down strap and hardware.

Standard Box (For Series24 Batteries)
28-141R.....11.13"L x 7.75"W x 10.13"H **14.95**
Large Box (For Series 27 Batteries)
28-142R.....13.44"L x 7 .25"W x 10.5"H **17.50**
Replacement Battery Box Strap
28-143R..... **5.75**

HEAVY DUTY BATTERY BOXES

Non-corrosive high-strength polyethylene construction resists chemicals and rust. Maintains tough properties with nominal 0.185" wall thickness on roto-molded (mixed linear-black) boxes. Complies to industry requirements and meets Coast Guard regulations.

4-D battery box
28-500P..... **124.95**
Inside Dia. 21"L x 9.75"W x 13.5"H
Outside Dia. 23.87"L x 12.5"W x 14"H

8-D battery box (low type)
28-501P..... **129.95**
Inside Dia. 21 3/8"L x 11 5/8"W x 13.5"H
Outside Dia. 24.37"L x 14.5"W x 14.12"H

MARINCO SHORE POWER SYSTEMS

"LED" CORDSET

The PowerCord PLUS® has features you won't find on other cordsets."LED" Power Indicator Light. Contour Grip Ends. Includes threaded ring and Easy Lock ring.

Thumbprint Locator. Super Flexible 10/3 Cable. Easy Lock System. Includes the Marinco Easy Lock™ System Ring - A simple 1/8 twist provides a fast, positive watertight connection

Model 50SPP

MARINCO CORD HOLDER

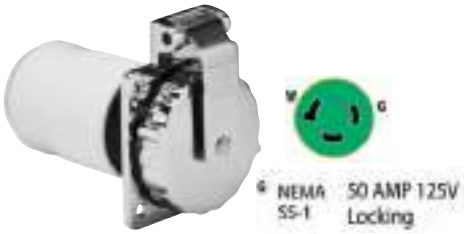

28-874P.....Pk. of 6 .....**24.50**

EASY-LOCK POWER INLET - 30A / 125V

Glass-Filled polyester construction. No thread corrosion. Cap holds open for easy insertion of power cable. Exceeds ABYC watertight requirements. Corrosion proof, watertight. Lock threads secure cord.

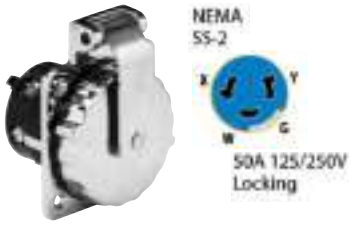

Model 301EL-B
28-880P .....30 Amp, 125 Volt.....**86.00**

STAINLESS STEEL POWER INLET - 50A / 125V

Solid cast 316 stainless steel. Locking waterproof cap. Easy Lock System. Soft Touch cap stays open in the upright position. 8-way right angle rear safety enclosure.

Model - 6371EL-B
50 amp / 125 volt
28-883P.....**242.00**

STAINLESS STEEL POWER INLET-50A / 125/250V

Solid cast 316 stainless steel. Locking waterproof cap. Easy Lock System. Soft Touch cap stays open in the upright position. Rear safety enclosure with strain relief.

Model - 6373EL-B
50 amp / 125/250 volt
28-884P.....**255.00**

PHONE/TV INLET

Glass-filled polyester construction. Stainless steel trim on watertight cap. For Telephone and Cable TV connections.

MODEL - PH6574TV
28-885P.....**106.50**

STAINLESS STEEL POWER INLET - 30A / 125V

Solid cast 316 stainless steel. Locking waterproof cap. Easy Lock System. Soft Touch cap stays open in the upright position. 8-way right angle rear safety enclosure.

Model - 303SSEL-B
30 Amp/125Volt
28-882P.....**134.25**

STANDARD POWER INLET - 50A / 125/250V

High strength plastic face & cap. No thread corrosion. Cap holds open for easy insertion of power cable. Exceeds ABYC watertight requirements. Corrosion proof, watertight. Lock threads secure cord.

Model 6353EL-B
50 Amp, 125 / 250 Volt
28-881P.....**138.95**

ON-BOARD CHARGER INLET

This on-board charger inlet, wired to your battery charger, allows charging without leaving hatches or doors unlocked. Flip lid cover and plug. Straight blade inlet, 15A - 125V. Low profile cap, easily mounts to wood, fibreglass or aluminum hulls. Color coded terminals. UV resistant.

Model 150BBI
28-943P.....15Amp, 125 Volt **28.95**

STAINLESS STEEL PHONE/TV INLET

316 Stainless Steel. Locking water proof cap. Soft touch cap design allows cap to remain in the up-right position during hook up. Water tight rear boot. For Telephone and Cable TV connections.

MINI ON/OFF BATTERY SWITCH

Switches a single battery to a single load group. Ignition protected—safe for installation aboard gasoline powered boats. Case design allows surface, front panel, or rear panel mounting. Isolating cover with snap-on sections protects rear contacts. Rated 300 Amps continuous and 500 Amps intermittent. Maximum 48 VDC. Accepts up to 4/0 battery cable on 3/8" tin plated copper studs.

28-509P .....Model 6006.....**37.50**

28-507 **28-508**

HIGH PERFORMANCE BATTERY SWITCHES

Vapour proof and ignition protected for installation in gas or diesel engines.Rated 350 Amps continuous and 600 Amps intermittent. Maximum 32 VDC. Accepts up to 4/0 battery cable on 3/8" tin plated copper studs. Can be flush or surface mounted. Comes with **Alternator Field Disconnect** to protect the alternator in the event that the switch is turned off while the engine is running.

28-507P .Battery Selector - AFD(Model9002E) ...**64.50**

Great value in a top quality switch for single battery installations. Same ratings as switch above and comes with **Alternator Field Disconnect.**

28-508P ...On/Off Switch - AFD(Model 9004E) ...**76.95**

BATTERY SELECTOR SWITCHES

28-580P.....18.5" Double, 24V **269.00**

PORTABLE HORN
100% ozone friendly signal horn, meets USSG recommendations. Can be heard up to 1/2 mile away. Flammable propellant.

50-032R.....Complete **13.50**
50-033R.....Repl. refill **9.95**

PERKO MOUTH OPERATED FOG HORN

50-036R.....White, Aluminum 12 1/2" O.L. **29.99**

MOUTH OPERATED FOG HORN

50-037R.....Stainless Steel 7 1/2" O.L. **25.95**

DUAL TRUMPET AIR HORNS
Non-corrosive Lexan diaphragm. Includes compressor, air tubing, fittings and hardware. Dimensions are 17" L x 7" W x 3 3/4" H. Maximum amp draw: 12 Volt: 20 Amps, 24 Volt: 10 Amps. dB rating: 121 at one meter, 1/3 octave band. Fundamental frequency: 375 +- 15/315+-15. Chrome plated brass construction.

28-379M .....12V.....**390.00**
28-380M .....24V.....**390.00**

DROP IN HORNS
Stainless steel mini drop-in horn conceals the horn by just the flush mount grill being exposed. All stainless steel inside and out and grill is waterproof. 5 year warranty. 111db

Single Horn
28-585P .....12V.....**58.95**
Double Horn
28-584P .....12V.....**116.00**

ENONOMY TRUMPET HORNS
S.S. single, 15 3/4" x 4" x 5". Max. 10A at 12VDC

28-572R.....Single, 12V **57.95**

S.S. dual, 18 1/4" x 4" x 5". Max. 10A at 12VDC

28-573R .....Double, 12V.....**104.50**

ONGARO COMPACT HORN
A sleek compact horn from Ongaro designed for the smaller pleasure craft. Stainless steel bracket and cover. 108 db.

28-582P .....12V.....**41.95**

ONGARO COMPACT HORN DUAL
All stainless steel horn. Inside and Out. NO RUST. Horn is prewired and sealed. Meets ABYC standards for boats up to 65 feet. 5 year warranty at 111db.

3"L x 8"W x 1-3/4"H.

28-583P .....12V.....**114.95**

MINI-HORN DUAL
All stainless steel horn. Inside and Out. White Powder Coated. NO RUST. Horn is prewired and sealed. Meets ABYC standards for boats up to 65 feet. 5 year warranty at 111db.

3"L x 8"W x 1-3/4"H.

28-570P .....12V.....**74.95**

WINDSHIELD SUPPORT BAR
Used as original equipment on many windshields, windshield support bars are made from powder coat aluminum tubing with chrome plated zamak feet.

The fittings allow for pivot in almost every direction for easy installation. **Sold in single units.**

46-061K.....16" **56.95**

ONGARO WATERPROOF WIPER MOTORS

316 Stainless Steel - Rigid Aluminum Housing - Adjustable Sweep angle 40 - 110 degrees. Adjustable park position Right or Left - 2 speeds - will power up to 24 x 24 inch arm and blade combination.

28-638P .....12v - 2.5" shaft.....**158.00**

HAND WINDSHIELD WIPER ASSEMBLY

Stainless steel construction. **Complete assembly requires all 3 parts listed below.**

28-113R .....11" Arm.....**13.95**
28-114R .....14" Blade.....**4.75**
28-115R .....Handle Assembly **18.60**

ROTO STYLE FAN/HEATER

Owners can defog their windshield in just minutes using the Model 9303 12 Volt defogger. It is easy to install with either a sure grip suction cup or permanent screw down base and a standard lighter plug. The unit is completely safe: it's warm to the touch but is never hot.

28-1010R.....12 Volt **42.95**

MINIMAX DELUXE

Energy efficient, compact and powerful. The model 737 MiniMax fan is a favorite for hurricane preparedness because of its powerful airflow and efficient battery use. Ideal for boaters looking for added circulation without having to wire into their 12 volt system.
4 speeds. Anti-slip rubber feet. Auto shut-off after 8 hours or when the unit is folded shut. AC adapter ready. 300 hours use from 4 D cell batteries. Powerful but quiet airflow. Use on or off the boat.

28-1012R.....(Battery Operated) **31.95**

ULTIMATE FAN

Industry recognized and a long time favorite of sailors! It features a patented Fingersafe™ blade that does not require a protective grill and has a shock-absorbing leading edge that flexes when it is stopped. The resulting maximum airflow makes the 747 Ultimate the top choice for sailors heading to hot, humid climates. Two speeds. Comes with two mounting options. (permanent or removable suction cup). 12 Volt lighter plug included.

28-1014R.....12 Volt **54.95**

KONA FAN

The model 817 Kona fan is designed to hold up in the most demanding marine conditions. Featuring a watertight motor and constructed of extruded aluminum, UV stabilized plastic and stainless fasteners the Kona is ideal for environments such as the wheelhouse dash or an exposed bridge or cockpit where splash and spray would spell disaster for other fans. The variable speed motor allows for a multitude of settings for any on board task. The standard lighter plug adapter and suction cup mount option allow this fan to be moved wherever it is needed on the boat - above or below the deck.

28-1016R.....12 Volt **159.95**

SIROCCO FAN

The model 807 Sirocco 12 and 24 Volt fan features a unique gimbaled design that allows airflow to be directed in any direction of the cabin - 360°. The Sirocco can also be folded flat and out of the way against the bulkhead when not in use. With its multiple speeds, timer settings and quiet operation there is no other marine fan that can match the Sirocco's performance.

28-1018R.....12 Volt **124.95**
28-1020R.....24 Volt **139.95**

BORA FAN

The model 748 Bora fan is designed to deliver the features needed to solve any on-board airflow challenge. The fan is ideal for clearing a bridge windshield, venting a galley or providing cool comfort in the sleeping berth. This versatility has made the Bora our most popular selling fan. Three speed touch control Compact design. Mounts sideways, upright or downwards.

28-1022R.....12 Volt **79.95**

TRUE NORTH DELUXE HEATER

This rugged AC electric heater keeps the cabin warm on the chilliest of those early and late season nights in the marina. ALCI safety plug option. Steel construction.
3 heat settings (600, 900 and 1500 Watt). Option of a 'fan only' setting. Thermostat controlled

28-1024R.....110 VAC.....**109.95**

STOR-DRY ELECTRIC HEATER

The Stor-Dry low wattage warm air circulator is the "must have" product for the winterization season. The model 9406 Stor-Dry combats mold, mildew and musty odors in any boat that is closed up or winterized. This dual action air dryer uses a low wattage heating element and internal fan to both heat and circulate the air. The heat and circulation prevents stale air pockets which in turn prevents mold or mildew forming on the interior surface of the boat.

28-1026R.....110 VAC x 90 Watts **84.95**

12V OSCILLATING FAN

Economical oscillating fan used mainly for defogging or cooling wheel houses, cabins or galleys. Comes complete with mounting bracket. 12VDC.

28-098R.....6" Blade **31.80**

ECOFAN ULTRA AIR MODEL 810

Ecofan circulates warm air throughout the room which increases the user's comfort. These fans are designed to sit on top of a freestanding wood or pellet stove. Ecofan generates its own electricity without cords or batteries. Ecofan starts automatically when placed on top of a stove and adjusts its speed with the stove temperature. As the stove heats up, Ecofan runs faster. As the stove burns down and cools, Ecofan automatically shuts off.

- Air Flow : Up to 105 CFM
- Temperature Range 212°F - 650°F (100°C – 345°C)
- 3" x 5.5" x 9"

28-1032K.....(Gold Blade) **114.95**

ECOFAN AIRMAX MODEL 812

The Ecofan circulates warm air throughout the room which increases the user's comfort. These fans are designed to sit on top of a freestanding wood or pellet stove. The Ecofan generates its own electricity without cords or batteries. The Ecofan starts automatically when placed on top of a stove and adjusts its speed with the stove temperature. As the stove heats up, the Ecofan runs faster. As the stove burns down and cools, the Ecofan automatically shuts off.

- Air Flow : Up to 150 CFM
- Temperature Range 185°F - 650°F (85°C – 345°C)
- 3.3" x 5.5" x 10"

28-1030K.....(Nickel Blade) **149.95**

IN-LINE BLOWERS

Designed for efficient, high output operation, these blowers feature front and rear shaft seals and corrosion resistant motor housing. 5 1/4" long. Ignition protected.

3" inlet and outlet, 135 CFM air flow, 2.9 amp draw. (use 4 amp fuse.)

28-349R .....12VDC.....**47.95**

4" inlet and outlet, 235 CFM air flow, 4.3 amp draw. (use 7 amp fuse.)

28-350R .....12VDC.....**49.95**

3" inlet and outlet, 135 CFM air flow, 2.9 amp draw. (use 4 amp fuse.)

28-597R .....24VDC.....**47.95**

4" inlet and outlet, 235 CFM air flow, 4.3 amp draw. (use 7 amp fuse.)

28-598R .....24VDC.....**54.95**

12V CERAMIC HEATER

Instant defrost for windshields. 360 degree swivel. Complete with a 54" cord and cigarette lighter adaptor plug. 150 watts.

Dimensions 5" L x 4" W x 1.25"D

28-099P **26.90**

PALI ENGINE ROOM HEATER

Extend the boating season and protect your engine against surprise cold snaps prior to winterization. The Pali utilizes a self-regulating PTC heating element that cannot overheat. It meets all ignition protection guidelines and standards to allow it to be safely used in the marine engine compartment. It is the only heater of its type fully safety compliant to UL and CSA standards.

Dimensions 9" L x 5" W x 4.8"H

28-1034P **249.95**

4" JABSCO FLEXMOUNT BLOWER

4" inlet, 3 5/8" outlet. 250 CFM. Ignition protected. Extended Life 10,000 Hour Motor. Tough Reinforced Thermoset Plastic Housing. Mounts To Any Flat Surface. Slip-On Inlet Ducting Connection. Efficient High Volume Air Flow. Low-Current Draw. Corrosion-Resistant Materials Throughout. N.M.M.A. Type Accepted. Meets USCG Regulation 183.410 and ISO 8846 MARINE for Ignition Protection. Complies with ISO 9097 MARINE

9 5/8" H x 9 3/16" W x 9 1/4" L.

28-067M.....12 Volt (35770-0092) **335.00**
28-068M.....24 Volt (35770-0094) **339.00**

12V CERAMIC HEATER

Fan and heat, lightweight, easy to install. Adjustable 180 degree right to left. Provides steady, radiant and convection heat. Power cord 4m with in line 30 amp ATC fuse. 300 Watts.

Dimensions 6.5"L x 4.25" W x 6"D

36-199P **89.85**

SHIP'S WHEEL CLOCK

12" diameter wheel. Large figure clock. Battery operated.

60-027R.....**179.40**

SHIP'S WHEEL CLOCKS

Solid hardwood wheel with polished brass clock in center. Clock is battery operated.

Model 5241-R

26-179
Model 5215

3' VHF ANTENNAS

Model 5241-R

Perfect for speedboats, center consoles, fishing boats, etc •For any vessel where a standard fiberglass antenna may be obstructive or impossible to install •Can be ratchet or rail mounted with center wire hole required •15' of co-ax cable & PL259 connector is supplied •36" S.S. whip •3 Db. gain •CPB ferrule.

26-185P .....Model 5241-R.....**115.95**

Model 5215

A favorite with Sailboat owners, this light weight, low profile, stainless steel antenna was specially designed for masthead mounting. Hermetically sealed, tin-plated copper wire coil. Stainless steel body and 36" S.S.whip. SO-239 connector. Stainless steel L-shaped bracket supplied for mounting. One section. 3 Db. gain.

26-179P .....Model 5215.....**82.95**

9 1/2' VHF ANTENNA - MAST MOUNT

An outstanding performer in a professional quality, two section antenna, providing strength and performance of a large antenna without the size •White Shakespeare fiberglass with a tapered tip •Brass & copper elements •C/P/B ferrules •9 1/2' overall •6 Db gain •C/W 15' co-ax cable and PL-259 connector.

26-184P .....Model 399-1M **319.95**

5' VHF ANTENNA

Shakespeare's most economical antenna package. •3 Db gain antenna for basic day to day use •Comes complete with a lift & lay mount for easy installation •5' overall •Brass & copper elements •Base included •White fiberglass •Comes with 15' co-ax cable and PL-259 connector.

26-181P .....Model 420.....**145.95**

19' COMMERCIAL VHF ANTENNA

This 19' antenna is exceptional for long range communications •Antenna is rigid enough to stay erect in tough seas. •Yet this antenna is exceptionally lightweight •White Shakespeare fiberglass; brass & copper elements •Chrome plated brass ferrules •2 sections •19' overall •9 Db gain •Comes with 20 ft. Co-Ax and PL-259 connector.

Base Mount

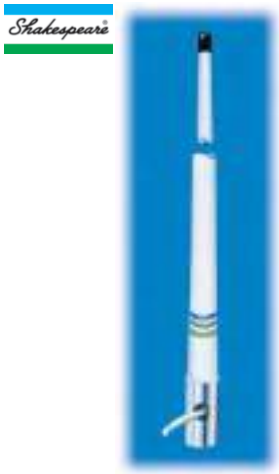

26-186P .....Model 4018.....**495.95**

Mast Mount

Same specs as base mount only with base sleeve for mast mount. U-bolts supplied.

Does not include Co-Ax cable and connector.

26-187P .....Model 4018-M **559.95**

8' VHF ANTENNAS

Model 5101

A standard of excellence in an economical antenna •Brass element with a smooth high gloss polyurethane finish •8' overall •6 Db gain •C/W 15' RG-58 co-ax & PL-259 connector.

26-272P .....Model 5101.....**72.95**

26-183P .....Model 5102 (Commercial).....**149.95**

21' COMMERCIAL VHF ANTENNA

The ultimate in seagoing and land based antennas, the 476 is designed to get the message through when all others fail •It's the top choice of commercial vessels, such as workboats, tugs, tidal well service boats •2 3/4" dia. x 26" long aluminum sleeve can be strapped directly to a mast or used with Shakespeare's 483 clamp set or 484 wall mounting brackets •10 Db gain •Tapered Shakespeare fiberglass •Brass & copper internal elements •Co-Ax cable and connector not included •One section 21' overall length.

26-188P .....Model 476 .....**1095.95**

3' C.B. ANTENNA

A great antenna for small boats •3' high, can be mounted in the smallest areas •Antenna comes with a lift & lay mount for easy installation •Continuous load end fed, 1/2 wave •50 OHM cable, which measures 7' and comes with connecter attached. Cannot be cut. 3' overall, unity gain.

26-189P .....Model 4050-B.....**119.95**

"BIG STICK" 18' C.B. ANTENNA

This 1/2 wave coaxial C.B. antenna provides the ultimate in C.B. performance and durability for large yacht installation •Requires mounts •Features: White Shakespeare fiberglass with tapered tip •Chrome plated brass ferrules; 2 sections •18' overall; 7.65 Db. gain •Co-Ax cable and connecter not included.

26-191P .....Model 176-1.....**269.95**

8' CB ANTENNA

A tuneable, easily installed CB antenna for top performance in demanding situations. Connector is supplied but not installed, so only a 3/8" hole is required for passage of the cable. Includes 20ft RG-8/X cable and PL-259 connector.

26-206P.....Model 5223-XT.....**189.95**

23' S.S.B. ANTENNA

This award winning performer is often referred to as "the standard of the industry" by virtue of its capabilities and popularity •Reinforced insulating qualities allow power up to 1kw •Conductors are permanently sealed in Shakespeare's white fiberglass •The base ferrule has 1" - 14 threads •Chrome plated brass ferrules, two sections: base - 162" / tip 112", 23' overall length •Co-ax cable and connecter not included.

26-205P .....Model 390.....**279.95**

28' PREMIUM S.S.B. ANTENNA

This heavy duty performer is designed primarily for larger commercial vessels which demand peak performances over the entire HF marine band •Conductors are permanently sealed in Shakespeare's white fiberglass •The 2-3/8" diameter x 24' long 6061-T-6 anodized aluminum sleeve can be strapped directly to a mast or used with Shakespeare's 483 clamp set or 484 wall mounting brackets (see page 190) •Chrome-plated brass center fittings •Anodized aluminum bottom ferrule •Two sections: Base 192"/Tip 144".

Co-ax cable and connecter not included.

26-344P .....Model 5300.....**749.95**

Shakespeare NEW

3' AM/FM ANTENNA

This 3ft combination antenna features Shakespeare's exclusive distributive load for super signal pulling power. The coil is permanently sealed in Shakespeare's white fiberglass. The Style 4351 has a nylon ferrule with 1in-14 thread for use with standard marine mounts. Includes 10ft RG-62 coax with Motorola plug installed. Nylon ferrule with standard 1″-14 thread. One section: 39″ overall height.

26-204P .....Model 4351.....**89.95**

Shakespeare

SPOT 3 SATELLITE GPS MESSENGER

26-110H .....Spot Gen3 ..... **169.99**
26-821K .....Ram Mount **52.95**

SPOT SATELLITE GPS MESSENGER

S.O.S.: With the push of a button, GEOS International Emergency Response Coordination Center provides your GPS coordinates and information to local response teams - for example contacting 9-1-1 responders in North America. The S.O.S. button is for emergencies only.
Check In: Let family and friends know you're ok when you're out of cell phone range. Send a pre-programmed text message with GPS coordinates or an email with a link to Google Maps to your contacts with your location. With a push of a button, a message is sent via email or SMS to up to 10 pre-determined contacts and your waypoint is stored in your SPOT account for later reference. Your stored waypoints can be easily integrated into a SPOT Shared Page or SPOT Adventure account.
Help/SPOT Assist: Alert your personal contacts that you need help in non-life-threatening situations. Or, use SPOT Assist for professional services on land or water. (Additional service required).
Custom Message: Stay in touch while off the grid by sending your custom message. Set up a message before leaving to send to contacts with your GPS location. Use this feature as a secondary OK message or transfer your personal help alert to this message function if you are using a SPOT Assist service on your Help button.
Tracking: Allow friends and family to follow your progress online in near real-time and save waypoints so you can review your entire route at a later date.
SPOT Gen3's customized tracking features take your SPOT experience to the next level. Only with SPOT Gen3, is tracking motion-activated regardless of the level of tracking you choose (Basic, Unlimited or Extreme). A vibration sensor tells your SPOT to send track updates when you are moving and to stop when you do. (This is a great new battery-saving feature! And, you don't have to remember to re-set your tracking after 24 hours.)

GARMIN INREACH EXPLORER +

26-108H **599.99**

GARMIN INREACH

You may venture off the grid, but you're never out of reach – as long as you're carrying an inReach SE+ or inReach Explorer+. These handheld satellite communicators are designed for the outdoor enthusiast who wants to roam farther and experience more – without compromising their loved ones' peace of mind. From backcountry experiences to international adventures, inReach provides communication, location sharing, navigation and critical SOS functions for anyone who loves getting away from it all, on land, water or in the skies.

Key Features

- 100% global Iridium satellite coverage enables 2-way text messaging from anywhere (satellite subscription required)
- Trigger an interactive SOS to the 24/7 search and rescue monitoring center
- Track and share your location with family and friends
- Pair with mobile devices[1] using the free Earthmate® app for access to downloadable maps[2], U.S. NOAA charts, color aerial imagery and more
- inReach Explorer+ device adds preloaded DeLorme® TOPO maps with onscreen GPS routing plus built-in digital compass, barometric altimeter and accelerometer

GARMIN ETREX 10

2.2"

eTrex 10 retains the core functionality, rugged construction, affordability and long battery life that made eTrex the most dependable GPS device available. We improved the user interface and added a worldwide basemap, paperless geocaching and support for spine-mounting accessories.

eTrex 10 has an enhanced 2.2" monochrome display that's easy to read in any lighting situation. Both durable and waterproof, eTrex 10 is built to withstand the elements. Its easy-to-use interface means you'll spend more time enjoying the outdoors and less time searching for information. eTrex 10 features the legendary toughness that's built to withstand the elements. Dust, dirt, humidity, water — none are a match for this navigator.

With its high-sensitivity, WAAS-enabled GPS receiver and HotFix® satellite prediction, eTrex 10 locates your position quickly and precisely and maintains its GPS location even in heavy cover and deep canyons. Whether you're in deep woods or just near tall buildings and trees, you can count on eTrex 10 to help you find your way when you need it the most.

Take charge of your next adventure with BaseCamp™, software that lets you view and organize maps, waypoints, routes, and tracks. This free trip-planning software even allows you to create Garmin Adventures that you can share with friends, family or fellow explorers. Note : This Etrex 10 cannot accept detailed mapping For more information please visit www.mercersmarie.com.

GARMIN ETREX 20X

2.2"

eTrex 20x is our upgraded version of the popular eTrex 20, with enhanced screen resolution (240 x 320) for a more readable display and internal memory expanded to hold more maps. It retains the ease-of-use, durability and affordability that eTrex is legendary for.

eTrex 20x has an enhanced 2.2-inch, 65K color, sunlight-readable display. Durable and water resistant, eTrex 20x is built to withstand the elements. It has an upgraded interface yet retains its legendary toughness to withstand dust, dirt, humidity or water.

With an array of compatible mounts, eTrex 20x is designed as a handheld or for use on ATVs, bicycles, in boats, cars even hot air balloons. Use the auto mount capability and City Navigator NT® maps for turn-by-turn driving directions, or the rugged mount for your motorcycle or ATV. Wherever you think you might take eTrex, it has the mapping and mounts to get you there.

With its microSD™ card slot and expanded 3.7 GB of internal memory, eTrex 20x lets you load TOPO 24K and Garmin HuntView™ and hit the trail, plug in BlueChart® g2 preloaded cards for a great day on the water or City Navigator NT map data for turn-by-turn routing on roads. eTrex 20x also supports BirdsEye Satellite Imagery (subscription required), that lets you download satellite images to your device and integrate them with your maps. GARMIN ETREX TOUCH 25

2.6"

Compact rugged and reliable GPS/GLONASS handheld with color touchscreen, featuring a 3-axis tilt compensated electronic compass, wireless connectivity, preloaded geocaches and expanded internal memory to hold more maps.

eTrex Touch 25 features a sunlight readable, 2.6-inch color touchscreen display offering intuitive access to worldwide basemap with shaded relief. Durable and water resistant, eTrex Touch 25 is built to keep delivering vital mapping and tracking data no matter what the elements throw at you, standing strong against dust, dirt, humidity and water.

eTrex Touch 25 features a built-in 3-axis tilt-compensated electronic compass that shows your heading even when you're standing still, and you don't have to hold it level to get an easy-to-understand display of your heading.

With an array of compatible mounts, eTrex Touch 25 is designed for use on ATVs, bicycles, boats, as a handheld or in your car. Wherever you think you might take eTrex, it has the mapping and mounts to get you there.

With its microSD™ card slot and a full 4 GB of internal memory, eTrex Touch 25 lets you load TOPO maps and hit the trail, plug in BlueChart® g2 preloaded cards for a great day on the water or City Navigator® NT map data for turn-by-turn routing on roads. eTrex Touch 25 also supports BirdsEye Satellite Imagery (subscription required) that lets you download satellite images to your device and integrate them with your maps.

eTrex Touch 25 is preloaded with 250,000 geocaches from Geocaching.com. By going paperless, you're not only helping the environment but also improving efficiency. eTrex Touch 25 stores and displays key information, including location, terrain, difficulty, hints and descriptions, which means no more manually entering coordinates and paper printouts. Simply upload the GPX file to your unit and start hunting for geocaches. For more information please visit www.mercersmarie.com.

GARMIN GPSMAP 78

The rugged GPSMAP 78 features crisp color mapping, high-sensitivity receiver, new molded rubber side grips, plus a microSD card slot for loading additional maps. GPSMAP 78 comes with built-in worldwide basemap, so you can navigate anywhere with ease. And, like the rest of the 78-series, the 78 is IPX7 waterproof and even floats in water.

With its high-sensitivity, WAAS-enabled GPS receiver and HotFix satellite prediction, GPSMAP 78 locates your position quickly and precisely and maintains its GPS location even in heavy cover and deep canyons. Adding more maps is easy with Garmin's wide array of detailed marine, topographic and road maps, available on microSD card. Conveniently plug in BlueChart g2 preloaded cards for a great day on the water or City Navigator NT map data for turn-by-turn routing on roads. The card slot is located inside the waterproof battery compartment, so you don't have to worry about getting it wet.

GPSMAP 78 supports geocaching GPX files for downloading geocaches and details straight to your unit. GPSMAP 78 stores and displays key information, including location, terrain, difficulty, hints and descriptions. Simply upload the GPX file to your unit and start hunting for caches. Slim and lightweight, 78 is the perfect companion for all your outdoor pursuits.

GARMIN OREGON 700

Rugged GPS/GLONASS Handheld with Built-in Wi-Fi and More. High-sensitivity dual GPS and GLONASS satellite reception for better performance in challenging environments than GPS alone. Redesigned antenna enables better reception and performance; 3-axis compass with accelerometer and barometric altimeter sensors. The Oregon 700 handheld features a bright, sunlight-readable 3-inch color touchscreen display with dual orientation for landscape or portrait views. It easily supports multiple mapping options such as BlueChart g2 HD for water navigation or City Navigator NT for turn-by-turn driving directions. Durable and water-rated to IPX7, the Oregon series is built to keep delivering vital mapping and tracking data, no matter what the elements throw at you. Plus, you can even customize your Oregon's display with free downloads of apps, widgets and data fields from the Garmin Connect IQ online store.Expanded wireless connectivity (Wi-Fi, Bluetooth, ANT+ capable); supports Active Weather and Geocaching Live. Bluetooth-enabled smart notifications and automatic uploads to Garmin Connect online community.

The Oregon 700 handheld provides comprehensive navigation and tracking to guide you on and off the beaten path, using GPS and GLONASS plus ABC (altimeter, barometer and compass) sensor capabilities. The built-in altimeter provides elevation data to accurately monitor ascent and descent, while the barometer can be used to predict weather changes by showing short-term trends in air pressure. The 3-axis electronic compass keeps your bearing, whether you're moving or not. There's also a TracBack® feature on Oregon 700 to help you navigate back to your starting point the same way you came. You can also mark locations, such as your campsite, vehicle or other points of interest, to which you'd like return navigation.

The expanded wireless capabilities of Oregon 700 make it easier than ever to download software, receive smart notifications[1] and upload adventures to our Garmin Connect online community. You can even share LiveTrack location data or geocache discoveries, unit-to-unit, with other compatible Garmin handheld devices. Smart notifications via Bluetooth connectivity with a compatible smartphone let you receive emails, texts and alerts right on your device. So you can see what's going on while you're getting away from it all. For more information please visit www.mercersmarie.com.

System sold without Power Cord.

GARMIN OREGON 750 WITH CAMERA

The Oregon 750 handheld features a bright, sunlight-readable 3-inch color touchscreen display with dual orientation for landscape or portrait views. It easily supports multiple mapping options such as BlueChart g2 HD for water navigation or City Navigator NT for turn-by-turn driving directions. Durable and water-rated to IPX7, the Oregon series is built to keep delivering vital mapping and tracking data, no matter what the elements throw at you. Plus, you can even customize your Oregon's display with free downloads of apps, widgets and data fields from the Garmin Connect IQ online store.

The expanded wireless capabilities of Oregon 750 make it easier than ever to download software, receive smart notifications[1] and upload adventures to Garmin Connect. You can even share LiveTrack location data or geocache discoveries, unit-to-unit, with other compatible Garmin handheld devices. Smart notifications via Bluetooth connectivity with a compatible smartphone let you receive emails, texts and alerts right on your device. So you can see what's going on while you're getting away from it all. Comes standard with a dual battery system that lets you use traditional AA batteries or a rechargeable NiMH power pack.

Capture locations and memories with the 8 megapixel digital camera. Each photo is automatically geotagged, allowing you to easily navigate back to that exact spot in the future. You can upload and share your favorite photos with friends via Garmin Adventures™, part of the Garmin online community.

GARMIN MONTANA 610

Montana 610 features a 4-inch, sunlight-readable, dual orientation, touchscreen display that offers crystal clear, enhanced colors and high-resolution images. Its easy-to-use interface means you'll spend more time enjoying the outdoors and less time searching for information.

With an array of compatible mounts, Montana 610 is designed for use on ATVs, in boats, as a handheld or in your car. Use the auto mount with City Navigator NT maps for spoken, turn-by-turn driving directions or the rugged mount for your motorcycle or ATV.

Includes 3-axis tilt-compensated compass, barometric altimeter and access to both GPS and GLONASS satellites for improved positioning and typically faster fixes. The 3-axis tilt-compensated electronic compass shows your heading even while you're on the move or not holding it level. The barometric altimeter tracks changes in pressure to pinpoint your precise altitude, or use it to plot barometric pressure over time to help keep an eye on changing weather conditions.

Adding more maps to Montana is easy. Plug in BlueChart g2 preloaded cards for a great day on the water, or load City Navigator map data for turn-by-turn driving directions. Add satellite images to your maps with BirdsEye Satellite Imagery (1-year subscription included). Or, transform paper maps into files you can download to your Montana with Custom Maps.

With Montana 610, you can share your waypoints, tracks, routes and geocaches wirelessly with other compatible Garmin GPS users. Just press "send" to transfer your information to similar devices and let the games begin.

With a one-of-a-kind dual battery system, the 610 gives you the option of using the rechargeable lithium-ion pack or traditional AA batteries. For more information please visit www.mercersmarie.com.

GARMIN MONTANA 680 WITH CAMERA

Montana 680 has a vast 4-inch, sunlight-readable touchscreen display, giving you vivid colors and high-resolution images. Its easy-to-use touchscreen means you'll spend more time enjoying the outdoors and less time searching for information.

Montana 680 features a dual-orientation, color touchscreen that's glove friendly and includes a 1-year BirdsEye Satellite Imagery subscription. With its high-sensitivity GPS and GLONASS reception, WAAS-enabled receiver and HotFix satellite prediction, Montana 680 locates your position quickly and precisely and maintains it. Whether you're in deep woods or just near tall buildings and trees, you can count on Montana 680.

Includes 3-axis tilt-compensated compass, barometric altimeter and access to both GPS and GLONASS satellites for improved positioning and typically faster fixes. The 3-axis tilt-compensated electronic compass shows your heading even while you're on the move or not holding it level. The barometric altimeter tracks changes in pressure to pinpoint your precise altitude, or use it to plot barometric pressure over time to help keep an eye on changing weather conditions.

The digital camera provides high-quality images, excellent resolution and automatically geotags photos with coordinates. **Capture locations and memories with Montana 680's 8 megapixel digital camera. Each photo is automatically geotagged with coordinates, allowing you to navigate back to that exact spot in the future.** Keep track of your photos and see their locations on a map using BaseCamp. Insert a microSD card for more photo storage or to view pictures from other devices.

With Montana 680, you can share your waypoints, tracks, routes and geocaches wirelessly with other compatible Garmin GPS users. Just press "send" to transfer your information to similar devices and let the games begin.

With an array of compatible mounts, Montana 680 is designed for use on ATVs, in boats, as a handheld or in your car or RV. Use the auto mount with City Navigator NT maps for spoken, turn-by-turn driving directions or the rugged mount for your motorcycle or ATV.

With a one-of-a-kind dual battery system, the 680 gives you the option of using the rechargeable lithium-ion pack or traditional AA batteries. For more information please visit www.mercersmarie.com.

GARMIN GPSMAP 276CX

NEW

5"

GPSMAP 276Cx was designed for your rugged lifestyle. You'll navigate with confidence by seeing clearly on the large **5-inch sunlight-readable screen**. The navigator's flexible mounting lets you keep the device exactly where you need it. Operate GPSMAP 276Cx with its reliable push-button controls that resist dirt, dust and grit, and best of all, keep all your maps on hand with 8 GB of internal memory, expandable by a microSD™ card (sold separately).

Almost anywhere you want to go, GPSMAP 276Cx has a compatible map to take you there. It comes preloaded with worldwide basemap and includes a free 1-year BirdsEye Satellite Imagery subscription. It also supports a variety of other mapping options such as Garmin TOPO maps, BlueChart® g2 HD, and turn-by-turn directions on City Navigator® NT.

Internal antenna with GPS and GLONASS satellite reception for tracking in more challenging environments than GPS alone; for better reception in vehicle interiors add an external antenna (sold separately) to the built-in MCX connector

Supports Active Weather forecasts and animated weather tracking. Pairs with your compatible smartphone for automatic uploads, smart notifications and more. For more information please visit www.mercersmarie.com.

Package includes:

- GPSMAP 276Cx
- 1 year BirdsEye Satellite Imagery subscription[1]
- AMPS powered mounting bracket with marine bail mount

- Bluetooth® technology for hands-free calling

NEW GARMIN

GARMIN DASH CAM 45

Dash Cam 45 is an easy-to-use high-definition driving recorder with 2.0″ LCD display. With a wide-angle lens, it captures the entire road and includes GPS for detailed time and location data, pinpointing exactly where and when events happened. Rely on your Dash Cam 45 to capture excellent video detail in both bright and low-light conditions. Mount the camera to your windshield, and record your drive in 1080p. Dash Cam records in a continuous loop, using the included replaceable microSD™ card. To add more memory, add a larger microSD card (accepts up to 64 GB, sold separately; Class 10 required). Play back the footage right on the display or review later on your computer.

Key Features

- Small and inconspicuous when mounted on windshield
- High-quality 2.1 megapixel camera with 1080p video capture; works even in low-light conditions
- Forward collision and lane departure warnings[1] plus alerts for nearby red light cameras and speed cameras[2]
- GPS-enabled with automatic incident detection (G-Sensor) saves video footage on impact to show when and where events happened.

NEW

GARMIN FORERUNNER 235

Forerunner 235 with Elevate™ heart rate technology measures heart rate at the wrist 24/7, giving you the option to run without a strap. Its colorful gauge identifies your heart rate zone and beats per minute in real time. A built-in accelerometer captures distance and pace data when you're running on an indoor track or treadmill, with no need for a separate foot pod accessory. Once you're done running, it doubles as an activity tracker², counting your steps and calories throughout the day. It also reminds you to move after sitting for more than an hour. Forerunner 235 is compatible with GPS and GLONASS satellites to locate your position quickly and precisely whether you're running deep in the woods or near tall buildings. Concise, easy-to-understand charts, graphs, maps and more let you view your activities, track progress toward goals and wirelessly upload and share relevant data directly with the online Garmin Connect network.

Key Features

- Tracks distance, pace, time, heart rate and more
- Connected features: automatic uploads to Garmin Connect™, live tracking, audio prompts, smart notifications and social media sharing
- Activity tracking² counts daily steps, distance, calories and sleep
- Download data fields, watch faces, widgets and applications from Connect IQ™

26-021H .....Forerunner 235 .....**449.95**

GOPRO HERO 5 BLACK EDITION ACTION CAMERA

Ruggedized and ready for adventure, the GoPro HERO5 Black action camera can be taken to the skies, over rough terrain, and even underwater without flinching, recording 4K videos and 12MP photos along the way. The sealed rubberized chassis allows the HERO5 Black to be taken to depths of 33' without the need for an external housing. So whether your escapades take you to the lands of concrete, sand, dirt, snow, or water, the HERO5 Black is prepared to record with a single button press. **Once you have finished recording, use the touchscreen to playback and even edit your footage right on the camera.**
It's hard to speak about the versatility of the HERO5 Black and not mention the mounting possibilities available through the included and separately available accessories. The Frame is included with the HERO5 Black and not only adds another layer of protection, it provides an interface to the world of 3-prong accessories. To get you started, a mounting buckle quick-release for The Frame and two adhesive mounts (one curved and one straight) with quick-releases are included. Other accessories such as handlebar mounts, selfie sticks, suction cups, and dive housings for creative placement of the HERO5 Black are available separately.
Not only is it more versatile than previous generation HEROs, it's also easier to use. A touchscreen graces the rear surface, displaying a revamped user interface, while the front screen combined with the top and side buttons offer a more traditional one-button control experience. If the camera is off, pressing the record button will power it on and immediately start recording. **Hands-free control** is also possible using the built-in Voice Control feature. Speaking simple voice commands can control various functions inside the camera, including start/stop video recording, photo burst, and more. Call or visit our website for more details.

Recon 5
26-695H 529.95

Recon 5+
26-696H 769.95

RECON 5 & 5+ UNDERWATER CAMERAS

Small in size, but big with features. Lithium battery-powered underwater viewing system complete with a powerful camera and a screen about the size of a smartphone with up to six hours of continuous run-time. The underwater camera features a 1/3" CMOS sensor, darkwater LED or infrared lighting, a 110-degree field of view and a 50-foot cord. The camera offers three angle settings: straight down, horizontal and looking up. 5-inch flat panel, high-resolution color LCD monitor displays in a 16:9 aspect ratio. Recon 5's on-screen display (OSD) shows battery status. Color-kill technology aids anglers fishing in stained water or in low light. In these conditions, switching from a color picture to black-and-white provides an amazingly crisp and clear image. Additional features of the Recon 5 are a charger cable, soft pack and camera sack and one-year warranty.

The Recon 5+ features a built-in DVR and the ability to take a screenshot, record to an external Micro-SD Card (up to 32GB), play back video and delete footage.

MARCUM UNDERWATER CAMERAS

With a high-resolution flat-panel LCD screen with 800 x 480 pixel resolution, and an industry-best Sony Super HAD II CCD 1/3-inch Image Sensor 01 Lux Camera, Marcum cameras provide an underwater viewing performance that, dollar for dollar, is unmatched by any other ice-fishing camera system available today. Fishing in clear water under bluebird skies? Use in full-color mode to see the underwater world the way nature intended. Fishing in stained water or in low-light conditions? Color Kill Technology allows you to switch over to black-and-white mode for an amazingly crisp and clear image.

- 7" Widescreen Flat Panel Hi-Res Monitor features switchable color and B/W LCD Video Out
- Resolution: 800 x 480 pixels
- Sony Super HAD II CCD has 1/3" Image Sensor and Darkwater LED Lighting
- 50 ft Camera Cable
- Includes Soft Pack Shuttle, Sun Shield, 12-volt 7-amp Rechargable Battery, 3-Stage Battery Charger and Down-View/Stabilizer Fin.

AQUA-VU UNDERWATER CAMERA

The new Aqua-Vu 760CZi features 3X digital zoom and the only 1/3" CCD color camera in the industry. All other underwater video cameras on the market use 1/4" CCD or CMOS sensors. The 1/3" CCD sensor is able to reproduce a wider and larger area coverage due to the larger sensor.

- IP67 Waterproof 7-inch full color high resolution LCD with on screen Depth, Temperature, Direction, 3X Zoom, & RCA video out
- Color Camera with 100' of Cable Featuring All NEW XD Camera Housing™ with Adjustable Quick Attachment Fin System for use with Live Strike™ Lure Monitoring and other accessories (sold separately)
- Smart Power Management System Includes 12v 9ah battery & charger, battery status,
- Custom Storage Bag System – Fits 5-Gallon Bucket
- Anti-Spook IR Lighting

26-699H .....7" Model.....**839.95**

RAM stands for Round-A-Mount and got its start in 1995. Most of the product line is based on a patented design revolving around a rubber ball and socket design. Far and away the most innovative product line of its kind, RAM continues to evolve into one of the most sought after accessories for electronics.

RAM FLAT SURFACE MOUNT FOR THE GARMIN MONTANA SERIES

Consists of a double socket arm, 2.5" diameter round base with the universal AMPS hole pattern, diamond adapter base and custom high strength composite cradle. Designed into the mount is a 1" diameter patented rubber ball and socket system with adjustment points at the base and cradle. With a twist of the arm knob, you can move the Garmin Montana flat surface mount to your optimum viewing position.

26-811K.....**52.95**

RAM MOUNT FOR GARMIN GPSMAP 78

The Garmin GPSMAP 78 Flat Surface Mount. 1" Rubber ball and socket technology allows for almost infinite adjustment and perfect viewing angles. High quality materials insure your Garmin GPSMAP is safe, secure, and within easy reach.

26-807K.....**52.95**

RAM "DASH" MOUNT FOR GARMIN 72/76 SERIES

The RAM Dash Mount consists of the 1" dia. ball and socket system with RAM Composite Cradle for the Garmin GPSMAP 76, 76C, GPSMAP 76CS, GPSMAP 76CSX Series.

26-572K.....**52.95**

RAM "FLAT SURFACE" MOUNT FOR GARMIN OREGON SERIES

The RAM flat surface mount consists of the 1" dia. ball and socket system with RAM composite cradle for the Garmin Oregon 450/550, & 600/650 Series.

26-806K.....**52.95**

RAM MOUNT FOR GARMIN GPSMAP 62/64

The RAM-B-138-GA41 Garmin GPSMAP 62 RAM Mount is a Marine Grade Aluminum Mount with a Flat Surface Screw Down Base and RAM Custom Plastic Cradle. The mount is designed with a RAM 1" diameter patented rubber ball and socket system that has adjustment point at the cradle and base.

26-809K.....**52.95**

RAM FLAT SURFACE MOUNT FOR THE SPOT GEN 3 GPS

Rubber ball and socket technology allows for almost infinite adjustment and perfect viewing angles. High quality materials insure your SPOT Satellite GPS Messenger is safe, secure, and within easy reach. RAM's patented design also dampens shock and vibration helping to extend the life of your mobile device.

26-821K.....**52.95**

RAM FLAT SURFACE MOUNT FOR THE GARMIN ETREX 10, 20 & 30

Consists of a double socket arm, 2.5" diameter round base with the universal AMPS hole pattern, diamond adapter base & high strength composite cradle. Designed into the mount is a 1" diameter patented rubber ball and socket system with adjustment points at the base and cradle.

26-802K.....**52.95**

RAM "DASH" MOUNT FOR GARMIN 60 SERIES

The RAM Dash Mount consists of the 1" dia. ball and socket system with RAM Composite Cradle for the Garmin GPSMAP 60 & 60C Series.

26-716K.....**52.95**

RAM MOUNT "BIG-SCREEN MAGNIFIER"

The magnifier is 2 inch by 4 inch with 2x zoom. The difference this device makes in the overall functionality of the GPS or PDA is remarkable. The unit comes with a diamond adaptor, so it works with all RAM cradles and a ratcheting feature with flex rod for perfect positioning. This RAM Big Screen Magnifier is a must have for anyone who loves their GPS or PDA but wishes the screen was a little larger.

26-808K.....**52.95**

RAM CRADLES

26-792K .....For 78 Series **17.95**
26-794K.....For 62/64 Series **17.95**
26-796K.....For Oregon Series **17.95**
26-798K .....For Montana Series.....**17.95**

RAM AMPS BASE WITH 1" BALL

Consists of a 1" diameter rubber ball connected at right angles to a 2" x 1.7" square base. The base has four pre-drilled holes at each corner, making the universal 1.5 x 1.188 (hole spacing) AMPS hole pattern.

26-059K.....**11.95**

RAM 2.38" ARM

The RAM-B-201U-A, short double socket arm, has a socket at both ends that accommodates 1" ball bases. RAM socket technology allows for almost infinite adjustment and perfect viewing angles.

26-053K.....**21.95**

GARMIN VIRB CAMERA ADAPTER WITH 1" BALL

1" diameter rubber ball, connected to a custom Garmin VIRB camera adapter. The adapter attaches directly to the under-side of the camera, replacing the factory mounting bracket.

26-061K.....**13.95**

RAM UNIVERSAL X-GRIP® CELL/IPHONE CRADLE WITH B-SIZE 1" BALL

If you are looking for a compact mount for your cell phone without that cookie cutter shape, you've found it. The RAM X-Grip® has a clean and clever four leg design that sports great holding power without hiding your phone behind foam pads and plastic.

26-058K.....**39.95**

RAM 3.69" ARM

The RAM-B-201, standard double socket arm, has a socket at both ends that accommodates 1" ball bases. A single spring inside the arm opens the end sockets, allowing you to pivot the ball and socket connection. This socket technology allows for almost infinite adjustment and perfect viewing angles.

26-051K.....**21.95**

RAM 1" DIAMETER BALL WITH CUSTOM GOPRO® HERO ADAPTER

The RAP-B-202U-GOP1 consists of a 1" diameter rubber ball, connected to a custom GoPro® adapter. The adapter attaches directly to the under-side of the GoPro® camera, replacing the factory mounting bracket. Compatible with other Ram 1" Acc.

26-079K.....**13.95**

RAM MEDIUM TOUGH-CLAW WITH 1" DIAMETER RUBBER BALL

The RAM Tough-Claw is the perfect mounting base for quick and easy tool-less installation and removal on round, square, odd shaped rails and bars. The Tough-Claw can be clamped on rails from 1" to 1.875" outer diameter. Ideal for mounting tablets, action cameras, smartphones, rod holders for rod storage and much more in a wide variety of applications. Perfectly suited for mounting on the yoke of an aircraft, handlebars and seat posts of bicycles, kayak rails, roll bars and much more.

26-066K.....**46.95**

RAM 6"ARM

The RAM-B-201-C, long double socket arm, has a socket at both ends that accommodates 1" ball bases. A single spring inside the arm opens the end sockets, allowing you to pivot the ball and socket connection. This socket technology allows for almost infinite adjustment and perfect viewing angles.

26-052K.....**34.95**

RAM BASE & SUCTION CUP FOR RAM HOLDERS

RAM diamond base with 1" ball for attaching to Ram Cradles or Twist Lock Suction Cup.

26-063K.....**11.95**

RAM Twist Lock Suction Cup. Attaches to RAM diamond base (#26-063).

26-065K.....**18.95**

NOTE:

• RAM twist lock suction cup mounts with the RAM diamond base only.

RAM BASE WITH 1" BALL

Replacement Base For Mounting Bracket. 1" diameter ball, connected at right angles to a flat 2.5" diameter base. The base has seven holes including the universal AMPS hole pattern.

26-057K.....**11.95**

RAM BASE WITH U-BOLT FOR HANDLEBAR

RAM-B-231 single u-bolt base for 3/4" to 1" rail with 1" ball size.

26-064K.....**19.95**

RAM DOUBLE 1" BALL ADAPTER

The RAM-B-230U, double ball joiner, consists of a 1" rubber ball on both ends that allow the connection of two 1" socket arms. When measured from ball center to ball center the arm length is 1.75". This mount is ideal if your mount arm is too short.

26-073K.....**20.95**

RAM SELF-LEVELING CUP HOLDER WITH 1" BALL & COZY

A favorite world wide, the RAM self-leveling drink cup holder will bring a smile to anyone's face when they get it. The perfect accessory for any vehicle including motorcycles, ATV's, Big Rigs, and yes, even your prized riding lawn mower. Easily installed and positions to keep your favorite beverage within reach, this gem even comes with a RAM can insulator. Take a corner as hard as you like, this holder is ready to ride.

26-818K.....**26.95**

RAM MOUNT FOR LOWRANCE ELITE-4 & MARK-4 SERIES FISHFINDERS

The RAM-B-101-LO11 consists of a 2.5" diameter round base with the universal AMPS hole pattern, double socket arm and adapter base that inserts directly to the back of Lowrance Elite-4, Mark-4 and Hook-4 Fishfinders. The adapter serves as a quick release mechanism, allowing you to remove or transfer your Fishfinder in seconds. Designed into the **mount is a 1" diameter patented rubber ball** and socket system with adjustment points at both socket ends of the arm; this with RAM's rubber ball and socket technology allows for almost infinite adjustment and perfect viewing angles.

26-814K.....**49.95**

RAM 8" FLEXIBLE LED LIGHT WITH MALE CIGARETTE PLUG

With a goose neck for adjustment and a soft light that is perfect to read or write by, the RAM 12 Volt Red and White Light Adaptor is a great addition to any mobile office. Compact and light weight. Plug it into any 12 Volt receiver.

26-813K.....**13.95**

RAM ANCHOR LINE LOCK WITH SPLINE POST

The RAP-357PU consists of the RAM anchor line lock and round base with spline post. For use with anchor line up to 1/2" in diameter, operation is smooth and easy while the product itself is compact and durable. The RAP-357PU can be flush mounted, or dropped into an existing rod holder base and stay right where you want on the water with the RAM Anchor Line Lock.

26-826K.....**48.95**

RAM 18" TRANSDUCER ARM MOUNT

RAM now offers a deployable transducer arm for kayaks. This solution enables the quick and effective deployment and retrieval of your transducer, while protecting your transducer from damage.

GARMIN GPSMAP 1022XSV CHARTPLOTTER/SOUNDER

10-inch color display with keypad interface and multifunction control knob. Includes transducer with high wide CHIRP, 250 W and CHIRP ClearVü/SideVü, 455/800, 500 W. High-sensitivity internal 10 Hz GPS and GLONASS receiver. Built-in Garmin CHIRP sonar, CHIRP ClearVü and CHIRP SideVü scanning sonar and Panoptix™ support (transducers sold separately). Fully network capable for Garmin Marine Network and NMEA 2000 plus NMEA 0183 support Experience an advanced all-in-1 solution with our 10-inch GPSMAP 1022xsv keyed combo. comes with or without a transducer for Garmin CHIRP sonar, CHIRP ClearVü and CHIRP SideVü. It also has built-in support for Panoptix all-seeing sonar and premium Garmin sonar modules (transducers sold separately). Features a large, bright screen coupled with a quick and easy-to-use keypad interface with user-programmable keys and a multifunction control knob.

Transducer Included. Maximun 1750 ft. Depth. Up to 2700 ft with optional 1kw transducer.

26-944J .....GPSMAP 1022xsv **2679.95**

GARMIN GPSMAP 7410XSV CHARTPLOTTER

Designed for sportfishermen, cruisers, sailors and sailing racers who demand high performance, ease of operation and feature integration in a chartplotter/sonar combo. The 10-inch multi-touch widescreen GPSMAP 7410xsv combo includes built-in dual CHIRP sonar plus CHIRP DownVü and CHIRP SideVü scanning sonar with the clearest images on the water. Its internal 10 Hz GPS updates your position and heading 10 times per second. GPSMAP 7410xsv is fully network capable, including Garmin Network and NMEA 2000, and offers the conveniences of built-in Wi-Fi® connectivity. The built-in sonar capabilities of the GPSMAP 7410xsv include 1 kW dual CHIRP sonar, the most sophisticated sonar technology available for the fishing and boating public. Dual CHIRP sonar provides amazingly clear target separation and definition because it puts even more energy onto the target than CHIRP. It gives you the ability to show low/high, med/high or low/med on the screen at the same time, enhancing your ability to distinguish between game fish and balls of bait fish. It also includes both CHIRP DownVü and CHIRP SideVü scanning sonar that provide nearly photographic sonar images of fish and structure that passes below and to the sides of your boat. Garmin DownVü and SideVü provide the clearest scanning sonar images on the water. Also supported are 50 kHz/200 kHz, 77 kHz/200 kHz and Minn Kota® and MotorGuide® trolling motor transducers (sold separately). GPSMAP also includes sonar-recording capability that coordinates the timing of the sonar return with your boat's position and saves digital information for playback on a computer using HomePort™ planning software.

Transducer Sold Separately. Maximun 5000 ft. Depth with optional 1kw transducer.

26-434J .....GPSMAP 7410xsv **3499.95**

GARMIN "GMR 18HD+" 4KW/36NM RADAR

Streamlined 18-inch 4 kW dome radar. Delivers 4 kW transmit power and clear echo definition at all ranges. Dynamic Auto Gain automatically adjusts to your surroundings for optimal performance in all conditions. Dynamic Sea Filter automatically adjusts gain to changing sea conditions. Overlays radar image on the chartplotter map page (autopilot or heading sensor recommended for best results).

Dynamic Auto Gain automatically adjusts to your surroundings for optimal performance in all conditions. Dynamic Sea Filter automatically adjusts sea clutter, depending on sea conditions. GMR 18 HD+ features 8-bit true color resolution for a clear presentation on your chartplotter screen. It has a maximum range of 36 nautical miles with a minimum range of 20 meters and a rotation speed of 24 RPM. There are no complex user settings, and it's easy to install and start using.

26-832J **1799.95**

GARMIN "GMR18XHD" 4KW/48NM RADAR

Next-generation, 4 kW high-definition GMR 18 xHD dome radar pairs ease of use with advanced open-array features. Its intuitive operation makes modes and settings simple to understand so you can enjoy great performance without a lot of technical know-how. The GMR 18 xHD delivers higher resolution than our previous generation 18" dome radars. New Dynamic Auto Gain and Dynamic Sea Filter continually adjust to your surroundings, providing optimal performance in varying conditions. Choose from multiple levels of aggressiveness or use manual gain adjustment. Dual range operation allows fully independent split-screen display of far and close radar views in full 8-bit color (select chartplotters); range of 48 nm. Optional "No Transmit Zone" can protect areas behind the radar from being radiated while providing full forward-looking radar capability. This makes installation more flexible by providing more suitable installation options on your boat.

Can use with any network compatible Garmin Chartplotter as your radar screen. Ex: GPSMap 721/820/1020/7410.

LOWRANCE HOOK SERIES FISHFINDERS

The Lowrance® HOOK is a fishfinder that offers proven features at a great value without compromising the quality anglers have come to expect from Lowrance.
The HOOK combines the benefits of CHIRP Sonar and DownScan Imaging™ technology to give you a clear and complete view of the underwater environment beneath your boat.
Featuring a brilliant color display, the HOOK is powered by high performance sonar with enhanced sonar sensitivity, excellent target separation and superior noise rejection, making it easier to see baitfish and gamefish targets. **Comes with Transducer.** For more information visitwww.mercersmarine.com.

Key Features

- Lowrance-exclusive, brilliant, high-resolution, color display
- CHIRP Sonar plus DownScan Imaging™ - the power of today's leading fishfinder technologies combined to provide the best possible view beneath your boat
- DownScan Overlay™ technology overlays DownScan Imaging onto CHIRP Sonar
- Advanced Signal Processing (ASP) reduces the need to manually adjust settings to see fish, structure and bottom detail more clearly
- TrackBack™ to review recorded sonar history
- View multiple CHIRP ranges from a single transducer
- CHIRP sonar performance with a greater number of affordable transducers, including the Lowrance HDI Skimmer®
- View multiple CHIRP sonar settings on one display
- Convenient Page selector menu with quick access to all features using one-thumb operation.
- Multi-Window Display lets you quickly choose from pre-set page layouts - including a three-panel view

The essential features from our legendary leadership in marine electronics are built in to every HOOK model. The brightest displays, the easiest-to-use interface, the quick-release bracket and multiple mounting options, as well as CHIRP sonar for the best target separation and minimal clutter.

Available in 4, 5, and 7-inch screen sizes, all Lowrance HOOK models feature CHIRP Sonar, which provides improved target identification at greater depths, a clearer display with less interference and enhanced target separation, so anglers can more easily distinguish baitfish from game fish. DownScan Imaging™ is also available on most models to give anglers a clear, photo-like view of the fish-holding structure beneath the boat.

All HOOK models combine these cutting-edge fishfinding capabilities with a bright, daylight viewable, backlit colour LED display. Packed with Lowrance exclusives like Advanced Signal Processing (ASP) for excellent target separation and superior noise rejection, HOOK helps anglers more easily identify baitfish and gamefish targets. Controlled with an easy-to-use interface, the convenient page selector menu allows quick access with one-thumb operation.

All HOOK fishfinder/chartplotter models feature a highly accurate, built-in GPS antenna that displays position on a world reference basemap and enhanced US basemap, with more than 3,000 lakes and rivers and detailed coastal contours to 1,000 feet. **Comes with Transducer.**

Each unit comes pre-packaged with Navionics+ cartography. Navionics+ chartcard featuring full coastal and inland coverage of the U.S. and Canada, plus the Great Lakes, Alaska, Hawaii and the Bahamas.

Chirp Sonar Advantages

- Easier to identify and distinguish bait and game fish targets
- Better target identification at greater depths
- Mark fish clearly at faster boat speeds
- Multiple CHIRP ranges from a single transducer
- CHIRP sonar performance with a greater number of affordable transducers, including the Lowrance HDI Skimmer®
- View multiple CHIRP sonar settings on one displa
- DownScan Imaging™ provides picture-like images of fish-holding structure beneath a boat.
- Selectable single-frequency sonar operation with award-winning Broadband Sounder™ performance.
- Brilliant Elite color display for enhanced widescreen visibility and viewing detail in all conditions
- DownScan Overlay™ technology overlays DownScan Imaging onto CHIRP Sonar
- Advanced Signal Processing (ASP) reduces the need to manually adjust settings to see fish, structure and bottom detail more clearly
- TrackBack™ to review recorded sonar history including structure, transitions or fish targets, then pinpoint locations with a waypoint.
- New page selector menu with quick access to all features using one-thumb operation
- Multi-Window Display lets you quickly choose from pre-set page layouts - including a three-panel view with chart, CHIRP sonar ranges and DownScan Imaging.

Other Features

- **Reads in feet, fathoms, or meters.**
- **Units come with Transducer**
- **Comes with internal antenna**

LOWRANCE HDS GEN 3 SERIES TOUCHSCREEN FISHFINDERS/GPS CHARTPLOTTERS

All-NEW Lowrance High Definition System that integrates leading-edge fishfinder technologies and the latest advances in navigation into one easy-to-use multi-touch display.
The All-NEW, Lowrance High Definition System (HDS) combines a brighter, multi-touch display and enhanced processor with leading-edge fishfinder technologies -- including CHIRP Sonar, Broadband Sounder™, StructureScan® HD, DownScan Imaging™ and Trackback™ view -- plus the latest advances in navigation and user interface -- including internal 10Hz GPS, dual microSD-card slots, touch-plus-keypad operation and built-in wireless connectivity-- all in one easy-to-use display.

Key Features

•Simple To Use: Improved Lowrance interface with touchscreen or keypad option provides lightning-fast, fingertip access to all HDS features.
•Most Advanced Fishfinder Technology: View CHIRP Sonar and StructureScan® HD at the same time to get the best possible view of fish and structure, both below and to the side of your boat
•Quickly Make Adjustments: With an enhanced, faster processor and intuitive user-interface features -- including scrolling menus, cursor assist, snap-to setting markers and innovative preview panes with quick-touch slider bars.
•Stay Connected: Integrated wireless connectivity with the Lowrance GoFree App and other onboard devices – view and control select HDS Gen3 displays wirelessly using supported tablets and smartphones.
•GoFree® Cloud-Enabled: Shop, purchase, download and immediately use Insight maps, and other 3rd third-party maps from GoFree partners, directly from the home screen. In addition, GoFree also enables Insight Genesis users the ability to upload sonar logs, and download up-to-date, personalized contour maps and contribute to the community based Social Map directly from your device.
•More Is Better: Plug-and-play compatibility with Lowrance performance modules -- Broadband Radar, SonicHub Marine Audio, SiriusXM® Marine Weather and audio, Class B AIS and DSC VHF -- as well as industry-leading technologies, such as SmartSteer control for MotorGuide PinpointGPS and the Lowrance Outboard Pilot.
•Connects and communicates with HDS Gen2 Touch and HDS Gen2 multifunction displays
•Single Ethernet networking port
•Micro-C connection for NMEA 2000® devices
•Video input via optional adapter cable

HDS® Redefines 'Ease of Use'

- Stylish and Retrofit-Ready
- New,Easier-to-Use Menu Selection
- FlyWheel™ scroll dial and soft command keys
- SolarMAX™ PLUS display for the best detail in bright sun and with wide viewing angles
- Two-Year Limited Warranty (Americas)

LOWRANCE HDS CARBON SERIES TOUCHSCREEN FISHFINDERS/GPS CHARTPLOTTERS

New Lowrance® HDS Carbon units feature ultra-clear SolarMAX™ HD multi-touch displays with high-bright LED back lighting and advanced anti-reflective coatings to create wider viewing angles suitable for any lighting condition.
Loaded with a dual-core, high-performance processor, HDS Carbon delivers faster redraw speeds and quicker response times to easily power Dual-Channel CHIRP sonar, Dual Network Sounder, StructureScan® 3D, StructureMap™ and future high-powered fishfinding upgrades. **Transducer not included** HDS Carbon features integrated wireless and Bluetooth® connectivity that supports the most advanced marine technology, including a Network Analyzer that notifies users when new software is available, and a Service Assistant that transmits a detailed network report directly to technical support for custom hands-on assistance.

What's New With The HDS Carbon

- Ultra-bright HDS SolarMAX™ HD displays with greater resolution and a wider range of viewing angles
- High-performance dual-core processor for smoother navigation and faster sonar updates
- HDS Dual-Channel CHIRP Sonar – dual sonar-range coverage from the same transducer* (*requires dual-channel CHIRP sonar transducer)
- HDS Network Dual Sounder – cover more water and mark fish targets more clearly from a network of CHIRP sonar transducers

•Reads in feet, fathoms, or meters.
•Unit comes without Transducer
•Comes with internal antenna

See page 223 for Transducer Information.

LOWRANCE BROADBAND 3G RADAR

Broadband 3G™ Radar delivers amazing short-range target resolution, InstantOn™ warmup speed and the lowest available RF transmission for safe, flexible installations. With revolutionary Frequency Modulated Continuous Wave (FMCW) technology, you see objects such as small boats and channel markers at greater distances. Near your boat, where it matters most, Broadband Radar™ provides amazing target resolution, even at an unprecedented 1/32 nm range. Docks, channel markers, moored vessels and other critical targets are displayed with clarity and separation, for added confidence in close quarters. Broadband technology also eliminates the "main bang" of a pulse radar—the obscured "dead zone" immediately around the vessel—that interferes with close target detection.
26-836J **2189.95**

LOWRANCE BROADBAND 4G RADAR

Broadband 4G™ Radar offers all of the benefits of the Broadband 3G™ Radar, including a true 200' working range, plus some spectacular extra features. Broadband 4G has an impressive 50 percent more true range than Broadband 3G. Now you can see crystal clear targets up to 32nm away and inside strong storm cells more than 17nm away. Broadband 4G™ Radar is also the only radar in the world to incorporate Beam Sharpening, which allows for unrivalled target separation in every situation, giving you the confidence to navigate in any state of visibility.
26-837J **2989.95**

SIMRAD GO 5 GPS/FISHFINDER

Get more from every day on the water with the Simrad GO5 XSE, a perfect fit for compact sportboats and dayboats. Behind its super-bright touchscreen lies a chartplotter with built-in GPS receiver, and Wi-Fi access to the latest charts and updates. Control your onboard sound system, monitor engine data and more over NMEA 2000®, and choose from an array of built-in sonar technologies: cruise with confidence using ForwardScan™ forward-looking sonar, or find fish like a pro with Broadband Sounder™ CHIRP sonar plus StructureScan® HD SideScan and DownScan Imaging™. **Comes WITH Transducer and Navionics Map.** (9 pin black)

Key Features
- Easy to use multi-touch interface
- Full-featured chartplotter with widest available cartography support (Insight, Navionics, CMAP)
- Includes Navionics+ charts for Canada
- Plan smarter with TripIntel™ technology
- Support for Navionics Autorouting and Jeppesen Easy Routing
- 5-inch flush or bracket mount display
- Widescreen with bright LED backlight
- High-speed 10 Hz GPS receiver
- Includes HDI Skimmer® transducer for medium/high frequency CHIRP sonar and DownScan Imaging™ views
- Built-in GoFree™ Wi-Fi
- NMEA 2000® compatible

SIMRAD NSS EVO3 SERIES GPS/FISHFINDER

Navigate, take control, and enjoy an unprecedented level of built-in functionality with NSS evo3. SolarMAX™ HD display technology offers exceptional clarity and ultra-wide viewing angles, combined with an all-weather touchscreen and expanded keypad for total control in all conditions. Cruise confidently with ForwardScan sonar, or fish easier with StructureScan® HD imaging and dual-channel CHIRP-enabled Broadband Sounder™ technology. Built-in Wi-Fi enables access to GoFree® online services, and delivers smartphone monitoring and tablet control to extend your display's reach well beyond the helm. The NSS evo3 series features a 7" & 9" display perfect for centre consoles and other installations where space is at a premium. Includes Insight charts. **Sold WITHOUT Transducer.** (9 pin black)

Key Features

- SolarMAX™ HD display
- Reliable control in all conditions: switch seamlessly between multi-touch and a full keypad with rotary dial
- Integrated echosounder featuring dual-channel CHIRP, ForwardScan® sonar, and StructureScan® HD imaging
- Add StructureScan® 3D imaging, advanced Broadband Sounder™ capabilities and more via Simrad modules
- Expand your view with Halo™ Pulse Compression radar, Broadband 3G™/4G™, and other Simrad radar solutions
- Take complete control of Simrad autopilot systems with the NSS evo3 touchscreen or keypad
- NMEA 2000® connectivity enables integrated engine monitoring, sound system control, and much more
- Navigate accurately with an embedded high-gain 10 Hz GPS/GLONASS receiver
- Built-in GoFree™ Wi-Fi enables online features and smartphone monitoring/tablet control
- Choose flush-mount installation for a low-profile Glass Bridge look, or bracket-mount to install almost anywhere.

SIMRAD

SIMRAD S2009 FISHFINDER

The Simrad S2009 Fish Finder combines CHIRP-enabled Broadband Sounder™ sonar with a 9-inch portrait display for maximum vertical detail, and intuitive keypad-driven operation for reliable control in all conditions. This dedicated echosounder integrates seamlessly with multifunction display and Simrad glass bridge systems, while offering charter captains and long-range sportfishing vessels the reliability of a self-contained sonar platform. Robust yet compact, the S2009 supports either bracket or flush-mount installation for an easy fit aboard any vessel. **Comes WITHOUT Transducer.** (7 pin blue). **Reads up to 10000 ft, Transducer dependent.**

SIMRAD R2009 RADAR

Key Features

- Dedicated Radar Control Unit
- Computer controlled auto tuning system
- Sensitivity anti-sea clutter time control to allow an optimum picture under adverse weather conditions
- Consistent automatic target tracking
- Meets IEC 62252 (pending) when paired with specified Simrad radar systems
- 9-inch 480x800-pixel portrait LCD
- High brightness for outside use
- Keypad and rotary-dial interface with 8 direct-access menu keys
- Bracket and flush-mount installation options
- Full-sized SD card slot for logs and software updates
- Ethernet, NMEA0183 & NMEA2000 connectivity

26-898J .....Simrad R2009 with Radar.....**3689.99**

SIMRAD 3G BROADBAND RADAR DOME

This revolutionary FMCW radar boasts outstanding performance, with crystal clear imagery, for novice and expert users alike.

Key Features

- Unrivalled Short-Range
- Crystal Clear Image
- Automatic Clarity
- MARPA Target Tracking
- Dual Guard Zones
- InstantOn™
- Low Power Consumption
- Zero Radiation Hazard
- Quick Installation
- 0-24nm Range
- High Speed Mode
- Ethernet Connectivity

26-896J .....3G Radar Only.....**2189.95**

FURUNO NEW

4.5"

GP39 MARINE WAAS / GPS NAVIGATORS

Compact GPS Navigator with 4.2" LCD Display

The Furuno GP39 offers a bright high resolution 4.3 inch display with a newly designed GPS core offering better accuracy with its integrated SBAS (WASS/EGNOS/MSAS) Technology. The unit has 7 available display modes, which includes 2 customizable modes. No need to worry about losing your waypoints and routes again. The GP39 offers data transfer via a USB flash drive and also a signal converter. **Comes with External Antenna.**

With an improved mounting bracket, the GP39 display can be mounted or un-mounted quickly and easily and can even be interfaced with a fish finder, sonar, radar or other navigation equipment for sending accurate navigation data. Receiving the TLL (Target Latitude/Longitude) sentence from interfaced fish finders or sonars the GP39 can display the received information, allowing you to easily mark fish school locations.

Internal memory allows 3,000 track points, 10,000 waypoints and 100 routes. The Furuno GP39 allows you to display data in Loran TD's which is a key feature that many other GPS units do not offer. Built with a waterproof housing to IP55 standards, the GP39 can be used as a standalone GPS or even a reliable back up.

NEW FURUNO

5.7"

FCV 628 Sounder without transducer
26-394J.....FCV 628..... **1095.95**

FCV628

Dual-frequency (50 kHz and 200 kHz) fish finder equipped with revolutionary new RezBoost™ signal processing technology.

Furuno's FCV-628, 600W fishfinder offers a **5.7" high resolution color display.**

RezBoost Sonar Technology

Furuno's RezBoost Sonar Technology offers unparalleled clarity and target separation that the most well know of competitors can't compete with. RezBoost is a revolutionary new signal processing technology that Furuno invented which achieves CHIRP-like performance from your traditional 600w or 1kW Transducers. The FCV628 offers up to 8 times the target separation than its predecessor the FCV627.

Digital Fishfinder

Furuno's FCV628 600w sounder utilizes their FDF (Furuno Digital Filter) technology, and auto adjustments technology, which helps adjust gain, clutter, and output power. This makes the picture clearer and easier to decipher between baitfish and larger target species.

High Resolution Display

The 628 offers a high resolution display which shows underwater conditions in 8, 16, or 64 colors for a brilliant picture. The FCV628 is waterproof which allows it to be installed on any bridge or center console. Audio and visual alarms alert you whenever preset limits are met for water depth, water temperature and fish echoes. The FCV-628 is a high end stand alone fishfinder providing exceptional underwater images at an affordable price point.

Transducer NOT Included. **Depth penetration to 2500 feet. Unit reads in feet, fathoms, or meters.**

NEW FURUNO

8.4"

FCV588 Sounder without transducer
26-398J .....FCV588 ..... **2195.95**

FCV588

Outstanding Clarity and Exceptional Target Separation Viewed on an **8.4" Display.** Furuno offers both fresh and saltwater anglers the perfect stand-alone fishfinder with a large, bright screen that's intuitive to operate. Compact, durable and housed in a waterproof case with a perfect sun-light viewable VGA polarized screen, the Furuno FCV-588 is a must have and is sure to be on many boaters wish lists for years to come.

RezBoost Sonar Technology

Furuno's RezBoost Sonar Technology offers unparalleled clarity and target separation.RezBoost is a revolutionary new signal processing technology that Furuno invented which achieves CHIRP-like performance from your traditional 600w or 1kW Transducers. The FCV588 offers up to 8 times the target separation than its predecessor the FCV587.

Digital Filtering

The 588 utilizes Furuno's FDF (Furuno Digital Filter) technology to identify the transducers wattage capacity and adjust its output power to match. The digital filter helps adjust much more than just gain, STC and output power; it also helps reduce an inaccurate depth presentation when a large bait pod is right below the transducer obstructing the pulse.

Post Processing Gain Control

Post Processing Gain Control allows you to adjust the gain not only on the returns from that point forward, but also for the existing returns that are still on the display. This is a quick and easy way to assist in determining what settings are best for the current water conditions. Every boater knows that your fishfinder functions a little differently according to the water's clarity and that will vary based on recent storms, local currents and the composition of the sea floor.

Transducer NOT Included. **Depth penetration to 2500 feet. Unit reads in feet, fathoms, or meters.**

16 MILE RADAR - MODEL 1623

The Model 1623 LCD micro-radar offers Furuno performance at an economical price! Features include: Microstrip antenna housed in a compact 15" radome weighing a mere 9.9 lbs.. Automatically changes antenna rotation speed depending on the range scale selected (25, 31 and 41 RPMs) 13 range scales from 0.125 to 16 nautical miles. 5.7" LCD display with 4 gray tones and 240 x 320 pixels. Antenna cable measures 10 Meters, (33 feet).

7.3"W x 7.7"H x 3.3"D.

- **16 Nautical Mile Range**
- **6" Mono LCD Display**
- **15" Radome Antenna**
- **2.2 kWPower Output**

26-178H ..... (10.2 - 31.2 VDC) **2295.95**

5.7"

FURUNO 1715 - 24 MILE RADAR

The MODEL 1715 is a high contrast LCD radar designed for pleasure craft and small fishing boats. The compact, waterproof display allows table top or panel mounting in the cockpit or on the open fly bridge.

With use of nav data inputs in NMEA 0183 format, the radar offers additional functions. Graphical and numeric waypoint information can be shown on the display. The Waypoint is indicated by a lollipop mark for easy identification on the radar display. In the TLL output function, you can use the cursor to output a specified target's L/L to the optional GPS navigator as a mark. 7.9"h x 7.9"w x 3.0"d(without bracket).

- **24 Nautical Mile Range**
- **7" Mono LCD Display**
- **18" Radome Antenna**
- **2.2 kWPower Output**
- **5.2 degrees Horizontal Beamwidth**

26-650H..... Radar 1715 .....**2795.95**

7"

FURUNO 1815 - 36 MILE COLOURED LCD RADAR

MODEL1815 is an 8.4" color LCD radar designed for pleasure craft and small fishing boats. The Radar has easy-to-use, intuitive controls, while maintaining the high performance you expect from FURUNO products. Even in poor visibility such as fog or storms, the radar produces detailed pictures of coastline and targets at short ranges by utilizing narrow pulses and dual IF bandwidths. The waterproof display makes it ideal for exposed installations, such as fly bridges.

MODEL1815 utilizes our Fast Target Tracking™, True Trail Mode and True View Mode technologies to ensure optimum performance in detecting and ranging targets of interest. Low power consumption of 38 W at the most. Swivel mounting bracket to adjust the angle of the display unit

- **36 Nautical Mile Range**
- **8.4" LCD Colour Display**
- **19" Radome Antenna**
- **4 kWPower Output**
- **5.2 degrees Horizontal Beamwidth**

AIRMAR TECHNOLOGY CORPORATION

Now available for compatible Lowrance, Garmin, & Furuno Sounders.

P319 Plactic T-Hull Transducer
The P319 features our 50/200 kHz, dual-frequency, single-ceramic element in a low-profile housing. The nearly-flush design minimizes drag with only 5 mm (3/16") extending outside of the hull.
Features:
* Depth / Temp (optional)
* 50/200 kHz
* 600 W RMS
* Mid-performance
* Plastic

B117 Bronze T-Hull Transducer
The B117 features our 50/200 kHz, dual-frequency, single ceramic element in a low-profile housing. The nearly-flush design minimizes drag with only 5 mm (3/16") extending outside of the hull.
Features:
* Depth / Temp (optional)
* 50/200 kHz
* 600 W RMS
* Mid-performance
* Bronze

SS60 Stainless Steel T-Hull Transducer
The SS60 is the stainless-steel version of our popular, B60, Tilted Element™ transducer.
Features:
•Engineered for center-console and trailered boats
•Low-profile protrusion below the hull
•No affect on your boats running performance
•Arrow on cap points toward keel when installed
•Built-in temperature sensor
•Boat Size: Up to 8 m (25')
•0°, 12°, or 20° Tilt
•Stainless steel transducer housing

B45 Bronze T-Hull Transducer
The B45 is our smallest and most economical, dual-frequency, bronze, stem transducer.
Features:
•Recommended for planing-hull powerboats and cruising sailboats up to 9 m (30')
•Good sensitivity in a compact housing
•Fast-response water-temperature sensor
•50/200 kHz
•600 W RMS
•Mid-performance
•Bronze transducer housing

B744V Bronze T-Hull Transducer
These TRIDUCER® multisensors feature depth, speed, and temperature in a single housing–drill only one hole in the boat! The 50/200 kHz, dual-frequency, single ceramic element provides good target detail in shallow water at 200 kHz and good deep-water bottom tracking at 50 kHz. The B744VL's extended stem-length has the extra height needed for steep-deadrise vessels or thick, cored hulls.
Features
* Depth / Speed / Temp
* 50/200 kHz
* 600 W RMS
* Mid-performance
* Bronze

B258 Bronze T-Hull Transducer
Sport fishermen get excellent 1 kW performance with the moderately-priced B258. Its economical, four-ceramic-element construction puts out a narrow beam for good deep-water capability with very good target and bottom definition. For the best possible results, Airmar recommends coupling it with a High-Performance Fairing.
Features
* Depth / Temperature
* 50/200 kHz
* 1 kW RMS
* High Performance
* Bronze

MARINE JACKS

1000 LBS, single wheel

Fast, easy swivel jack operation. Factory assembled mounting bracket provides easy trailer installation. Provides up to 25" of lift. Heavy duty 3" plated steel tubing, 6" poly wheel. Fits trailer tongues from 3" to 5" .

46-383P .....1000lb **49.95**

1500 LBS, dual wheel

Heavy duty swivel mechanism makes for easy operation with superior load capabilities. 1500lb. capacity heavy duty jack features 2 - 6" wide profile wheels for maximum ground support. Ideal for use on soft surfaces. Extra lift for vehicles with high platforms up to 27". Fast, easy jack operation fits trailer tongues from 3" to 5".

46-386P .....1500lb **159.95**

FULTON TRAILER WINCHES

All FULTON winches include the following features: comfort grip handle for positive hold while cranking; zinc plated finish for superior corrosion resistance, even in salt water environments; winch drums are drilled for use with winch straps; high carbon steel gears to resist wear and last longer; heavy duty ribbed frames maintain proper gear alignment for longer life; internally lubricated bushings so cranking is kept easy. Made in USA.

90-232P **134.95**

BUNK CARPETING

Marine grade carpeting allows the do-it-yourselfer to replace worn and dirty carpet on bunk trailers. The carpet protects your boat investment by reducing scratching on the hull and keeps it in like-new condition.

Size : 12" W x 144"L

90-118P.....**29.95**

FULTON BOAT GUIDE

The Fulton GB150 boat guides/trailer positioners help you keep the boat centered and provide extra trailer visibility, saving time and possible damage, when launching and loading. Universal bolt-on mounting system fits all trailer frames up to 3" wide by 5" tall, no drilling or cutting required. Unique, non-marring, marine grade PVC uprights extend 50" up from frame, helping to prevent hull damage, and providing trailer visibility when backing up. Features side-to-side adjustment, allowing optimum fit to any trailer. Keep trailer lights high, dry and visible with the convenient mounting kit, allowing trailer lights to be fitted to boat guide uprights. Mounting instructions and all necessary hardware included.

AIR CUSHIONED DOCK BUMPER SYSTEM

These Profiles are constructed of marine grade flexible PVC, developed not to chip or crack under normal usage. Unaffected by oil, gas or salt water. UV Inhibitors and Fungicides prevent fading, yellowing, deterioration from sunlight and unsightly blotching. Protect your investment with a durable "fender soft" Protection System. Easily installed on any horizontal or vertical surface. Large "P" section with large air volume provides excellent protection.

DOCK EDGE

CLEAT LITE™

These solar lights are mounted on top of a sturdy galvanized steel base, housed inside an attractive Colonial style 12″ tall, 4″ wide vinyl pillar. Easy to install and NO WIRES. The lamp is designed to illuminate your boat, dock and stainless steel cleat, and not shine in your eyes. Each kit includes, pillar, stainless steel cleat, galvanized mounting base, solar light and REPLACABLE rechargeable batteries.

46-1757K..... **101.95**

PRODOCK LITE

Automatic on-at-dusk.Heavy duty construction & style. Perfect for docks, walkways, decks and landings.Ideal for illuminating trouble spots on pathways or transition areas such as from dock to shore.Easy to install with no wires.Durable, weatherproof low profile construction. Easily withstands pedestrian and more substantial vehicle traffic such as hand carts and more. Replaceable, rechargeable batteries.

46-1761K..... **41.03**

DOCK EDGE

DOCK LITE™

The wireless solar DockLite™ is easy to install. It's durable, weatherproof low profile construction makes it an attractive and functional addition to Docks, Walkways, Decks and Landings. Ideal for illuminating trouble spots on pathways or transition areas such as from dock to shore. With extended duty solar charged batteries the DockLite™ will last until sunrise. Automatic on-at-dusk. Easily withstands pedestrian and moderate vehicle traffic such as hand carts and more. **4″ x 4 1/2″**

46-1758K..... **28.95**

SENTINAL SOLAR DOCK LIGHT

Each Solar Sentinel™ incorporates stylish, durable solar lighting on an attractive, broad-based, tapered pillar to illuminate docking areas. The Solar Sentinel™ also has the capability of acting as a Life Ring station. **The optional Stainless Steel "J" hook (50-015, page 269)** can securely keep a Life Ring under the convenient illumination of the Solar Sentinel™ by day or through the darkest hours of night. Includes solar light, tapered pillar and replacable rechargable batteries.

46-1756K..... **132.95**

DOCKLITE VALUE PACK

This value pack of solar DockLites is easy to install. The durable, weatherproof low profile construction makes them an attractive and functional addition to docks, walkways, decks and landings. Ideal for illuminating trouble spots on pathways or transition areas such as from dock to shore. Automatic on-at-dusk. Weatherproof and durable. Install easily with NO wires. Traffic tolerant, toe friendly design.

46-1762K **40.95 pk/2**

DOCK EDGE

POST LITE™

Powerful solar charging capacity with 360º light diffusing Polycarbonate lens and convex interior reflector maximize light output. Each PostLite™ Fits Post Sizes: 1-5/8″, 1-7/8″ , 2-3/8″ OD, and 3-1/4″ ID as well as Flat Surfaces with the INCLUDED adaptors. 6 Preinstalled LED colors and convenient toggles built right into the circuit board means you can change colors with the flip of a switch to match a particular color scheme or merely differentiate your dock from your neighbours. Rechargable REPLACABLE batteries included

46-1759K..... **75.95**

DOCK EDGE

CAP LIGHT

These solar Post Tops will fit your conventional 4″ x 4″ wooden posts. Corrosion-free construction, Automatic on-at-dusk , powerful solar charging panel, Brite White LEDs and rechargable batteries.

46-1760K..... **44.95**

Anchors for Floating Docks, See Page 232

Galvanized Floating Dock Hardware

• 1/4" thick • 9/16" square holes with 3 1/2" from centre to centre.

INSIDE CORNER

For lighter duty applications where an outside corner is not necessary.

46-1711K ..... 5 7/8" Leg length **18.50**

OUTSIDE CORNER

Use with backer plates or inside corners at outside ends of docks.

46-1710K.....10" Leg length..... **29.50**

INSIDE CORNER PIPE HOLDER

Sloted holes for various wood thicknesses. Holds dock in place while allowing for tides or other water variances. 3" I.D. x 7" long pipe.

46-1721K.....8 1/4" Leg x 5 1/4"H **72.95**

SIDE PIPE HOLDER

Bolts to side of dock frame to anchor it in place yet allows vertical movement for water variances.

3" I.D. x 7" long pipe.

46-1722K.....7 1/2" Leg length x 5 1/4"H..... **45.95**

DOCK EDGE PIPE AUGER

Pipe auger. Fits up to 2" O.D. pipe. Galvanized

46-1724K..... **26.75**

FEMALE CORNER HINGE

Used with all styles of Male Connector Hinges.

46-1714K.....10" Leg length..... **44.95**

MALE CORNER HINGE

Use with all styles of Female Connector Hinges.

46-1713K.....10" Leg length..... **48.95**

ANCHOR CHAIN INSIDE CORNER

Offers maximum corner strength when used with Outside Corner or any corner connecting hinge. Holds up to 1/2" chain.

46-1712K.....8 1/4" length..... **34.95**

CHAIN RETAINER

Holds chain up to 1/2" to secure the dock in position.

46-1717K.....6" L x 5 1/2" H..... **33.95**

INSIDE JOIST CORNER

Use to mount stringers with washer plates. Also use as a backer plate to prevent cleats from pulling out.

46-1723K.....2 1/2" Leg length..... **9.99**

BACKER PLATE

Used to sandwich wood framing when another piece of hardware isn't used. Prevents bolt loosening and pull through.

46-1720K.....5 1/4" x 5 1/4" (1/8" Thick)..... **7.35**

FEMALE TEE CONNECTOR

Used with all styles of Male Connector Hinges.

46-1716K.....5 1/4" length..... **20.50**

MALE TEE CONNECTOR

Use with all styles of Female Connector Hinges.

46-1715K.....5 1/4" length **15.95**

3/4" CONNECTOR PIN

Used to join male and female connectors.

46-1718K.....3/4" Dia..... **9.35**

WASHER PLATE

Used on side of pipe holders, joist corners and chain retainers.

46-1719K.....5 1/4" x 1 1/2"..... **4.99**

PREMIUM MOORING WHIPS

Premium Whips feature an Exclusive "Plug & Socket" design for quick and easy separation, Tie-off cleat and NEW carbon fiber technology. Solid, cast aluminum base with built-in cleat, ring and thumb screw. Unique tip with functional roller and a tie-off cleat for easier boat access. Simply release the whip line from the tie-off cleat. The whip lines effortlessly roll through the pulley at the tip causing the boat to gently approach the dock for boarding. Patented cross-wound material. Double braided nylon whip lines, spring lines and unique line tensioner for one-handed set-up. Stainless steel mounting hardware included.Set of two (2) whips includes mooring lines, whip lines, tie-off cleats and aluminum tensioners.

INTERLUX "BRIGHTSIDE" POLYURETHANE FINISHES

Brightside Polyurethane is the most technically advanced one-part polyurethane available. Brightside now contains Teflon® for better resistance to staining, abrasion and easy cleaning.

Brightside uses Polyflow 4000®, a unique polyurethane resin, which yields excellent flow and leveling characteristics as well as incredible abrasion and chemical resistance. Brightside also takes advantage of the latest in ultraviolet technology which insures longer color and gloss retention. Together, these technologies create a one-part polyurethane which gives the look of a two-part polyurethane with the application ease of a one-part enamel.

Coverage : Brush-130sqft/qt. Spray-85sqft/qt.

Applications: Fiberglass, Epoxy, Wood and Bare Metal. Contact us for an application guide for each of these products.

NO SLIP COMPOUND

A simple additive that you sprinkle onto any surface, inside or out, while the paint is still damp that gives it just enough texture to make the surface a little safer to stand on. Comes in a handy self dispensing shaker.

52-304P .....283g.....**4.25**

The keel of most boats is the center line running down the bottom of your boat. It generally protrudes and slices into the water. Because of this, the keel both slices the water first, and also bumps into concrete, ramps, docks, and rocky shores first. But it doesn't have to. KeelShield was developed to protect your most vulnerable, and constant point of contact. Made of pure Urethane Polymers, this 5" wide rugged shield is the strongest and most durable protection for your keel from abrasions, scratches, and scars.

BOWSHIELD

Guaranteed bow protection from docks, trailer stops and bow rollers.

- Easy, Do It Yourself Installation
- Made of durable 316 marine grade mirror finished stainless steel
- 3 year warranty.
- Prevent costly repairs
- Maintain the value of your boat

44-787P ..... **0.49** ea

Absorbs All Liquids (Grey Colour)

44-789P ..... **1.09** ea

LUCAS FUEL TREATMENT

Lucas fuel treatment is for use in gasoline and diesel engines. It contains no alcohol, solvents, kerosene or anything that would be harmful to engines.

Most gasoline and diesel fuels have had "polymers" removed from them, not because they are harmful, but because of the fumes they create. This has resulted in most fuels being stripped of their main lubricant as well as a great deal of its power. Lucas fuel treatment replaces those polymers with a concentrate that makes fuel "slicker" and more powerful. In most cases, fuel savings will offset the cost of treatment.

With its lubricating of rings and cylinder walls you not only get more power, but FEWER EMISSIONS.

Before starting repairs on your diesel because of low power and smoking, we suggest you try approximately 1/2 gallon of the treatment to approximately 100 gallons of fuel. It often does the job!

Lucas fuel treatment cleans and lubricates valves, pumps, carburetors, injectors and compression rings and is a real must in rotary pumps.

INFORMATION GUIDE	
Approximate use for gas or diesel engines	
155 ml. (5.25 oz)	for 20 gallons
1 qt. (32 oz)	for 100 gallons
1 gal. (128 oz)	for 400 gallons
5 gal.	for 2000 gallons

LUCAS HEAVY DUTY OIL STABILIZER

Lucas heavy duty oil stabilizer virtually eliminates dry starts and wear & extends oil life. Lowers oil temperature in any engine, gas or diesel. Will also eliminate noise, overheating, leaks and wear in gear boxes. The use of this product allows oil change intervals to safely be extended by 50% to 100%.

In engines, use approximately 1 quart to each gallon of any plain motor oil, petroleum or synthetic.

SIERRA TC-W3 OIL (FOR 2-STROKE)

Sierra TC-W3 is a high performance lubricant that has been manufactured and designed to meet and exceed all (Domestic & Import) engine manufacturers warranties. Exceeds JASO, ISO, API and NMMA, for advanced generation 2 cycle lubricants.

- Ideal for oil injection systems or pre-mix applications.
- Optimum burnability for smokeless combustion. Runs cleaner, burns cleaner.
- Significantly reduced aquatic toxicity to fish compared to other outboard oils on the market today.
- Maximum lubrication and detergency allows engine to run smoother and more efficiently.

90-270R.....Quart **10.95**

SIERRA FUEL STABILIZER

Gasoline performance additive and stabilizer. Promotes quick starting. Keeps carburetor and fuel system clean. Reduces gum and varnish build up. Improves engine performance. Stabilizes gasoline without ethanol up to 24 months. 1/4 oz. per gallon for everyday use or 1/2 oz for storage. A 8 oz bottle will treat either 32 gal. for everyday use or 16 gal. for storage.

90-295R .....8 oz.....**8.95**
90-296R .....Gallon.....**64.95**

SIERRA SYNTHETIC GEAR OIL

Specially formulated for use in high-performance outboard and stern drive applications. It shares many of the same advanced properties as Sierra`s Synthetic Engine Oil, making it a superior choice for longlasting protection of critical drive components. Its enhanced lubricity does a better job of reducing friction and prolonging the life of internal parts than conventional oils. Offers superior corrosion protection, making it an ideal choice for boats that see frequent use in salt water.

90-272R.....Quart **19.95**

SIERRA 10W-30 PREMIUM OIL

4 stroke marine outboard engine oil is a highly refined petroleum formulated with premium base stock and highly refined additives. Specifically formulated to meet or exceed the tough requirements of the Marine 4 stroke motor. Excellent anti-wear characteristics. Reduces friction. Formulated to offer maximum corrosion protection. Reduces sludge, keeps engine cleaner for better efficiency. Low temperature viscosity offers better cold starting.

90-264R.....Quart.....**9.75**
90-265R .....Gallon.....**33.95**

SIERRA 10W-30 PREMIUM OIL

Formulated specifically for 4 stroke outboard and sterndrive engine technology. A special blend of synthetic base oil and a balanced additive system that exceeds requirements for marine engine oils. Recommended for use in both outboard and sterndrive applications. Offers faster lubrication at start up in low temperatures, excellent protection at high temperatures, and greater resistanceto oxidation for lower oil consumption.

90-267R.....Quart **16.95**
90-268R .....Gallon.....**49.95**

SIERRA POWER TRIM AND TILT FLUID

Formulated for high operating pressure. Anti-foam additives assure uniform flow with reduced air contamination in hydraulic systems. Designed for heavy duty use at high operating pressures in applications subject to varied tempature ranges.Provides proper lubrication and corrosion protection for internal hydraulic components.

90-293R .....10 oz.....**9.75**

SIERRA PREMIUM 25W-40 OIL

25W-40 4 stroke marine stern drive engine oil has been formulated to provide excellent lubrication and corrosion protection. Stern drive and inboard engines operate under high load and running stresses. This product is developed for the marine environment and will out perform standard 4-cycle automotive engine oils. It offers excellent detergency, anti-oxidants, antiwear, and corrosion protection. Reduces wear to the internal components, protects internal parts from corrosion, cleans pistons, and prevents ring sticking. Excellent low temperature operating properties

90-275R .....Quart.....**8.95**
90-276R.....5 Quart **41.95**

SIERRA 15W-40 DIESEL OIL

Meets the Following Manufactures Specifications: Volvo Vds-3; Cummins Ces20078, Ces20077, Ces20076; Detroit Diesel Ddc93d214; Cat Ecf-2, Ecf-1; Global Dhd-1. Increased Detergency Fights Soot and Carbon Deposits. Certified To Api Cl-4+ Rating. Meets Highest Standards for Diesel Oil.

90-282R .....Quart.....**8.75**
90-283R.....5 Quart **32.95**

SIERRA FOGGING OIL

Protects internal engine components from rust and corrosion. Specifically formulated for seasonal storage of outboard & sterndrive engines. Ideal for all 2-cycle and 4-cycle engines.

90-294R .....12 oz.....**9.75**

SIERRA SYNTHETIC 25W-40 OIL

A special blend of synthetic base oil and a balanced additive system that exceeds the FC-W requirements for marine engine oil. Recommended for gasoline and diesel inboard and sterndrive engines. Superior engine protection during startups, operation and storage. Reduces friction and wear for extended engine life. Longer lubrication effectiveness than mineral oils. Reduces oil consumption and improves fuel economy.

90-278R.....Quart **11.95**
90-279R.....5 Quart **53.95**

SIERRA GREASE GUN

This high quality, heavy duty grease gun is designed for years of trouble-free applications. The application nozzle can be removed and a flexible extension hose can be installed for working on hard to reach fittings. Comes with 3 oz cartridge of marine wheel bearing grease.

90-290R ..... 3 oz Model.....**41.95**
90-291R ..... 15 oz Model.....**37.95**

SIERRA FUEL FILTERS

Sierra AquaVue and metal bowl seperator filters allow water to be drained from the filter to extend service life. Use the AquaVue bowl for outboard, above deck installations. Use flame resistant metal bowl below deck.Comes with 1/4" pipe plugs.

90-300P .....AquaVue Bowl (Clear).....**99.95**
90-301P.....Metal Bowl.....**134.95**

SIERRA LITHIUM SPRAY GREASE

Multi-Purpose spray lubricant for Marine applications. Ideal for lubricating shift components and miscellaneous applications where a light grease lubricant is required. Water and heat resistant. Prevents corrosion

90-285R .....12 oz.....**20.95**

SIERRA MARINE PREMIUM GREASE

Specifically formulated for marine applications. Premium lithium formula provides optimum corrosion protection in both freshwater and saltwater applications. Ideal for trailer wheel bearings, universal joints and outdrive pivot joints. Operating Temp -40 to +350F.

90-287R .....15 oz.....**10.75**
90-288R .....2 x 3 oz.....**13.75**

DIESEL "FUEL RIGHT" FUEL TREATMENT

Desolve and prevent sludge growth. Clean tanks, fuel lines, filters and strainers. Prevent (MIC) corrosion. Prevent fuel line freeze up. Stabilize fuel. Restore lubricity.

90-075R.....177 ml (Treats 2655 litres) **46.15**
90-076R.....1.89 Litre (Treats 28350 litres) **296.95**

PERMATEX® FAST ORANGE® PUMICE LOTION HAND CLEANER

The #1 selling, biodegradable*, waterless, petroleum solvent-free hand cleaner that contains no harsh chemicals, mineral oils or ammonia that can sting cuts and abrasions. Pure, fresh-smelling natural citrus power does the cleaning. Fortified with aloe, lanolin, glycerin, and other skin conditioners. Fine Pumice formula gently deep cleans the toughest dirt. Works great on laundry stains, scuff marks, tile floors, pet odors and many other household cleaning needs.

52-468R .....440ml.....**7.50**
52-469R.....3.78 L.....**24.95**

ULTRA SLICK CHAIN LUBE

Specially formulated to lubricate and protect all types of roller chains operating in exposed conditions. High lubricity and foaming action penetrates into rollers and displaces water. Will not be thrown off at high speeds. Non-tacky formula reduces accumulation of road dust and sand.

52-777R .....340g.....**11.95**

PERMATEX® SURFACE PREP™ ACTIVATOR

Speeds cure of Permatex® Threadlockers, Thread Sealants, Retaining Compounds, and Anaerobic Gasket Makers by 50%. Increases threadlocker strength. Recommended for use during cold weather.

52-771R.....**22.95**

GOJO HAND CLEANER

Quickly dissolves and removes grease, oil and dirt from all types of equipment. Cleans iron, steel, aluminum, magnesium and copper. Not harmful to metal, rubber, plastic, or concrete. Rinses off easily with water.

52-500M .....14 oz.....**5.99**
52-501M .....1/2 gal.....**13.50**

PERMATEX® GASKET REMOVER

Removes gasket and gasket residue from any type of metal housing. Also removes chemical form-in-place gaskets. Penetrates and cleans intricate shapes. Will not run, even on vertical surfaces. Eliminates excessive scraping and potential damage to flanged surfaces. Saves time and labour.

52-778R .....340g.....**8.95**

PERMATEX® WATER PUMP GASKET

Formulated specifically for water pumps. Highest water-glycol resistance available in a RTV silicone.

52-779R .....14g.....**5.25**

O'KEEFE'S WORKING HANDS HAND CREAM

Guaranteed relief for dry hands that crack and split. O'Keefe's working hands is a highly effective moisturizer for severely dry skin that frequently cracks and splits. The odourless, concentrated formula naturally hydrates the skin, adjusting the pH balance and helping to retain moisture. Creating a difference you feel within days.

52-910K.....3.4 oz.....**9.95**
52-911K.....6.8 oz.....**16.95**

PERMATEX® ELIMINATOR® II ENGINE DEGREASER

Quickly dissolves and removes grease, oil and dirt from all types of equipment. Cleans iron, steel, aluminum, magnesium and copper. Not harmful to metal, rubber, plastic, or concrete. Rinses off easily with water.

52-776R .....425g.....**11.50**

BEBBINGTON AIM DEGREASER

Biodegradable - phosphate free. Industrial strength formula easily removes oil, grease, soot, dirt, grime and black marks that may be resistant to other cleaners.

52-305R.....650 ml.....**6.95**
52-306R.....4 L.....**16.50**

PRESOFTENED BOAT WAX

Long lasting protection against fading, chaulking and oxidation •Easy to use presoftened carnuba wax formula •Deep, deep shine •For fiberglass, aluminum, chrome or painted surface •No rubbing or buffing required •Cleans, shines and protects in one step •May be applied in direct sunlight.

52-073R .....14 oz.....**21.95**

RUBBING COMPOUND

For fiberglass, metal & painted surfaces. Easy to use. For hand or buffer application. Removes stains, heavy oxidation and scratches. Apply in direct sunlight. Presoftened paste formula. Does not "set up" like most rubbing compounds, so removal is quick and easy.

52-074R .....14 oz.....**16.95**

BLACK STREAK REMOVER

Instantly removes black streaks caused by water run off. Safe for use on fiberglass, metal and painted surfaces. Just spray on, let work and hose off. Contains no harsh acids or alkali. Cleans by patented process of celation. Can be used for 1000's of other tough jobs-bathrooms, tubs & showers.

We highly recommend this product!

52-080R.....22 oz. **15.95**

TEFLON MARINE POLISH

The ultimate protection for fiberglass •Lasts up to five times longer than regular waxes •U.V. protection, easy on, easy off •Offshore power boat race tested.

52-081R .....14 oz.....**25.95**

MARINE POLISH

Helps stop fading from UV rays •Equally good for new & older boats •No hard rubbing required •Lasts up to four times longer than other polishes.

52-082R .....16 oz.....**22.50**

RUST REMOVER

Easy to use spray formula. Requires no rubbing or scrubbing. Safe for use on fiberglass, metal and painted surfaces. Removes rust drip stains and rust deposits.

52-152R.....22 oz. **17.95**

NEW

BOAT WASH

Biodegradable. Leaves hulls, decks, chrome and fittings sparkling. Non-streaking, does not leave residue. Will not remove wax or polish. Concentrated Heavy-Duty Formula. Powerful - 3 capfuls clean a 7 m boat. Special cleaning agents remove dirt, fish blood, salt deposits, road grime, exhaust smudges, waterline stains and more. Safe for use on all marine surfaces.

52-065R .....16 oz.....**9.75**
52-066R .....1 Gal.....**47.95**

NEW

ALUMINUM CLEANER/RESTORER

Engineered to bring back unpainted aluminum surfaces that have become dull or stained. Unlike other "all surface" cleaners, this product is formulated specifically for use on aluminum and strips away grime, stains and oxidation without harming the metal.

52-606R .....64 oz.....**34.95**

CHROME & STAINLESS POLISH

Cleans and shines chrome and S.S. surfaces. Protects against pitting, discoloration, staining, rusting. Easy to use, just wipe on, wipe off formula. Resists salt water spray. Bonds to metal for long lasting protection. Leaves a dazzling shine.

52-151R .....8 oz.....**14.95**

FLAGSHIP PREMIUM MARINE WAX

Dramatically enriches color and shine of fiberglass and gel coat surfaces. Effective in removing light oxidation and dullness, restoring gloss, and adding protection from UV damage. *Use wax only after the surface has been cleaned and restored to a "like new" or "average" finish.

52-730R.....16 oz. **23.95**
52-731R.....32 oz. **35.75**

HI-TECH YELLOW WAX

Provides ultimate high gloss protection to any previously cleaned and polished paint finish. Premium yellow Carnauba wax blended with silicones, polymers and other waxes. Adds richness and depth of color

52-732R.....16 oz. **16.50**

ONE STEP CLEANER WAX

A non-abrasive formula that cleans, polishes and protects all boats and RV's in one easy step. Removes light oxidation and haze, minor scratches and swirls. Provides long-lasting protection against salt air, corrosion and the sun's ultraviolet rays.

52-734R.....16 oz. **15.95**

QUIK WAX®

Wax your boat as you dry to create a brilliant gloss and add wax protection. Use on wet or dry surface. Quickly and easily maintains gloss between periodic waxings. Suitable for use on fiberglass, painted surfaces, stainless steel, clear plastic and other non-porous surfaces (Do not use on glass windows). Use wax only after the surface has been cleaned and restored to a "like new" or "average" finish.

52-733R.....16 oz. **11.25**

ONESTEP COMPOUND

This aggressive, yet safe, one-step compound will clean and restore gloss to the gel coat surface in one step. Removes moderate-heavy oxidation, scratches, stains and tough water spots on all fiberglass and painted gel coat marine or RV surfaces. Restores color and leaves a rich gloss on the treated surface. Incredible results by hand or machine.

52-735R.....32 oz. **35.50**

MIRROR GLAZE HD OXIDATION REMOVER

Removes moderate oxidation, scratches, stains and tough water spots on all fiberglass gel coat and painted marine or RV surfaces. Restores color by effectively removing surface degradation.

52-737R.....16 oz. **14.25**

MARINE BOAT WASH

64 oz. ecomony size. Long lasting suds. Safely removes grime and dirt. Refreshing scent. Biodegradable.

52-745R.....64 oz. **12.95**

PLASTX CLEAR PLASTIC CLEANER & POLISH

This easy-to-use, rich gel formula quickly restores optical clarity to both rigid and flexible clear plastics. Removes light oxidation, chemical degradation, surface contamination, stains and light surface scratches with ease. Special highly water resistant polymers provide long lasting durable protection to keep your clear plastics clear and beautiful longer.

52-748R.....10 oz. **11.95**

FIBERGLASS RESTORATION SYSTEM

A specialized three-step system developed to restore the original look of faded or damaged fiberglass gel coat surfaces.

1. No. 49 Oxidation Remover will remove oxidation, stains, and scratches.
2. No. 45 Polish will restore brilliant gloss to the finish.
3. No. 56 Pure Wax will provide long-lasting, durable protection to the restored surface.

52-738R.....**42.95**

BOAT/RV POLISH AND GLASS ENHANCER

Restores brilliant gloss on fiberglass and painted marine or RV surfaces after cleaning. Restores valuable oils to feed and nourish the fiberglass or painted surfaces. Especially effective on dark colors. *Use polish only after the surface has been cleaned and restored to a "like new" or "average" finish.

52-739R.....16 oz. **14.25**

VINYL & RUBBER CLEANER

Cleans, revitalizes, and protects vinyl and rubber surfaces in one easy step. Screens out damaging UV rays that can dry out or crack the surface.

52-740R.....16 oz. **12.50**

INDUSTRIAL GRADE WATER HOSE

Heavy duty machined brass ends. Non-marking, soft and flexible. 300psi. Temp. rating : -26°C to +66°C

38-810K.....1/2"I.D. x 50ft.....**54.95**

MARINE BOAT SOAP

Mix with water for desired cleaning strength. Cleans grease, oil, grime, algae, fish blood, and dirt. 3M™ Marine Boat Soap, is a concentrated formula, designed to clean anything from dirty decks to soiled fabrics to degreasing engines.

52-950R.....473 ml. **19.95**
52-951R.....946 ml. **34.75**

3M™ MARINE MILDEW STAIN REMOVER

Quickly removes mildew stains on vinyl, covers, cushions and other marine surfaces.

52-186R.....500ml.....**20.95**

3M MARINE ULTRA PERFORMANCE PASTE WAX

Leaves a protective high gloss finish on marine fibreglass gelcoat, marine topside paints, painted aluminum and metal parts. The easy-on/easy-off formulation will save time and effort and leave your boat with a long lasting protection. Also protects against UV light damage.

52-326R.....9.5 oz. tub.....**46.95**

3M™ MARINE CLEANER AND WAX

Designed to remove LIGHT to MEDIUM oxidation, clean polish and protect fiberglass/gelcoat. Unique liquid formulation combines a compound with a special blend of waxes which restore shine and protect in one application.

52-062R.....473ml.....**31.25**

3M™ SUPERBUFF™ BUFFING PAD

A new 100%, double sided, wool pad with a stiffer central hub for more cutting power. This pad has untwisted yarn construction, which allows for more surface contact, while giving excellent cut and finish. Excellent for all paints and clears.

52-642R.....**61.95 ea.**

3M™ SUPERBUFF™ POLISHING PAD

Double sided, soft edge polishing pad designed for use with a polisher and glaze. Superbuff™ polishing pad is made with extremely fine fibers to produce a high gloss on paint surfaces. Pad has its own built in, lightweight support system.

52-640R.....**74.75 ea.**

3M™ SUPERBUFF™ ADAPTOR

Adaptor for the 3M™ Superbuff™ Buffing Pads (PNs 05700,05701,05703, 05704, and 05705). Works with 3M™ Perfect-It™ Backup Pad (PN 05718).

52-645R.....**18.50**

NEW

3M LIGHT CUTTING POLISH

3M's new formula stays wet longer, letting you use less and waste less product. This one-step wonder provides durable, long-lasting shine in less time. Perfect for finish maintenance on marine, RV, and industrial gelcoat surfaces.

52-956R .....473 ml. **30.75**
52-957R .....946 ml. **48.95**

NEW

3M MEDIUM CUTTING COMPOUND

One step compound and wax. Combines medium cutting power with a glossy finish and durable wax. Removes P1000 and finer scratches and protects the surface. Great for marine, RV, and industrial gelcoat surfaces. Stays wet longer so operators can use less, and see easier cleanup.

52-952R .....473 ml. **34.75**
52-953R .....946 ml. **55.75**

NEW

3M HEAVY CUTTING COMPOUND

This improved system makes restoring the beauty of your gelcoat finish faster and easier than ever, with fewer products, fewer steps, and better results. Whether your boat has heavy scratches, heavy oxidation, or light oxidation, there's a Perfect-It Gelcoat finishing product solution that not only removes the scratches and oxidation, but quickly restores the beauty and shine.

52-954R .....473 ml. **44.95**
52-955R .....946 ml. **81.85**

NEW

3M PERFECT-IT BOAT WAX

Use 3M Perfect-It Boat Wax as the final step for any gelcoat, fiberglass, wood, or metal refinishing project where a wax finish is recommended, and high-gloss results are desired. To remove heavy sanding scratches or heavy oxidation from gelcoat surfaces, use 3M Perfect-It Gelcoat Heavy Cutting Compound first (#52-954), then finish with Perfect-It Boat Wax to preserve the shine, and protect the money and time you've invested.

52-958R .....473 ml. **27.75**
52-959R .....946 ml. **49.95**

3M MARINE FIBREGLASS RESTORER & WAX

Removes HEAVY oxidation, chalking, fading, minor scratches, rust and exhaust stains. Provide protection on fibreglass/gelcoat and marine topside paints.

52-184R .....16 fl. oz. liquid.....**33.50**

3M MARINE PROTECTIVE LIQUID WAX

Designed to provide high gloss and protect fibreglass /gelcoat, marine topside paints, painted aluminum and marine metal parts. Easy on/exceptionally easy off formula which also protects against UV light damage.

52-185R .....16 fl. oz. liquid.....**32.50**

3M MARINE ALUMINUM RESTORER & POLISH

Designed to remove oxidation growth and stains and restore a lustrous appearance to bare aluminum. Use sparingly. Also removes heavy oxidation and restores shine to most painted aluminum surfaces.

52-187R..... 18 oz. paste **45.50**

O'KEEFE'S WORKING HANDS HAND CREAM

Guaranteed relief for dry hands that crack and split. O'Keefe's working hands is a highly effective moisturizer for severely dry skin that frequently cracks and splits. NO DAMP DEHUMIDIFIER

Dries air to level where mildew cannot grow and stops odors. Unique inner basket design increases efficiency and life of unit.
12 oz. container treats 900 cu. ft. area

52-600R.....12oz **11.50**
52-601R.....36oz **19.95**
52-602R .....Dehumidifier refills **4.50**

NO DAMP HANGING DEHUMIDIFIER

Protects your boat and home keeping air fresh and clean. Eliminates mildew odors and other musty odors. Helps prevent damage and stains caused by excess airborne moisture.

52-603R.....**10.95**

BILGE CLEANERS

Star brite Heavy-duty
Biodegradable. Work-free, just pour in, run your boat and drain. Dissolves & eliminates oil, grease, gasoline, scum and sludge. Protects against vapor explosions.

52-077R.....Qt.....**16.95**
52-078R .....Gal. **42.95**

MILDEW STAIN REMOVER

Removes mildew stains on contact. Easy to use. Simply spray on application. Use on vinyl covers, headliners, cushions, etc. Works like magic. Out performs all other stain removers.

52-150R.....20 oz. **16.50**

SAIL & CANVAS CLEANER

Biodegradable. Cleans & brightens both whites & colors. Concentrated formula. Safe & easy to use. Removes dirt, grease & mildew stains. Great for boat covers, bimini tops and sails. Does not weaken fabric or threads.

52-085R.....16 oz. **13.50**

VINYL CLEANER AND POLISH

Revolutionary new formula cleans and restores all vinyl surfaces while leaving a polymer coating which provides UV protection and a long lasting shine.

52-092R.....16 oz.....**20.50**

RUBBER BOAT & FENDER CLEANER

Great for cleaning buoys, fenders and inflatable boats. No hard rubbing-just wipe off. Leaves a protective coating against sun rays.

52-083R.....16 oz. **21.95**

BOAT COVER CLEANER

Special formula removes dirt, stains and light mildew stains from boat covers, bimini tops, sail covers, tarps and t-tops.

52-095R.....32 oz.....**18.95**

COLOR RESTORER

Brings back original color and luster •Removes heavy oxidation, chaulking and fading •Seals surface to protect against future fading and weathering •Easy to use •Will not scratch or harm gelcoat •Excellent for all dark colored boats.

52-075R .....16 oz.....**21.95**

PLASTIC SCRATCH REMOVER

The fast and easy way to restore the shine and luster to plastic on the boat, the car and around the home. Removes scratches from eisenglass enclosures, plexiglass windscreens, lexan surfaces, spotlight lenses, navigation lights on the boat, as well as acrylic, polycarbonate and most other plastic surfaces in the home and on your car.

52-079R.....8oz **14.50**

WATERPROOFING

This is a great product that has many uses. Prevents rotting & stops mildew. For boat covers, bimini tops, sail covers, clothing and tents. Does not change color or feel of fabric. Simply spray on application. Allows fabrics to "breathe".

52-084R.....22 oz. **29.50**

NON-SKID DECK CLEANER

•Cleans away ground-in dirt and stains.
•Safe to use, contains no harsh chemicals.
•No hard scrubbing or rubbing.
•Will not remove wax or polish.
•A very effective, all-surface cleaner for fiberglass, vinyl, plastic, metal and painted surfaces.
•PTEF polymers provide a barrier against future stains, making clean up a breeze.

52-071R.....650 ml **14.95**
52-072R.....950 ml **17.50**

RAIN X ORIGINAL

Dramatically improves wet weather driving visibility. Repels rain, sleet, and snow.

MERCER'S HULL CLEANERS

Great value in an economical product that works. Used by many commercial and government vessels. Look at the Price!

52-307R.....1 Litre. **7.55**
52-308R.....4 Litres.....**19.50**

PERMATEX® MEDIUM STRENGTH THREADLOCKER (BLUE)

All-purpose, medium strength threadlocker. Ideal for all nut and bolt applications 1/4" to 3/4" (6mm to 20mm). Eliminates need for stocking expensive lock nuts and lock washers. Locks and seals while preventing parts loosening due to vibration. Protects threads from corrosion. Removable with hand tools for easy disassembly.

52-760R .....6ml.....**10.50**
52-761R .....10g.....**17.95**

PERMATEX® HIGH TEMP THREAD SEALANT

Locks and seals threaded fittings. Resists leakage, vibration loosening, moisture, hydraulic fluids and diesel fuels. Lubricates threads for easy assembly and disassembly. Won't shred or wear like Teflon® tape. Parts may be repositioned up to 4 hours after application. Temperature range from -65°F to 400°F (-54°C to 204°C).

52-768R .....50ml.....**20.95**

PERMATEX® THREAD SEALANT

Economical white general purpose thread sealant. Outperforms tapes and pipe dopes. Resists pressure in air, oil, diesel fuel and hydraulic systems. Resists common auto and shop fluids, fuels and gases. Remains pliable in service and is easily removed with hand tools.

52-766R .....118ml.....**12.95**

PERMATEX® HIGH TEMPERATURE THREADLOCKER (RED)

High temperature/high strength threadlocker for heavy-duty applications. Prevents bolts and press fits 3/8" to 1" (10mm to 25mm) from loosening due to shock, severe vibration and heat stress. Exclusive formulation for newer engines and high performance applications that require extreme temperature resistance. Suited for temperatures up to 450°F (232°C). Removable with heat and hand tools.

52-764R .....10ml.....**13.95**

PERMATEX® STRIPPED THREAD REPAIR KIT

Makes reliable thread repairs without drills, taps, tools or inserts. Restores worn, stripped or damaged threads and eliminates future corrosion, galling, seizing and rust.

52-770R.....**20.95**

PERMATEX® SILVER GRADE ANTI-SEIZE

A highly refined blend of aluminum, copper and graphite. Use for easy assembly and disassembly of metal parts. Prevents galling during assembly. Enables easier disassembly of parts exposed to high temperatures. Prevents rusting, cold welding and galvanic corrosion between assembled parts. Resists most chemical and acid solutions like road salt and salt water.

52-773R .....113g.....**12.95**

PERMATEX® COPPER ANTI-SEIZE LUBRICANT

A premium quality copper anti-seize and thread lubricant that may be used to prevent seizing, corrosion and galling where high temperature conditions exist. Temperature range -30°F to 1800°F (-34°C to 982°C). Provides good electrical conductivity.

52-774R .....227g.....**18.95**

FREEZE-FIX FIBREGLASS TAPE

A strong, permanent repair. An alternative to soldering, welding and cementing. Works on wet, dry, clean or dirty corroded pipes – even underwater! Good for water, gas, fuel and hydraulics. Water activated.

52-003M .....2" x 60" kit.....**18.95**

CAULKING GUN

Smooth rod action. Double friction plate. Extra long trigger leverage. Requires trigger release to stop caulk flow. Takes a standard 9" cartridge.

52-172M **8.49**

MARINE FORMULA SEALANT REMOVER

Marine Formula™ is a specially formulated, patented mixture that cleans and removes adhesives and sealants used on and inside the boat. Use to clean-up and remove common marine adhesives and sealants such as cured 3M™ 5200 and other polyurethane adhesives, caulks and sealants, black rub marks, most graffiti and overspray, adhesive residue, adhesive film from duct and masking tape. Will not harm: Gelcoat, Clear Coat, PlexiGlass, AwlGrip® or Imron®

52-067P.....**33.95**

5200 FAST CURE ADHESIVE/SEALANT

OUR BEST SELLING 3M PRODUCT! A faster curing version of world famous 5200 below. Tack free in 1 hr. Full cure in 24 hrs. Seal is extremely strong and flexible. For above and below waterline.

52-251P.....White, 10 oz. Cart (295 ml) **24.95**
52-900P.....White, 3 oz. Tube (89 ml)..... **17.95**

5200 MARINE ADHESIVE/SEALANT

Highest quality polyurethane sealant. For above or below waterline. Bonds to wood, fiberglass, aluminum and plastic. Tack free in 48 hrs. Cures in 5 to 7 days. Stays flexible without shrinkage.

52-089P.....White, 10 oz. Cart **27.50**
52-099P.....Mahogany, 10 oz Cart **26.50**
52-453P.....Black, 10 oz. Cart **28.95**

MARINE SILICONE SEALANT

Adheres to metal, fiberglass, plastic, abraded rubber and glass. Remains flexible in harsh marine environments.

52-450P.....Clear, 10.3oz. Cart. (295 ml).....**34.95**
52-451P.....White, 10.3oz. Cart. (295 ml) **34.95**
52-902P.....White, 3 oz Tube (89 ml).....**14.95**
52-903P.....Clear, 3 oz Tube (89 ml). **14.95**

4200 FAST CURE ADHESIVE SEALANT

A one-part general all-purpose polyurethane that chemically reacts with moisture to deliver flexible bonds with good adhesion to wood, fiberglass, gelcoat, plastics and metals. Paintable and sandable. Forms watertight, weather-resistant seals on joints and boat hardware above or below the waterline. Good for use in places where products may have to be removed, such as windows, etc.

52-291P.....White, 10 oz Cart.(295 ml) **26.50**
52-901P.....White, 3 oz Tube (89 ml).....**15.50**
52-452P.....Black, 10 oz Cart. (295 ml).....**26.50**

920 FAST SET URETHANE MARINE SEALANT

One of the best marine sealants available. Tack free in 100 minutes. Temp. range -40F to 180F. Flexible. Good above and below waterline. Moisture cure. Bonds most boat building materials. 300 PSI tensile strength.

52-197P.....White, 10.3oz. Cart.....**12.95**
52-198P.....Black, 10.3oz. Cart. **12.95**

1100 FAST SET URETHANE MARINE SEALANT

An industrial quality sealant which dries tack free in 100 minutes. Temp range -40F to 180F. Exceptional strength (300 PSI). Bonds to wide range of materials. Time proven quality.

52-200P.....White, 10.3oz. Cart **12.95**

MARINE-TEX REPAIR KITS

"Marine-Tex" licks the toughest repair problems for leaky hulls to cracked water jackets. Forms tenacious bond to fiberglass, metal, glass, many plastics, hard and soft woods, plywood and porcelain. Cures to high strength repair; compressive strength in excess of 8,000 psi.Nonmagnetic, Non Corrosive,Non Rusting, Waterproof. Impervious to diesel fuel and many common acids, alkalies, solvents and chemicals. Marine-Tex is "WHITE". Great for repairing fiberglass boats.

52-032K.....2 oz kit **25.95**
52-033K.....14.6 oz kit.....**72.95**

EPOXY PUTTY STICK

Emergency repair putty. Easy to use, just hand knead until color turns white and apply to damaged area. Product cures under water as well.

52-280R....**Fiberglass,wood,metal & plastic**.....**25.95**
52-279R.....**Aluminum Boat**.....**25.95**

INTERLUX FAIRING COMPOUND

Watertite is a two part, easy to use epoxy compound for filling holes and repairing scratches in gelcoat and fiberglass above and below the waterline. It has a long easy-to-sand window and can be applied to a thickness of 3/4" without sagging. Its superior spreadability makes it an ideal glazing compound for filling small nicks and scratches.

54-568P.....500ml.....**44.95**

J.B. WELD "KWIK" ADHEASIVE

KWIK fixes things pronto, including emergency repairs on autos, mechanical parts on marine and agricultural equipment. KWIK is also great for plumbing.

Easy to use. Bonds in 4 Minutes. Cures in 4 Hours.

52-661R .....#8276 .....**7.95**

J.B. WELD "KWIKWOOD" EPOXY PUTTY

Repair and rebuild anything made of wood. Paintable in 1 hour. Does not shrink or crack. Sets in 15-25 minutes. Easy to sand, drill and tap.

Repair and Rebuild: Dry rot & knotholes ,Window & Door Frames, Screw holes, Insect Damage, Furniture & Carvings,Handles & Knobs.

52-664R .....#8257 .....**9.95**

J.B. WELD "MARINEWELD"

Formulated like our industrial-strength J-B WELD cold-weld, MARINE WELD cures as strong as steel, and is water- and weather-proof. It's impervious to saltwater, chemicals, oil, acids, and other corrosive materials, and tolerates extreme temperature fluctuations. *Every boat afloat should carry MARINE WELD for quick and permanent repairs from surf board nicks to hull repairs.*

52-667R .....#8272 .....**8.50**

J.B. WELD "WATERWELD" EPOXY PUTTY

Repair & Seal in underwater and wet conditions. Specially formulated epoxy stick. Sets in 15-25 minutes.

Repair: Fiberglass, PVC Plastic, Copper, Iron, Aluminum.

52-662R .....#8277 .....**9.95**

J.B. WELD "KWIKSTEEL" EPOXY PUTTY

Repair and rebuild anything made of metal.

Adheres to: Stainless Steel, Aluminum, Iron, Copper, Brass, Bronze.

Repairs: Machine Parts, Rust Damage, Leaking Pipes

52-665R .....#8267 .....**8.50**

J.B. WELD "INDUSTROWELD"

INDUSTRO WELD is J-B WELD in an economical shop-size package containing two 5-oz. tubes. Professionals in many industries use it to fix, bond, or fill -- in the shop, factory, or field. INDUSTRO WELD makes strong, permanent repairs when hot welding isn't possible or practical.

52-668R .....#8280 .....**22.95**

J.B. WELD "STIK" ADHESIVE

A steel-reinforced adhesive sealant. Works on wet or dry surfaces. Easy to use and cures under water.

Repairs: Steel, Aluminum, Copper, Wood, Fiberglass, Ceramic, PVC ,Concrete

52-663R .....#8267 .....**8.50**

J.B. WELD MINI EPOXY SYRINGE

Clear epoxy syringe. Sets in minutes.

cures in 2-3 hours.

Adheres to: Wood, Metal, Tile, Ceramics, Jewelry, Glass

52-666R .....#8212 .....**4.95**

RAPIDFIX ADHESIVE

Dual adhesive system. Bonds in seconds. Bonds plastics, metal and rubber. Fills cracks,gaps, and holes. Instantly drilled, sanded and painted.

52-004M.....10ml Pack.....**22.95**
52-005M.....25ml Pack.....**36.95**

GORILLA GLUE

Original Gorilla Glue built a name for itself with its incredible, industrial holding power and versatility. Water activated, it expands into materials to form an incredibly strong bond to virtually anything. Gorilla Glue is your solution for almost any project or repair. It's 100% waterproof, safe for indoor and outdoor use.Sand it, paint it, stain it.

•Clamp Time: 1-2 Hours •Open Time: 10-15 Minutes •Dry Time: 80% in 1-2 Hours •Dry Color: Light Tan •Full Cure: 24 Hours

52-888K.....3g Minis (pk of 4) **6.95**
52-889K.....2 oz (59 ml).....**6.95**
52-890K.....4 oz (118 ml).....**10.95**
52-891K.....8 oz (236 ml).....**18.95**

GORILLA WOOD GLUE

A PVA glue, offers the benefits of an easy-to use, water-based adhesive, with the holding power Gorilla is known for. The glue is incredibly water resistant and dries a natural color that offers an invisible bond line for your projects.

•Clamp Time: 20-30 Minutes •Open Time: 5-10 Minutes •Dry Time: 80% in 1-2 Hours •Dry Color: Natural Wood Color •Full Cure: 24 Hours

52-897K.....4 oz (118 ml).....**3.95**
52-898K.....8 oz (236 ml).....**4.50**
52-899K.....18 oz (532 ml).....**6.50**

GORILLA TAPE WHITE

Triple-layer strength and outstanding versatility. It's perfect for indoor and outdoor use. Superior UV resistance and ability to grip to rough, uneven, unforgiving surfaces like wood, stone, stucco, plaster, brick and more.

52-883K.....1.88 in. x 30 yds.....**12.50**

GORILLA SUPER GLUE

Its high strength and quick set time make this glue the go-to for many household projects. Developed for long-lasting repairs in an instant, it dries in 10–30 seconds and is reinforced with rubber for increased impact resistance. It stands up to wear and tear unlike any other instant glue. Also has a anti-clog cap with a metal pin to ensure an airtight seal for maximum reusability.

•Clamp Time: 10-30 Seconds •Open Time: Not Repositionable •Dry Time: Light handling after 1 - 5 min •Dry Color: Translucent •Full Cure: 24 Hours

52-894K.....0.22 oz Tube (3 Tubes per pk.).....**5.95**
52-895K.....0.71 oz **7.50**

GORILLA EPOXY

Superior solvent and water resistance, Gorilla Epoxy is incredibly strong and durable for household and automotive repairs alike. The easy-to-use syringe keeps the resin and hardener separate, so it is easy to dispense and won't harden over time. The two-part, gap-filling formula easily bonds steel, aluminum, wood, ceramic, tile and most plastics. Dries in a crystal-clear finish.

•Clamp Time: 30 Minutes •Open Time: 5 Minutes •Dry Time: 24 Hours •Dry Color: Clear •Full Cure: 24 Hours

52-896K.....0.85 oz (25 ml) **5.95**

GORILLA TAPE CAMO

Mossy Oak® Break-Up® Infinity™ pattern. Ideal for applications in the field including duck blinds, tree stands, tent repairs and more! All of the same attributes that make Gorilla Tape a must-have product around the house, make Gorilla Tape Camo a "must have"product in the field. No other camo duct tape offers the pattern clarity, depth, and matte surface finish like this tape.

52-887K.....1.88 in. x 9 yds.....**7.95**

GORILLA GLUE WHITE

The same serious strength you expect from Original Gorilla Glue, in a dries white, faster formula. Whether indoors or out, White Gorilla Glue is 100% waterproof, resistant to extreme heat and cold, and easily bonds foam, wood, metal, ceramic, stone and much more!

•Clamp Time: 30-60 Minutes •Open Time: 5-10 Minutes •Dry Time: 80% in 1-2 Hours •Dry Color: Soft White •Full Cure: 24 Hours

52-892K.....0.75 oz **5.95**
52-893K.....2 oz.....**7.50**

GORILLA TAPE

Gorilla Tape has taken duct tape to a new level. Gorilla Tape's toughness surpasses ordinary tapes, making the list of uses virtually endless. Made with double thick adhesive, strong reinforced backing, and a tough all-weather shell, it's the biggest, strongest, toughest thing ever to happen to tape. It sticks to rough and uneven surfaces, including wood, stone, stucco and brick, that ordinary tapes can't hold.

52-881K.....1 in. x 30 ft **3.75**
52-884K.....1.88 in. x 12 yds.....**6.75**
52-885K.....1.88 in. x 35 yds.....**12.95**
52-886K.....2.88 in. x 30 yds.....**19.95**

GORILLA CLEAR REPAIR

No other tape offers the clarity, strength and durability of Gorilla Clear Repair! The ideal solution for almost any repair, Gorilla Clear Repair features the strength of Gorilla Tape in a weatherproof, airtight, crystal-clear tape. Easy to tear by hand. You can fix, patch, seal, hold and protect almost any surface with a crystal-clear appearance for a perfect fix every time.

52-882K.....1.88 in. x 27 ft.....**8.95**

COMET PISTOL FLARE LAUNCHER KIT

COMET 12-Gauge Flare Gun Kit for use on non-CSI inspected vessels. Kit includes Pistol, 6 Twin Star Cartridges.Each flare is ejected to a height of 61m and burns for 5.5 seconds at 10,000 candela. The COMET 12-Gauge Flare Gun Kit is Transport Canada Approved.

50-118P .....Flare Gun Kit with Hard Case.....**121.95**
50-119P.....Flare Gun Kit Carded, No Case **99.95**
50-121P .....replacement twin star meteors .**10.50** ea.
50-122P .....Carry Case.....**27.95**

FLARE STORAGE CONTAINER

Watertight and rugged, great for storing your flares or anything else that needs to be kept dry. Measures 16" high x 8" diameter.

50-111P .....CM1280.....**62.95**

BOATERS DRY BOXES

Great for carrying flares, tools, First Aid supplies, etc. Constructed of tough, water and rust resistant plastic. This box features a sealed, lockable cover and comes with convenient carry handle. Stackable. Supplied in international orange color. A must for every boater.

Small Dry Box
46-512R.....OD:**15"L x 7 3/4"W x 6 1/2"H**..... **31.95**
Large Dry Box

SKY-LITE DISTRESS SIGNALS

COMET Sky-Lite 2-Star Aerial Flare, Type B, Leisure
Burning Time: 4 seconds
Altitude: 90m Light Intensity: 5,000 cd
Transport Canada Approved

50-114P .....**17.95/ea.**

HANDHELD FLARE - TYPE C

Easy and safe handling in a compact size. Comfortable grip, telescopic design with pull-wire ignitor. For use in day or night. Releases a red flame for 60 seconds. SOLAS approved.

50-008P.....each **17.50**

PARACHUTE SIGNAL ROCKET - TYPE A

Easy and safe handling in a compact size. Secured handling due to non-slip grip, low recoil. For use in day or night. Releases one red star of 40 seconds burning time and 30,000 candela. SOLAS approved.

50-009P.....each **42.95**

SMOKE SIGNAL

Signal for position marking during rescue operations or as an emergency signal for daylight use. Dense orange smoke that will last for 4 minutes. Safe on oil or fuel contaminated water. SOLAS approved.

50-052P.....**46.95**

SOLAS REFLECTIVE TAPE

A quality "Peel and stick" reflective tape which meets the SOLAS requirements. U.S. Coast Guard and IMO certified.

56-045R .....2" Wide.....**2.19** /Ft.
56-046R.....150 Ft. Roll **265.00**

SPORT PRO EPIRB

The SPORTPRO+ is designed to operate with the COSPAS-SARSAT international search and rescue system. The unit can be activated automatically by immersion in water, or manually by following the activation instructions printed on the unit.

Key Features:

- •Internationally Approved
- •Transmits on 406 and 121.5 MHz
- •Non hazardous battery for safe and easy transportation
- •Stow safe carry bracket available for safe transportation
- •High brightness LED flashing locator light
- •72 comprehensive diagnostic and selftests during battery life
- •Once activated, will transmit for a minimum of 48 hours
- •6 year battery life

Sport Pro Epirb
50-072J **850.00**

Sport Pro Plus Epirb with GPS
Same features as above Epirb, plus, a built in GPS receiver ensures that an accurate position of a casualty is relayed to the rescue services. This can in turn improve the speed of recovery by updating the position of the beacon at regular intervals.
50-073J **945.00**

HYDROSTATIC RELEASE FOR LIFERAFT

50-100K.....**89.95**

For 3M Safety Walk see page 335

LIFEBUOY LIGHT

Good value. Transport Canada approved. Supplied with bracket. Takes 5 D-cell batteries, not included.

50-067P.....**80.95**
50-006P.....Replacement bulb **9.95**
50-094P.....Replacement Dome.....**8.95**
50-069P.....Replacement Holder **12.95**

COMET L-170 LIFE BUOY LIGHT

This extremely compact light uses a **5-year lithium battery** for "fit & forget" application. It is automatically activated after release. The unit is deposable after the 5 year life span.

50-066P.....**51.95**

WATER ACTIVATED LED STROBE LIGHT

Activates immediatly in water. Waterproof octagonal design far exceeds USCG requirements for light output and duration. Shatterproof, fungas-resistant globe and body. Automatic and manual mode. Use with lithium or alkaline batteries(Not included)

50-092P.....**45.95**

LIFEBUOY SAFETY ROPE

Floating, braided 5/16" polypropylene rope, yellow with red tracer. Used on lifebuoys. Commercial regulations require 27 meters (89 ft.) per lifebuoy.

66-534R.....**0.29 per ft.**

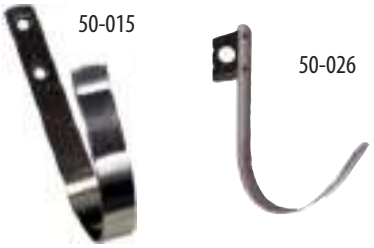

LIFEBUOYS

Polyethylene outer shell with closed circular foam core. Transport Canada and S.O.L.A.S. approvals as indicated. (See below for life ring safety rope)

30" Dia. - Commercial Vessels. Orange
50-000P.....Retro - Reflective Tape.....**91.00**

24" Dia. - Pleasure Boats up to 12 m. Orange
50-001P.....**88.00**

24" Dia. - Pleasure Boats up to 12 m. White
50-059P.....**88.00**

STAINLESS STEEL LIFEBUOY HOLDERS

Fits all Life Buoys above. For proper installation 3 holders are required.

50-015R.....**3.99 ea.**
50-026R.....Fits 7/8" and 1" Railing .....**6.95 ea.**

WATER RESCUE THROW RING

50 ft braided rope. Lightweight and floats; easy to use. Textured grip. Brightly coloured for day or night visibility. Quick-release plug prevents rope from deploying inadvertently. Superior alternative to fabric throw bag. Clearly visible, easy to grasp and throw.
13 1/4" Diameter.

50-242R.....**36.95**

NORTH 49 HEAVING LINE

Hi-visability throw bag with 50 feet of floating line. Complies with Canadian Coast Guard equipment requirements.

50-016P.....**17.50**

MARCART HEAVING LINE

Floating line in a bag. Complete with "float weight" for greater throwing range. Meets Canadian Coast Guard safety requirements.

50-062P.....50 ft **84.95**
50-063P.....75 ft **104.95**

CYLINDRICAL RADAR REFLECTORS

Model 25587

Model S-2
Eye hooks on both ends for rigging mount.
66-575K.....Black.....**72.95**

Model M-3
Fixed base mount. 4" dia. x 15"L.
66-574K.....Black.....**131.50**

BOAT ESSENTIALS KIT

Basic waterproof kit designed to help bring your Boat, Canoe or Kayak up to regulations. Container also acts as bailer bucket.

Compact Kit includes: waterproof Fox 40 Marine Incandescent Flashlight, Fox 40 Pearl Pealess Safety Whistle, 50 ft (15 m) braided Rope & Float.

50-230R.....**11.95**

CLASSIC BOAT SAFETY KIT

Housed in an ergonomic and aesthetically pleasing bailer, the kit includes all minimum safety requirements for your personal watercraft - no need to buy everything separately! Innovative design makes bailer easy to grab in an emergency. Storage-friendly!

Kit includes: waterproof Fox 40 Marine LED Flashlight, Fox 40 Pealess Safety Whistle, 50 ft (15 m) woven polypropylene Fox 40 Marine Rope & Float, Bailer capped with mirrored SOS lid, 2 AA Duracell batteries.

50-231R.....**27.95**

DELUXE BOATING KIT

Kit fits in black snap-lid case. Case dimensions: 15.5" wide x 7.0" high x 9.5" deep.

Deluxe Kit includes: Waterproof Fox 40 Marine Incandescent Flashlight, Fox 40 Pearl Pealess Safety Whistle, 50 ft (15 m) Braided Rope & Float, Fox 40 2.0 lb 1A5BC Fire Extinguisher, 1.5 Kg Anchor, 50 ft (15 m) Anchor Line with Carabiner Clip.

50-232R.....**79.00**

WATER SAFETY THROW

Aerodynamic shell sails through windy conditions while traditional fabric bags tend to get caught up in the wind. The integrated handle is clearly visible and easy to grasp. A quick-release plug prevents the rope from deploying inadvertently. The 50 ft (15 m) premium polypropylene braided floating rope has 900 lb breaking strength. Unique knit rope provides a degree of stretch while also providing ultimate strength.

50-233R.....**25.95**

MARINE "LED" FLASHLIGHT

Waterproof floating flashlight with three LED blubs. Shock-resistant casing and non-slip grip. Bright color. Bulbs project 8-12 lumens beam strength with 50,000 hours lifetime LED. **Two AA batteries included.**

50-234R.....**9.50**

CLASSIC SAFETY WHISTLE WITH LANYARD

The harder you blow, the louder the sound! Reliable, flawless consistent and penetrating sound. It will be heard above ambient noise, the roar of engines, breaking waves and thundering gale-force winds. The chambers are designed to self-clear when submerged in water. There are no moving parts to freeze, jam or deteriorate.

50-237R.....**6.50**

SONIK BLAST CMG MARINE WHISTLE

A must for emergency protection, onsite disaster management and search & rescue! Flawless patented pealess whistle emits distinct louder pitch without a lot of effort. Cushioned Mouth Grip provides additional comfort and is perfect for reliably holding the whistle in the mouth in wet conditions.

50-238R.....**7.95**

FLOATING NECK LANYARD AND FOX 40 MICRO WHISTLE

Our extremely functional and comfortable Floating Neck Lanyard uses flexible tubing to provide float protection. Blue Fox 40 Marine Safety imprinted lanyard includes 2 black crimp-style adjustable sliders. Includes Fox 40 Micro Pealess Whistle.

50-236R.....**8.95**

GUARDIAN LED LIGHT AND FOX 40 MICRO WHISTLE

Dual-function Guardian LED Light Features: Versatile, lightweight and extremely impact-resistant. Omni-directional light is visible up to 3 miles. Flashing mode provides 250 hrs operational light. Up to 100,000 hrs lifetime bulb. Submergeable up to 330'. Heat (+50°) and cold (-40°) tolerant

50-235R.....**15.50**

LIFEJACKET WHISTLE

S.O.L.A.S. approved. Plastic construction.

50-007R.....**1.50**

FIRE EXTINGUISHERS

Our fire extinguishers are dry chemical and approved to fight A, B, C type fires. All are rechargeable and have charge indicators. 2 1/2 and 5 lb. models come with bulkhead mount bracket. The 10 lb model is supplied with bulkhead hook.

50-027P .....2 1/2 lbs.....**66.95**
50-028P .....5 lbs.....**89.95**
50-030P.....10 lbs **124.95**

FIRE BUCKET

Metal fire bucket with round bottom.

50-019R.....**50.95**

FIRE HOSES AND NOZZLES

Extra strength and flexibility in a proper industrial grade "Layflat" style hose for fire fighting or washdown. Polyester jacket with synthetic rubber liner. Complete with "Pyrofile" fittings.

Polyester Fire Hoses
38-177M.....1 1/2" x 25ft **86.95**
38-178M.....1 1/2" x 50ft **106.75**
Rubber Fire Hose
38-317M.....2" x 50ft **449.00**
Fire Nozzles
38-175M .....3/4" Nozzle(Plastic).....**24.95**
38-176M .....1" Nozzle(Plastic) **24.95**

38-318M.....2" Nozzle(Plastic) **119.95**

SAFE-T-ALERT

SA-1XL PROPANE / GAS DETECTOR

This unit will alert you to the presence of a propane or gasoline leak. Audible and visual alarm will occur at 20% or less of the lower explosive limit. Comes complete with remote sensor and 20ft. of cable. 31/4"L x 2 3/4"W x 3/4"H. Surface mount. 12V.

50-087P.....**149.95**
50-088P.....Repl. Sensor **24.95**

SAFE-T-ALERT

CARBON MONOXIDE ALARM

First CO alarm listed to new UL marine 2034 standard for installation on boats. Memory scan retains CO level that activates the alarm. After ventilation, it is impossible to know what the CO level was, unless your detector has memory. Tested for salt water spray, humidity and extreme temperatures. Surface mount. 12V.

50-057P .....5.5" x 3" x 1.3" **109.95**

M-1 GASOLINE FUME DETECTOR

An ideal single channel gasoline fume detector, the M-1 features high-tech styling, compact 2" dia. size, circuitry Test and alarm horn mute functions. The power on indicator lamp automatically increases in brightness during daylight and softens at night. The 85dB alarm will sound when 18%to 20% LEL gasoline fumes are detected. This unit will also detect high concentrations of battery hydrogen or engine exhaust.

50-053P.....**275.00**

S-2A PROPANE / CNG DETECTOR

The S-2A propane system will alert you to the danger of propane and compressed natural gas with both audible and visual alarms. You may install 2 sensors with this unit. The S-2A allows a connection for a remote alarm and has an internal relay for automatic control of fuel solenoid. 12V.

50-055P.....**459.00**
50-056P.....Repl. Sensor **115.00**
50-135P.....Repl. Solenoid Valve **99.00**

CO2 DETECTOR

The CMD-4MR carbon monoxide detector for single sites when generator shutdown is NOT desired. 12 VDC operation. Features a state-of-the-art sensor that is unaffected by common cleaning solvents. Lowest current draw of any Fireboy-Xintex CO Detector 16mA. UL 2034 Listed for Marine use. When 10% COHb is reached the 85dB alarm will sound.

50-136P.....**189.00**

S-1 PROPANE FUME DETECTOR

Single channel propane fume detector with a compact 2" dia. display. Includes test and mute functions. The 85 dB alarm sounds at 18% to 20% LEL and the red LED will indicate normal operating mode. 12V operation.

50-054P.....**275.00**

AQUALARM MONITORING SYSTEM

Single Engine System

Monitors all these areas: Low Oil Pressure, Fire, High Engine Temperature, High Bilge Water, Loss of Cooling Water Flow. This system is completely automatic—no switches to set—just start your engines and go. If one of the systems alarms, the loud bell or optional electronic horn alerts of trouble, and the easy-to-read lighted panel indicates which detector is activated. Even unattended boats get attention when the alarm sounds. Now with MUTE Button. Complete instructions make installation easy.

Prevent serious damage to boat and engine, insure peace of mind at all times.

28-780M .....12V (Single Engine) **379.95**

28-817M..Engine Overheat Detector 1/2" MPT **31.95**
28-818M..Low Oil Pressure Detector 1/8" MPT.....**32.95**
28-819M....Fire Detector (135db) 12/24/32V **53.75**
28-820M....Fire Detector (190db) 12/24/32V **53.75**
28-821M.....Bilge Water Detector 12/24/32V **47.50**

ENGINE OIL & TEMPERATURE MONITOR

Monitors Oil Pressure and Engine Temperature. Activates a red light and sounds a loud audible buzzer on the warning panel if the oil pressure is low or the engine temperature is high.....the panel includes a mute button.

This kit, for a single engine, includes a Low Oil Pressure Detector and an Engine Overheat Detector (1/2" MPT that installs in 1/2' FPT plugged hole in the engine). 2 5/8" H x 3 1/8" W.

28-827M .....12 VOLT.....**97.50**
28-828M .....24 VOLT.....**115.00**

WET EXHAUST OVERHEAT ALARM KIT

Detector activates the warning panel if wet exhaust exceeds 200 degrees F. Green power ON light and RED warning light. Audible buzzer built into panel. 12 Volt.

(24 &32 Volt available by special order)

28-830M .....Complete Kit (Single Engine).....**80.95**
28-831M .....Complete Kit (Twin Engines).....**129.95**
28-834M.....Overheat Clamp Detector **42.95**

HELMSMEN WATCH ALARM SYSTEM

(NO MORE NODDING OFF...)

Skippering while tired is a hazard to your crew, to other boats and to yourself. If you've ever fallen asleep at the helm before, you know it's more than just unpleasant. To keep weary skippers on their toes, Aqualarm developed the Last Watch II digital helmsman minder. It works much like an alarm clock. *Set the clock at intervals up to a maximum of 99 minutes ahead of time, and if the reset button is not pushed before the time is up, a loud buzzer will sound.* If the buzzer is not stopped after 30 seconds, a second alert is sent to a remote audible alarm. Can be flush or surface mounted. 3" H x 4 1/2" W.

28-835M .....12/24/32V **219.00**

FIRE MONITOR SYSTEM

Warning panel features Green/Power On and Red/Alarm light. Supplied with 190 degree detector. Audible buzzer built into panel. 1 3/4" H x 3" W.

28-824M .....12 Volt **92.95**
28-825M .....24 Volt **92.95**
28-826M .....32 Volt **92.95**

COOLING WATER FLOW DETECTORS

The Aqualarm Cooling Water Flow Detector was developed specifically for marine engines. Upon loss of raw water flow to your engine it immediately sets off an alarm before damage can be done to water pumps, impellers or exhaust systems. Also ideal for use on marine generators. Stocked in 3 sizes (1", 1 1/2", & 2") but available in larger sizes by special order. *This unit requires an alarm bell. See our system components on this page for 12, 24, or 32V applications.*

28-786M.....1" **106.95**
28-787M.....1 1/2" **106.95**

MUSTANG SENTINEL SERIES BOAT CREW DRY SUIT MSD634

The Sentinel™ Series boat crew dry suits are waterproof breathable constant wear boat crew dry suits designed for law enforcement and search and rescue (SAR) small boat operations. Constructed with military grade GORE-TEX® BD6.5 waterproof breathable fabric, these dry suits are ideal for crew members who don't intend to enter the water but require hypothermia protection in case of accidental immersion. Sentinel™ dry suits are in use by US Coast Guard and validated by NAVAIR, SAR Model Manager Office, Naval Special Warfare and water rescue professionals.

This standard boat crew dry suit is ideal for regular duty and provides 1050 Denier Ballistic Nylon reinforcement in high wear areas such as the knees, elbows and seat.

MUSTANG SENTINEL SERIES DRY SUIT LINER MSL600GS

Designed with a combination Polartec classic 200 fleece and Polartec Power Stretch fleece, this dry suit liner provides extra insulation protection when in cold water and also helps reduce the thermal burden out of the water. The wicking fabric and thread move excess moisture away from the body to evaporate and diffuse through the outer layers of the dry suit.

FITZWRIGHT IMMERSION SUIT

Only the finest approved materials are used in the construction of the FitzWright Model 9700 Immersion Suit. The 6.5mm closed-cell neoprene rubber is extremely flexible and resilient through a broad temperature range from -30 degrees celsius to 60 degrees celsius. Also, it is chemically treated to resist flame. Thermal protective qualities exceed the requirements of SOLAS 74/83. This rubber is inherently buoyant so even if the suit is punctured or torn, the wearer will not sink. The heavy duty precision zipper provides a watertight closure. This same zipper is used in underwater diving drysuits.

OCEAN COMMANDER IMMERSION SUIT

Transport Canada/SOLAS/MED approved immersion suit. Fluorescent yellow-green for improved visibility. Hood offers a water-tight fit; face seal gives top protection from water and wind exposure. Full length body zipper gives a water-tight seal. 5 mm neoprene removable mitts provide warmth and stow in sleeve pockets. Non-slip durable rubber soles provide traction on wet surfaces. Detachable inner buoyancy liner constructed of closed-cell AirSoft™ foam for maximum flotation and thermal insulation; liner can be un-snapped and removed for in-the-field repairs and cleaning. Inflatable head pillow supports the head at an optimum flotation angle and provides additional buoyancy. Reflective tape on shoulders and arms aids in night time detection; whistle and buddy line included. Welded nylon outer shell provides waterproofness; high performance urethane coated nylon exterior makes repairs and cleaning easier. Neoprene wrist seals allow for easy donning and a better seal. Built in safety harness. Includes ACR Hemilight Water Activated Personal Locator Light (MI5732).

10-262A .....Universal.....**P.O.R.**
10-263A.....Zipper Lubricant .....**P.O.R.**

ICE COMMANDER RESCUE SUIT PRO

Neoprene face guard reduces risk of water entry - can be folded back and over itself and out of the way. Hood design with back zipper adjustment offers a more secure fit. SOLAS reflective tape and Velcro™ patch for light attachment. Fast tab for easy attachment of accessories like a knife or strobe light. Welded nylon outer shell provides waterproofing and durability. High performance urethane-coated nylon exterior makes cleaning and repairs easier. Integral self-adjusting safety harness. Ergonomic ice awl pockets - sleeve pockets customized to attach and stow ice awls. Integrated gloves with textured palms provide abrasion resistance and superior grip. Adjustment straps on torso, legs and wrist for near custom fit. Covered heavy duty diagonal entry zipper improves rescue mobility and range of motion. Knee and elbow reinforcement and padding with 2.5 mm neoprene that offers protection and better grip on slippery surfaces. Detachable inner buoyancy liner - constructed of closed-cell AirSoft™ foam for maximum flotation and thermal insulation. Liner can be unsnapped and removed for cleaning and in-the-field repairs.

10-272A .....Universal.....**P.O.R.**
10-263A.....Zipper Lubricant .....**P.O.R.**

ICE COMMANDER RESCUE SUIT

This modular suit is completely waterproof with a water tight hood, integrated gloves, and attached boots. The flotation and insulation performance of a zip-in buoyancy liner allows users to immerse themselves for long periods of time in icy cold water and maintain mental and physical capabilities. Updated liner with zipper and velcro attachments allow easier removal for cleaning and repair. Each Ice Commander has an integrated chest harness for attachment to tether lines, ice awl pockets for storage, rubber gloves, reinforced knees and non-slip rubber soles on the attached boots. As well, each suit is 45% lighter than other rescue suits as it is made in a high visibility welded nylon shell.

10-271A .....Universal.....**P.O.R.**
10-263A.....Zipper Lubricant .....**P.O.R.**

MD5153

Built on a revolutionary 3D chassis, the Elite™ Inflatable PFD stays put at high speeds, lets you move the way you want and NEED to and provides automatic inflation powered by Hydrostatic Inflator Technology. The 3D chassis reduces drag at speed, the wide shoulder system eliminates neck fatigue, a wicking mesh liner improves all-day comfort, dual-side adjusters ease fit and an exclusive sleek inflation handle prevents snags. The bright fluorescent yellow-green inflation cell provides 28 lb buoyancy when inflated and improves visibility in a rescue scenario.

DELUXE INFLATABLE PFD WITH HIT (HYDROSTATIC ACTIVATION)

MD3153 (Automatic with Manual Back-up) & MD3154 (Automatic with Manual Back-up & Harness)

The Hydrostatic Inflator Technology offers reliable inflation in a low maintenance design that **will only automatically inflate when submerged in 4 or more inches of water and not inadvertently due to rain, spray or humidity.** Exclusive to Mustang Survival in North America and maintenance-free for 5 years or until inflated. Made for the most severe marine environments the Inflatable PFD with HIT will meet the challenges of the most demanding users. It also features the patented SecureZip closure system to ensure the PFD will stay closed during even the most rigorous activity and still opens effortlessly upon inflation. This lightweight and comfortable PFD can be worn over a T-shirt on warm days or over thicker garments in colder conditions. It is low profile and allows for maximum mobility. The neoprene Comfort Collar is soft on your neck and is part of a sleek design that is so comfortable you'll forget you're wearing a PFD. Universal sizing for adults 16 years+ weighing 80LBS+ with chest size of 30-52". Provides 35lb of buoyancy when inflated. **Twice the buoyancy of most foam PFD's.** Transport Canada Approved

Belt extender is available (model # MA7637) See page 282 for information on this product.

ANSI HIGH VISIBILITY FLOTATION COAT

Model MC1505 T3

Made with high visibility ANSI fluorescent Yellow Green fabric and ANSI reflective tape for CSA Z96-2009 and WCB compliance and water safety.

Based on the original Mustang Floater Coat, this CSA compliant High Visibility Flotation Coat is engineered to provide comfort, warmth, and durability.Most importantly, the Coat's closed-cell foam insulation will provide flotation and in-water insulation to delay the onset of hypothermia in the event of accidental water immersion. Combined with functional elements such as large front pockets and a full-length storm flap, this coat adds up to an unbeatable value. **Approval:**

GRUNDÉNS

WE ARE FISHING

GRUNDENS SHOREMAN 300 HOODED JACKET

Specifically designed and built for use in seafood processing facilities, the Shoreman series delivers maximum comfort to those who work long hours in wet environments. Double-sided phthalate-free PVC polyester construction eliminates the needs for a fabric liner, providing odor resistance and easy cleaning. Raglan cut sleeves offer ease of movement, and metal snaps last longer than plastic alternatives.

GRUNDENS SHOREMAN 500 BIB PANT

Specifically designed and built for use in seafood processing facilities, the Shoreman series delivers maximum comfort to those who work long hours in wet environments. Double-sided phthalate-free PVC polyester construction eliminates the need for a fabric liner, providing odor resistance and easy cleaning. Raglan cut sleeves offer ease of movement, and metal snaps last longer than plastic alternatives. The Shoreman bib and apron both feature Grundéns durable stretch suspender straps, to reduce fatigue on the wearer.

GRUNDENS NEPTUNE 319 JACKET

This full-zippered hooded jacket is made from medium-weight polyurethane-coated polyester fabric for the waterproof protection, comfort and easy movement active fishermen need. An athletic cut and underarm gussets deliver protection without restricting fishing action. Features like adjustable cuffs and cord-lock hem and hood adjustments keep even wind-driven rain and spray at bay. Grundéns' three-piece hood design provides full coverage without restricting visibility.

GRUNDENS CLIPPER 116 BIB PANT

A great all-around choice for professional fishermen, these medium weight PVC-coated polyester/cotton blend bibs are tailored for a trimmer, active fit and offer a higher cut for added chest protection. These bibs deliver both the 100% waterproof protection and rugged durability fishermen expect. Sturdy replaceable suspenders with quick-release clips make it easy to get Clipper bibs on and off. Designed to be reversible from front to back, for added convenience as well as extended service life.

GRUNDENS WEATHER WATCH HOODED JACKETS

This waterproof breathable jacket is tough enough for the Bering Sea, yet is comfortable and practical for everyday fishing use. Tailored from durable nylon fabric with a waterproof breathable barrier and Durable Water Resistant (DWR) finish, this hooded jacket stands up to heavy rain and spray. By allowing perspiration to escape, this jacket prevents sweatiness and overheating, even while battling big fish. To ensure performance in tough conditions, the Weather Watch jacket features fully taped seams, double storm flaps, a drop-tail adjustable hem, a full-sized adjustable hood and adjustable cuffs.

GRUNDENS BRIS 22 SLEEVES

These lightweight protective sleeves are designed for fishermen, processors and other professionals who need to keep their arms dry and clean while doing messy work. These full-length sleeves are impervious to water, slime, scales and fish oil. Elastic arm and wrist closures protect your arms and clothing against intrusion while comfortably securing the sleeves in place.

18-2156J .....One Size **22.95**

GRUNDENS BRIGG 26 SLEEVES

These heavy-duty sleeves feature neoprene cuffs to give fishing industry workers the ultimate protection against water, blood, slime and grime. To prevent intrusion at the upper arm, the Brigg 26 features an elastic opening here with an additional hook-and-loop closure. Made from heavyweight 100% impervious PVC-coated cotton material that maintains its flexibility even in frigid temperatures.

18-2157J .....One Size **49.95**

GRUNDENS DECK KNIFE

The GAGE Deck Knife features a sheath with a belt clip and a secure clamp so it can be worn in a variety of ways including fastened to the suspenders of bib pants or waders. Secure locking mechanism allows the knife and sheath to be worn upside down. Then we put the fisherman's most popular serration on a thin 440 stainless blade and gave it a bigger, easy to hold ergonomic handle to produce what we think will be the best affordable knife for the professional fisherman and avid outdoors man.

GRUNDENS DECK BOSS BOOT

High grade neoprene material inner lining. Herkules grip which provides amazing traction out on deck. Bilge insole with upper and lower deck construction. Upper Deck of Insole: Made from foam material. The heel cup locks the heel in place and is perforated for thorough water drainage. The upper deck can be removed and replaced with an aftermarket insole without changing the fit of the boot. Lower Deck of Insole: Sits on pilings, this keeps your feet out of any accumulated water in the boots, and allows for more breathability. Built in composite/plastic toe cap, not safety toe rated. Built in silicone band to go over your bibs to keep water out.

WIND. WET. COLD.

"WE HAVE DEVELOPED A THREE-LAYER SYSTEM WHICH GIVES COMFORT WHEN YOU ARE EXPOSED TO COLD, WIND, RAIN AND SNOW IN THE WORLD'S TOUGHEST WORKPLACES."

Helly Hansen invented the three-layer system™ which keeps you dry, warm and safe while you work - even when you are exposed to extreme cold, wind or rain. The base layer, insulation layer and protective layer work together to create the optimum combination of insulation, ventilation and protection against wind, wet and cold.

For generations, workmen, oil and gas workers, fishermen and others who work in the Canadian climate, have helped us to develop workwear. This has made us one of the world leaders in the field with the help of technology like HELLY TECH®, waterproof clothing that breathes, plus the internationally famous LIFA® products which keep you warm and dry even in the most difficult weather conditions.

HELLY HANSEN CSA BRANDON PARKA - 76315

Tradition meets warmth in North America. Helly Hansen Heritage has kept workers warm in North America for over 30 years. "DRYFX" MICROFIBRE COOLING T-SHIRT

Our DryFX t-shirt is made with Cool Fibre Technology, a revolutionary new yarn technology that encapsulates minerals to help the fabric achieve a COOL SURFACE TEMPERATURE. This produces an instant sense of coolness when first contacting skin, keeping you cooler during performance activities. This performance t-shirt is moisture wicking with UV protection to keep you dry and comfortable. It has targeted cooling mesh zones at armpits and back for ventilation as well as an ergonomic design for freedom of movement and flatlock seams throughout for added comfort, and DryFX t-shirts make you feel 2 degrees cooler. Fabric content: Body - 87% nylon/13% spandex; Mesh trim - 94% nylon/6% spandex.

2 LAYER WOOL HENLEY SHIRT

Our 2 layer henley features a 2 button placket and relaxed fit. The 2 layer fabric is a unique jersey knit that offers you the ultimate in warmth and comfort. The inner layer is a blend of 50% cotton and 50% polyester for absorbency and softness next to the skin. The outer layer is a blend of 50% merino wool and 50% polyester that offers you warmth and strength. The space between layers acts as an insulating layer trapping warm air from your body. The combination gives you one of the warmest garments you can put on next to your skin. This winter shirt has an anti-microbial treatment for added performance.

LADIES 2 LAYER CREW SHIRT & LEGGING

This cotton/poly long underwear is made from a 2 layer knit fabric. This 2 layer fabric offers a soft inner layer of blended cotton and polyester next to your skin. The outer layer is a blend of cotton and merino wool which helps maintain warmth and durability. An additional insulating barrier is created when air is trapped between the 2 layers. This layer makes it an ideal garment for moderate to very cold weather. The leggings feature a self covered waistband leg cuffs, and flatlock stitching throughout for comfort next to your skin. Stanfield's leggings are ideal as a warm base layer or as a casual legging teamed up with your favorite top. 50% polyester, 25% cotton, 25% merino wool.

LADIES "HEATFX" MERINO BLEND BASE LAYER

You don't need heavy layers to be warm. This microfibre base layer is made with HeatFX: warmth technology for lightweight layering. HeatFX's innovative combination of fibers provides superior warmth and comfort without bulk. This long underwear has specially engineered pockets inside the fibers to create a thermal warming effect next to your skin. HeatFX base layer features: moisture management to keep you dry, spandex for stretch comfort, and heat retention. Fabric content- 41% polyester/33% acrylic/23% Viloft viscose/3% spandex. Made in Canada.

3M HALF-MASK FACEPIECE

This Mask from 3M includes new state-of-the-art features to provide unsurpassed comfort. A soft seal design with advanced silicone material provides a softer feel on the face, while a unique head harness design adjusts easily so the user has the option of wearing the respirator in either traditional or drop-down mode. The Cool-Flow Exhalation Valve makes breathing easier, and helps reduce heat and moisture build-up in the facepiece.

54-481R.....#7502 Med **46.25**
54-482R ..... #7503 Large **46.25**

FACE MASK

This half face mask is very comfortable and extremely light weight. Cartridges & filters are simply twisted on. Select your filter or cartridges to suit your needs. NIOSH/MSHA approved.

54-129R .....#6200 Med.....**19.95**
54-149R.....#6300 Large **19.95**

FULL FACE RESPIRATOR

Soft and lightweight face piece with easy to adjust straps. No retainers or extra parts are required to attach filters, cartridges or dual air lines. NIOSH approved. Uses cartridges and filters on this page.

54-470R.....#6800 Med **229.95**
54-471R.....#6900 Large **229.95**
54-472R .....Repl. Lens cover.....**2.95**

3M COOL-FLOW RESPIRATOR

A low profile, three panel respirator that conforms to a wide range of face sizes. Cool Flow Valve reduces breathing resistance with high comfort/feel on face.

54-486R .....#9211.....**3.35** ea.

3M PARTICULATE RESPIRATOR

Certified as 95% efficient in removing solid and liquid particles. Removes nuisance level organic vapors and odors. 3M Cool Flow Exhalation Valve improves comfort and adjustable straps and face seal ring provide secure face fit.

54-488R .....#8214.....**12.75** ea.

DUST MIST RESPIRATOR

The #8210 half mask is NIOSH/MSHA approved. This mask is used for sanding fiberglass, cured paint, seam fillers.

54-134R .....#8210.....**1.49** ea

3M WELDERS RESPIRATOR FILTER

NIOSG approved for environments containing cetain oil and non-oil based particles. Nuisance level Organic Vapour relief.

54-489R .....#2097 .....**14.50**

3M RESPIRATOR CLEANING WIPES

These individually wrapped wipes are designed especially for use with 3M full and half mask respirators. The alcohol-free formula cleans the respirators without any negative effect upon the facepiece materials. Sold individually but if you need 100 they come conveniently packaged in a dispenser style box that can be wall mounted for easy access.

54-484R .....#504.....**0.75** ea.

ORGANIC VAPOR CARTRIDGE

Gives you protection against organic vapors occurring in the construction of fiberglass boats or repairs. Unit does not filter dust or mist. One pair required per mask.

54-130R .....#6001 .....**17.95** pr.

3M GAS/VAPOR CARTRIDGE

NIOSH approved against certain organic vapours, acid gases, ammonia, methylamine or formaldehyde. Use with 3M Half and Full Facepieces 6000 Series and 3M Half and Full Facepieces 7000 Series with bayonet style cartridge holders.

54-491R .....#6006 .....**19.95** pr.

3M MULTI GAS/VAPOR CARTRIDGE

NIOSH approved for protection against certain organic vapors, acid gases, ammonia, methylamine, formaldehyde and particulates. Swept-back design allows an enhanced field of view and comfort. Bayonet compatibility allows use with many 3M half and full facepiece designs.

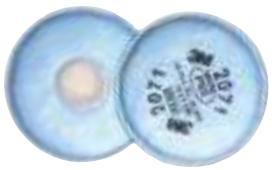

54-494R.....#60926 .....**39.95/pr.**

PRE-FILTER (FOR USE WITH VAPOR UNIT)

This unit gives you dust/mist protection when used with the #6001 vapor cartridge. You need to use a pre-filter retainer to hold the pre-filter in place. Each unit is sold separately.

54-131R .....Pre-filter #5P71 .....**3.15** ea
54-132R .....Retainer #501.....**3.35** ea

3M DUST/MIST FILTER & ACC.

This filter system gives you protection against dust & mist only when vapor protection is not needed. Units simply twist lock on to the face piece. 1 pr. required per mask.

54-133R .....#2071 .....**7.25** /pr

Interlocking Edge Regular Edge

ANTI-FATIGUE MATTING

Has an ergonomic surface that is waterproof, skidproof, dirt resistant and easy to clean. It can be swept or washed with conventional cleaning products. It is used in both industrial and commercial applications.

- It reduces fatigue caused by long hours in a standing position.
- It prevents injury and stress and can cushion a fall.
- It insulates from cold and humidity.
- It absorbs vibration from machinery and reduces noise.
- It is durable and resistant to calcium, frost and most acids.

Made from 100% recycled rubber.

Tilley Goes With Anywhere

For more in depth information visit our website at www.mercersmarine.com

Tilley Hats are more than just 'a hat'. They offer protection from the sun, rain and snow while keeping valuables safe and secure. They are document keepers, conversation starters, family heirlooms and a dashing accessory for most activities. Some customers and admiring fans have acknowledged Tilley Hats as the best-made and most practical hats of their kind worldwide! A true Canadian success story. Guaranteed for life. Insured against loss. Excellent sun protection. Repels rain. Ties on in the wind. Machine washable (won't shrink). **See page 366 for sizing chart.**

T3 COTTON DUCK HAT

Tilley "SNAP-UP BRIM" hat. Natural with green underbrim. Unisex, looks good on both men and women. The most sought-after Tilley Hat has a medium-sized brim that snaps up in the Aussie manner. Two colour combinations feature dark underbrims which help to reduce reflection from water, snow and sand.

13-10011X	7	**80.00**
13-10012X	7-1/8	**80.00**
13-10013X	7-1/4	**80.00**
13-10014X	7-3/8	**80.00**
13-10015X	7-1/2	**80.00**
13-10016X	7-5/8	**80.00**
13-10017X	7-3/4	**80.00**

LTM8 NYLAMTIUM WITH MESH HAT

Tilley "BROADER BRIM" hat. Khaki with olive underbrim. Unisex, looks good on both men and women. Tilley lighterweight Mesh Hats are ideal for outdoor enthusiasts looking to keep their cool in a broader brimmed hat. This Hat is lightweight, breathable and comfortable because the crown is made of strong, unique '3-D' polyester mesh which blocks sunlight, but allows air to pass easily. LTM8 has been engineered with a water-repellent, sun protection 3" mesh crown with a lighterweight Supplex® nylon brim.

Khaki/Olive Underbrim

13-10031X	7	**90.00**
13-10032X	7-1/8	**90.00**
13-10033X	7-1/4	**90.00**

13-10035X	7-1/2	**90.00**
13-10036X	7-5/8	**90.00**

T5 COTTON DUCK HAT

Tilley "MEDIUM BRIM" hat. Khaki with olive underbrim. Unisex, looks good on both men and women. Suitable for the roughest expedition. It features a semi-sloping brim for sun protection and a higher crown for added ventilation. An elegant and stylish design suitable for any occasion.

13-10001X	7	**85.00**
13-10002X	7-1/8	**85.00**
13-10003X	7-1/4	**85.00**

13-10006X	7-5/8	**85.00**
13-10007X	7-3/4	**85.00**

TWC7 OUTBACK HAT

The TWC7 Tilley Outback Hat, designed with a medium brim, employs a modern waxed cotton technology that can be washed, worn, packed, used and abused. The hatband and binding in traditional British Tan contrasts the rugged olive colour, resulting in a Hat with true 'bush-whacking' appeal. Over time, the waxed cotton fabric develops a leather-like appearance that weathers to the nuances and character of each Hat owner. Excellent sun protection, rated UPF 50+. Dark underbrim for glare protection. Repels rain, floats. Ties on in the wind. Machine washable, won't shrink.

T5MO ORGANIC COTTON AIRFLO® HAT

The T5MO Tilley Hat, designed with a medium brim, is made of a soft, sueded certified organic cotton with ¾" polyester mesh. The mesh helps to both ventilate warm air out and allow cooler air to flow in while the sturdy cotton fabric is rugged yet exceptionally lightweight. Excellent sun protection, rated UPF 50+. Dark underbrim for glare protection. Repels rain, floats. Ties on in the wind. Machine washable, won't shrink.

CANADA GOOSE®

The Thermal Experience Index

Canada Goose developed the Thermal Experience Index (TEI) to help you find the warmth you want for the experience you seek in each of our products. Whether you need a lightweight jacket for active pursuits or a field-tested parka for the coldest places on earth, this five-point system is designed to help you make the right selection from our expansive collections.

Please note: our Thermal Experience Index is measured in Celsius.

SNOW MANTRA PARKA

Designed to conquer anything the elements can throw at it, the hard-working Snow Mantra Parka, insulated with top quality 675-fill power white goose down features 3M™ reflective tape for easy visibility, handy D-ring glove attachment point, and shoulder straps for lifting and rescue, should an emergency occur. No one working in extreme conditions should be without this kind of protection. **For more detailed specs on the Snow Mantra Parka, visit our website at www.mercersmarine.com.**

COLD INSULATED RATING ICONS

1 INSULATED — MILD WEATHER / AGGRESSIVE RIDING GEAR

A value of 1 has no thermal insulation and is suitable for mild climates or situations where intensive perspiration occurs.

10 INSULATED — COLD WEATHER / LOW ACTIVITY RIDING GEAR

Values between 7-10 have extremely high thermal properties and are able to withstand extreme temperatures, well below -40°C/F and will keep you warm during sedentary outdoor activities.

10 INSULATED COMBO — SHELL & FIXED LINING COMBINED INSULATION RATING

If the item is a 2-in-1 or 3-in-1 (indicating it has a removable liner), both the "SHELL" and "COMBO" (combined) value of the shell and liner will be displayed.

Klim

Klimate Parka & Pant - Insulated

KLIM's entry into the GORE-TEX® insulated jacket/bib market was headlined by the Klimate Parka/Bib years ago. Since then, it's received multiple updates in fit, style and material durability. The Klimate provides a substantial 300 grams of 3M™ THINSULATE™ Insulation. Features include triple the amounts of 3M™ Scotchlite™ reflective material for maximum low-light and nighttime visibility, attractive new style lines and a new ballistic nylon overlay treatment in high-wear areas.

Head:
Measure circumfrence of head just above top of ears,and 1" above eyebrows.
Chest:
Measure under arms around the fullest part of the chest. Be sure to keep the tape level across back and comfortably loose.
Waist:
Meaure around natural waist with a loose tape.
Inseam:
Without shoes, measure the inside of leg from crotch to floor.
Hip/Seat:
Place the measureing tape around the body at the fullest part of the lower hip,feet together.
Sleeve:
With your arm fully extended,measure from the center back of neck at spine to the wrist bone.

How to Measure:
To select glove size,measure around your dominate palm at the widest part.

A NEW STANDARD OF COMFORT, SAFETY AND DURABILITY IN FOOTWEAR.

"Purofort" polyurethane boots have to be worn to be appreciated! Totally different from rubber or PVC boots, polyurethane (PU) boots provide "All Day Comfort"! Their unique microfoam polyurethane compound makes Purofort boots warmer, lighter and longer wearing (up to 3 times longer). Flexible in extreme low temperatures....Try them once and you'll see why they are Europe's favorite footwear

PUROFORT "THERMO+"

CSA grade 1 approved steel toe and midsole. Extra thick sole and uppers give this boot a -50°C rating. Like all Purofort boots, lightweight and softness make this boot a real winner! **D662843-25**

GRUNDENS DECK BOSS BOOT

High grade neoprene material inner lining. Herkules grip which provides amazing traction out on deck. Bilge insole with upper and lower deck construction. Upper Deck of Insole: Made from foam material. The heel cup locks the heel in place and is perforated for thorough water drainage. The upper deck can be removed and replaced with an aftermarket insole without changing the fit of the boot. Lower Deck of Insole: Sits on pilings, this keeps your feet out of any accumulated water in the boots, and allows for more breathability. Built in composite/plastic toe cap, not safety toe rated. Built in silicone band to go over your bibs to keep water out.

JB GOODHUE "IRONWORKER" WORKBOOT

The Ironworker is a boot that is built to last. The soles are welted on, which means they are a seamless fit with the shoe and your boot will last, compared to soles that are simply glued on. The outsoles themselves are sprayed with an oil-resistant compound to keep your feet securely grounded. Ironworker has a full-grain leather upper, to contour to your feet. To make the shoe fit your feet perfectly; the Ironworker laces start at the toe. The leather tongue also adds extra padding and will wear well over time. **Model 00800**

Blundstone Size	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11	12	13

Rule of Toe:

- For women subtract 3 sizes from your Canadian size.
- For men subtract 1 size from your Canadian size.
- For kid's subtract 1 size from your Canadian size.

It is not abnormal for there to be some initial movement in the boot, particularly in the heel area. Length is the most important element when trying them on. All Blundstone boots have reinforced toes which help keep the shape of the boot intact. The boots will never stretch in length. However, they will stretch and mold to the top of the feet, and will easily stretch in width if required. If the fit is initially tight on the top of your feet—be patient, it will stretch, or can be easily stretched by a cobbler.

All Blundstone styles aside from the Women's series, are unisex. This size conversion chart provides a simple guideline.

BLUNDSTONE ORIGINAL BOOT

This is the classic Blundstone: Lean, clean, and straightforward. Shaped like the human foot for ultimate comfort from the very first step. How did Blundstone make them so light? Easy. They left off the bells and whistles. The original is simplicity itself and goes with everything - jeans, skirts, pants and shorts. We've seen a few attempts at knock-offs but nothing steps up like the Original. **PLEASE NOTE: See Sizing chart on previous page to make sure you get your correct size. Sizes listed below are UK (Blundstone) sizing, not Canadian.**

POLAR SERIES

Baffin's Polar Proven specialized boots are rated to perform at -100°C/-148°F. It`s hard to find anywhere on the planet that truly gets that cold but there are plenty of days when it feels that way. On those days you need the comfort and warmth that our Polar Expedition Series delivers.

MEN'S IMPACT

The Baffin Impact Winter boot has been tested at both the North and South Poles, and is ready to get you through extreme elements in comfort. Rugged, lightweight, and exceedingly warm. 14" height with extendable built-in gaiter gives complete coverage, and seals out snow; 8-layer inner Baffin liner with Thermaplus provides comfort, warmth and unparalleled moisture-transfer; reflective highlights provide visibility; power buckles make for easy on-off; waterproof, and comfort-rated to -100C/-148F. **See page 515 for Replacement Liners.**

MUCK "ARCTIC PRO" CSA

Fully insulated with 8mm Neoprene. This provides the optimal warmth, comfort, and waterproofing that you expect from a Muck Boot. A fleece liner is added to keep your feet warm in down to -60 degrees. We wanted to make sure your feet were warm so we added an extra 2mm of thermal foam in the foot area. The stretch-fit topline binding is snug around the calf to keep warm air in and cold air out. The seamless construction allows for easy cleaning with the simple spray of the hose. Double reinforcement in the instep, heel and achilles area. EVA midsole cushions with every step. Height 17"

MUCK "MUCKSTER II"

One of our most versatile style, these boots have been updated with a new height and outsole pattern. The Muckster II Ankle is ideal for any chore or task where there is mud, slush or rain. Easy to slip-on and quick to kick-off, makes it a great leave-by-the-back-door boot. Best of all, they feature 4mm Neoprene and the traditional Muck Airmesh lining that allows for breathability. Slip them on and you will always feel dry and comfortable.

FABER NORTH VENTURE

This snowshoe features the SP pivoting system, built with a carbon steel rod providing full rotation with stopper, designed to avoid the snowshoe hit shine bone. It also eases backward steps and jumps over obstacles. This pivoting system is perfect for on and off-trail use. Positioned in front, with a firm suspension, this system eases every step by lifting the front of the snowshoe while the back end stays on the snow, saving energy.

20-842M.....8" x 25" Up to 150 lb..... **159.95** /Pr.
20-843M.....9" x 29" Up to 225 lb..... **179.95** /Pr.

Lodge Cast Iron

NEW

As the only full line of American-made cast iron cookware, Lodge boasts quality that has been unmatched for over a century. Even heating, a natural easy-release finish, versatility and durability are the hallmarks of our great cookware. We don't just make cast iron; we make heirlooms that bring people together for generations.

3.2 QUART CAST IRON COVERED DEEP SKILLET

With an extra inch of depth added to the traditional 10.25 inch skillet, this versatile pan by Lodge can do it all from deep frying to bread baking, and includes an iron cover for even more possibilities

70-1901K.....3.2 qt **96.25**

CAST IRON SPOON REST

3 1/2" Diameter.

70-1908K.....**10.50**

FAJITA SET

Add sizzlin' color to your fajitas with the Lodge Fajita Set. Includes oval fajita griddle, red stained 1/2 inch touted wooden underliner and chili pepper hot handle mitt. Griddle maintains food's warmth.Can be used on all stovetops, ovens and grills.

70-1906K.....6.5" **57.75**

CAST IRON MELTING POT

Like any piece of Lodge Cast Iron, our 15oz. melting pot is a great heat conductor and is used for warming butter, melting cheese, scalding milk or heating syrup—and it moves with ease from the stovetop to the grill.

70-1909K.....**30.00**

CAST IRON SKILLET

Foundry seasoned, ready to use upon purchase. Use on all cooking surfaces, grills and campfires. Oven safe. Sauté, sear, fry, bake and stir fry to heart's content.

70-1903K.....8" **29.95**
70-1904K.....10.25" **41.50**
70-1905K.....12" **60.95**

CAST IRON TRIVET/MEAT RACK

The Lodge trivet prevents scorching when used in the bottom of Dutch Ovens and Camp Dutch Ovens. 8.13" diameter.

70-1907K.....**21.25**

LODGE SEASONING SPRAY

Lodge cookware is known for lasting generations, but like any heirloom, our Cast Iron and Seasoned Steel require a little TLC to preserve that prized finish. Seasoning is an ongoing process that builds up with use and maintenance, giving you the familiar black patina that is naturally non-stick.

The origin of MASON CASH pottery goes back to the 1800's. By the 1900's the company was producing domestic kitchenware in ceramics - the best known example of this line today is their traditional mixing bowls. This has become a classic and is recognized all over the world. Mason Cash is proud to be the only company making traditional mixing bowls, from traditional materials, in the traditional way.

TRADITIONAL MIXING BOWLS

Quilting has become a very popular past-time, whether it's for profit or just a fun time with your friends. Groups get together and learn sewing tips, colour coordination, etc. from each other, while having a great laugh. We are now stocking quilting fabric and obviously can't list all of them, so please call and discuss your needs with one of the ladies in this department. Also listed below are few of the items you will need for your hobby.

"Happy Quilting".

GPSMAP® 1022xsv AND GPSMAP® 1222xsv COMBOS

Experience advanced all-in-one solutions with these keyed combos. Large, bright 10" or 12" screens coupled with quick and easy-to-use keypad interface with user-progammable keys and a multifunction control knob. Available with built-in Garmin CHIRP sonar and CHIRP ClearVü scanning sonar (transducers sold separately).

GPSMAP® 722xs AND GPSMAP® 922xs SERIES

These 7- and 9-inch touchscreen chartplotters and combos prove that advanced navigation does come in a compact package. Available with built-in Garmin CHIRP sonar and CHIRP ClearVü scanning sonar (transducers sold separately).

GMR FANTOM™ 18 / 24

The 18- and 24-inch, 40 W solid-state Garmin GMR Fantom dome radars with MotionScope™ technology use the Doppler effect to detect and highlight targets in different colors as they move toward or away from you to help you avoid potential collisions. Pulse Compression technology provides high resolution while maximizing energy to enhance detection and identification of targets. They feature low power consumption, instant turn on and no delay from warming up as with magnetron radars. Target Size setting helps differentiate real targets from noise. Dynamic Auto Gain and Sea Filter settings automatically adjust to your surroundings for optimal performance in all conditions. Dual radar support provides redundancy and ability for each display unit on the boat to select data from 1 of 2 different radar sources. MARPA setting enables simultaneous tracking of 10 targets. Excellent close- and long-range detection from 20 feet to 48 nautical miles.
